Digests what you eat. The famous little pills.

ARLINGTON PARK

IS IN A BUILT UP SECTION IN THE HEART OF GREATER PITTSBURG

Property in a built-up section is always more valuable than unimproved land.

On one side of Arlington Park is Wilmerding, a solidly built-up town. East McKeesport lies on the other side, and is a district of handsome homes. Arlington is on the western side and has many fine homes—even in Arlington Park many homes are in course of erection. Arlington Park has every city convenience and improvement at hand—you can buy

FULL ACRE LOTS

EQUAL TO TEN TO FIFTEEN CITY LOTS

\$800 and up \$25 secures any lot \$8 to \$20 pays for it

In a district where 25 x 100 ft. lots sell from \$1200 up.

Only 225 lots in the plan—many already sold. Quick action is necessary if you want to share this golden opportunity.

Others are making big money. You can do the same. Write for illustrated booklet—tells how to get a free trip to Pittsburg.

EASTERN CAPITALISTS INVEST.

Syndicate Formed to Buy Greater Pittsburg Real Estate.

Pittsburg, Pa., May 20th.—The sale to E. L. Ashley, of New York, of the H. H. Willock property, at 307 Market street, this city, for \$180,375, is an evidence that non-residents appreciate the value and future of Pittsburg business property, and possibly have a keener perception of its possibilities than the average Pittsburg investor. The deal was a clean-cut one, and had odd features. No agreement was drawn for the sale, nor was any hand money paid. Each party took the others word, and when the title passed examination the purchase was closed and the money paid over. When the structure is rented to its capacity, its annual earning power is about \$14,000. Mr. Ashley is said to represent a syndicate of Eastern men who are out to buy Pittsburg property. The purchases are to be either for investment or speculation, as conditions justify. The man or woman who can save a few dollars a week has an elegant opportunity to invest in Greater Pittsburg realty. Address G. M. Cypher & Company, McKeesport, Pa., and a booklet will be sent you free.

MORE NEWS FROM THE NEW ENGLAND STATES.

If one has any doubt as to the virtue of Foley's Kidney Cure, they need only refer to Mr. Alvin H. Stimpson, of Willimantic, Conn., who after almost losing hope of recovery, on account of the failure of so many remedies, finally tried Foley's Kidney Cure, which he says was "just the thing" for him, as four bottles cured him completely. He is now entirely well and free from all the suffering incident to acute kidney trouble. Sold by all Druggists. 6-1

NORTH DAKOTA LETTER.

ZION, N. D., May 15, 1907.

EDITOR STAR.—Winter is still lingering more or less in the lap of spring. Instead of rain we have an occasional light snow. Nights have been cold and freezing the ground hard, so that seeding could only be done mostly during afternoons, now and then a full or three-quarters of a day, which so far has been the exception. But this week will see the wheat practically all in the ground in the North half of the state. The South half is about two weeks ahead of us in the main, but the season varied all along in the various sections of the state. In some sections they could plow and sow the latter part of march, some the middle of April, but through here not much before the 20th. Some risk to sow wheat as late as the 20th of this month. I finished mine on the 9th, my 61st birthday.

Our grass is just beginning to creep forth, but the crocuses are in bloom, and the weather is beginning to assume a springlike appearance; but on an average our May corresponds with April in your latitude. This, however, is a late season here, and seeding is fully a month behind average years. The acreage of wheat will be correspondingly less, and that of flax, oats, barley and speltz greater. I see wheat has taken a jump above the dollar mark, and I hope it will stay up until I can get my last year's crop hauled to the elevators. But it is hard to get teams now.

Times are good in our state, work is plentiful, and wages are good, but help is scarce in some localities. School teachers get from \$45 to \$50 in country schools. Hands by the month, \$30 to \$40 per month. Much building of every kind is going on, houses and barns, granaries, elevators, depots, telephone lines and railway extensions. Yes, sir, a plenty of work, but the laborers are comparatively few. The most of the boys, of course, are on the baseball teams, and have a "softer snap," and like to loiter from town to town and wield the bat.

After our seeding is all done and the crops nicely started to grow, you will likely hear from me again.

Respectfully Yours,
M. P. LICHTY.

Cheap Farm Lands.

The government is looking for from 500 to 1,000 hardy, industrious farmers to accept farms on a rather novel plan for little or nothing. There are strong efforts being made by the government, now, to settle up the irrigable west. The call for volunteer farmers is part of this campaign. There is about 75,000 acres of land, good farming land, much of it already under ditch, and more being put there on the Ute Indian Reservation. This is the reservation from which a war party of Utes recently broke away and went on a spree through Wyoming and South Dakota. The Indians do not want the land, will not farm it, so the government is willing to rent it out to American farmers at 25 cents per year, with the privilege of buying it in fee simple when the Indians to whom it has been allotted, die off. The land is a fine altitude, 5,000 feet, with a fertile soil and even climate. All temperate zone crops do well, there is an excellent market for everything that can be raised, at a good price. It offers a rather exceptional opportunity for farmers who want to start their boys off in a fine locality at little expense. Details of the plans for apportioning the farms can be had on application, from the Commissioner of Indian Affairs, at Washington, D. C.
