These plants will employ at least 9,000 more people—they will need homes—Arlington Park is the only available place for them. Arlington Park is on the belt car line. Another new line will pass right through it. It doesn't require much figuring to see what an opportunity is offered here for the investor or builder. Those who act quick will get the best lots. **Oil Men Investigate.**  
The oil excitement in this section since the Yough River Company began operations near Oakland has not abated, and instead the belief is now held by many that success is assured. Within the past week several oil men from other regions have been on the ground, and have been taking options and going to considerable trouble to secure them. These parties are total strangers to this section, and are much to all inquiries. Much of the territory east of the Youghiepheny river is being covered with options, and the prospect of additional wells is very good.—Oakland Journal. 6-1

## BAND REORGANIZED.

New Uniforms Ordered—Public Dances Tabooed—Frequent Open-Air Concerts.

The Salisbury Cornet Band gave a delightful open-air concert, in the Ord and Grant street square, last Saturday evening. The band has recently been reorganized, and it is the intention of the members to give frequent concerts on the streets during the entire summer. This will be greatly appreciated by the citizens of our town, and we are glad to learn that the band boys have decided to discontinue the holding of dances in order to raise funds to keep the band in existence. They will depend largely on the generosity of the citizens for the money needed to buy music and other needed equipments, for which they will give an abundance of free music in return.

The band at present consists of fourteen members, including some of the oldest and most skilled band men in the town, and a fine uniform was recently ordered.

The band has very sensibly come to the conclusion that the average public dance has a demoralizing effect on the young people of the community, owing to the booze that is freely indulged in by many of the young men who attend them.

It doesn't matter much who is at the head of the public dances held in Salisbury from time to time, it is a lamentable fact that the places where they are held are usually reeking with the fumes of whiskey, cigar and cigarette smoke, more or less profanity, etc. If this state of affairs is not found directly within the dance halls, it can readily be detected in and about the entrances, and there is but one conclusion to arrive at, viz: That the public dance as it is usually conducted is unfit for respectable people to participate in, a festering sore on the body of society, and a stepping stone that leads toward ruin and disgrace.

This is only our opinion, of course, and we do not ask you to be governed by it alone. Following we reproduce what the Michigan Christian Advocate says on dancing in general, and while we belong to no church whatever, we nevertheless agree most heartily with every line reproduced from the church paper referred to.

IS IT WRONG TO DANCE?  
Why not ask, Is it expedient to dance? Will it pay? Is it wise and safe and sane? Is it better to dance than not to dance? Consider a few facts:

1. Many of the best people in the world never danced. Dancing is, therefore, not an essential virtue.
2. No person noted for dancing has ever been noted for religious devotion. Never.
3. Many innocent-minded girls have been ruined by attending dances. None have ever been saved by dancing.
4. No person can add anything to the worth of his character by becoming expert in dancing.
5. No Christian can add to his influence, not even in the eyes of the world, by frequenting the dance.
6. It requires no extraordinary intelligence to become an adept at dancing. Flinging the heels does not develop brains.
7. Mixed dancing becomes very fascinating to its dupes, and they rarely break away from it for any exercise more wholesome.
8. It costs time and money to dance, and if these are not lost, nothing can be lost.
9. Many young men who prize the welfare of their sisters do not wish their sisters to attend balls.
10. Dancing church members are usually worth little to the church. The love of God and the love of dancing do not hitch.
11. Nearly all pious and considerate people in all denominations disapprove of the dance.
12. No young convert desires to dance, nor any one else who finds real satisfaction in the love of God.

We are glad that the band boys have decided to cut out the dance feature, and we bespeak for them liberal support on the part of the citizens, which will be necessary if a good band is to be maintained in Salisbury. A good band is well worth all it costs to keep it up, and no town should be without one.
