Mrs. W. B. Stevanus and children, who had been visiting that lady's parents, Mr. and Mrs. S. S. Kooztz, in Braddock, Pa., for a week, returned home last Sunday. His youngest son and daughter came, but returned the same day.

The Salisbury borough school board recently hired the same corps of teachers for the coming school term that taught our schools last term. A few changes could have been made with a great deal of profit to the schools, but no other teachers than those hired had applied, and it wouldn't have made any difference if they had, for they would have been given little consideration, anyway, for reasons that are very apparent to all.

Elder Howard Keim, of Ladoga, Ind., and the editor of THE STAR, drove across Negro mountain, last Thursday, for a trout fish in Laurel run, a stream emptying into the Casselman river at Markleton. We didn't catch very many, but we nevertheless had one large enough for a roast in the wilderness, and it was very good, but not enough to founder us. Well, we had a good time, anyway, and thoroughly enjoyed a short visit at the home of Samuel Enos, the editor's cousin.

Nearly all old-fashioned Cough Syrups are constipating, especially those that contain opiates. They don't act just right. Kennedy's Laxative Cough Syrup contains no opiates. The rules of the civil Service Commission have been so amended as to prohibit all persons in the classified civil service from taking an active part in political campaigns. The amendment was made through an executive order issued by the President. This addition was made on the recommendation of the commission, and is the result of numerous complaints from various parts of the country, and especially from North Carolina. The order does not cover postmasters, marshals, and others not in the classified service.

On Monday we visited Henry Christner's menagerie and museum, at West Salisbury, and found it quite interesting. Henry has two live rattlesnakes that can make music to beat the band, and he also has two live red foxes. The rattlers were captured at the famous rattlesnake den near the headwaters of Tub Mill run. His museum consists of a four-legged chicken in a jar of alcohol, and a lot of rattlesnake fangs, which are interesting to examine under a magnifying glass. Henry's menagerie and museum are worth seeing, and the whole show is free.

Mr. and Mrs. Chas. F. Cochrane went to Philadelphia, last Thursday, where Mr. Cochrane had some business to attend to. They returned on Saturday morning. Mr. Cochrane has practically made arrangements with the Anspachs, of Philadelphia, to reopen Tub Mill mine, as there is coal enough there yet to give steady employment to 15 or 20 miners for a couple of years, at least. This is good news to miners looking for employment, and Mr. Cochrane will be able to make some money on the remaining coal in Tub Mill mine, providing he has secured the place at a low rate of royalty.

An ant, one of those big black ants, nearly caused the death of Edgar Smith, a bass fisherman, residing in Tioga county, this state, recently. At noon just as he was about to take a bite of sandwich, an ant dropped on his throat, clinging to the membrane by its mandibles. Frightened nearly out of his wits, the fisherman ran to the village. Two doctors were unable to release the ant's grip, and Smith was being slowly tickled to death, when a brilliant idea occurred to a shoemaker who was present. A waxed thread coated with honey, was worked down Smith's throat, and the ant seizing it, was pulled out.

Kodol will nourish and strengthen your digestive organs and furnish the natural digestive juices for your stomach. It will make you well. It will make your food do you good. Turn your food into good, rich blood. Kodol digests what you eat. Sold by E. H. Miller. 8-1

A Somerset news dispatch, dated June 26th, and published in the Johns-town Democrat, announces that a temporary injunction has been granted by Judge Kooser upon a petition presented by George H. Hocking, restraining Frank B. Black from selling or otherwise disposing of three tracts of land in Brothersvalley township and his interest in the Garrett Coal Company. Mr. Hocking alleges that for some time he has held an option on the property named, this option having been given by Mr. Black. It is also stated that when Mr. Hocking offered to accept the land, and presented about \$10,000 as a first payment for the same, Mr. Black refused to dispose of the land to Mr. Hocking. As set forth in the option, the value of the tracts is \$31,000.00.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys, Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Elk Lick Pharmacy. 8-1

A hobo, who occupied a high place in his chosen profession, dropped into the Baltimore and Ohio executive offices, to lay his grievance before President Murray. The president was out of town, but Mr. Aobo's credentials were such as would have secured him easy access to the president. His complaint was that the rods and cuts under the coaches are not as comfortable as they might be for the members of the fraternity who travel in that way. This hobo is something of a mystery, as but few know his real name. He is known as "A Number 1," wherever he goes. He has been to Europe seven times, to Alaska once, has visited Mexico and South America, and has made numerous transcontinental trips, beating his way all the while. He was born in San Francisco thirty-five years ago, and since he was eleven years old he has been a tramp from the pure love of it.—Hyndman Bulletin.

A Pretty June Wedding.

One of the prettiest weddings that ever took place in this locality, came off at 6 o'clock p. m., Wednesday, June 26, 1907, at the home of Mrs. Annie Kretchman, who resides about a half mile east of Salisbury.

The contracting parties were Mr. John Wagner Engle, the fourth son of Mr. and Mrs. John J. Engle, well known residents of Elk Lick township, and Miss Cora Kretchman, a daughter of Mrs. Annie Kretchman. The bride's father was Mr. Monroe Kretchman, who died some years ago.

The ceremony was performed by Rev. L. P. Young, pastor of the local Lutheran congregation, in the presence of about fifty guests. The ring service was used in making the happy couple man and wife, and while the words were being said the couple stood beneath a handsomely constructed arch, from which was suspended a wedding bell of neat and tasteful construction.

The groomsmen and bridesmaid were Mr. Harry Kretchman, brother of the bride, and Miss Melissa Lowry, eldest daughter of Mr. and Mrs. Albert B. Lowry. Both couples were faultlessly dressed, the bride being dressed in white batiste, and carried a luxuriant bouquet of white roses.

Miss Della Kretchman presided at the organ, and the bridal party entered the room amid the sweet melodies of Lohengrin's Wedding March. The room was handsomely decorated with festoons of flowers, ferns, etc., and nothing was lacking to make the affair perfect in every respect.

After the ceremony and the customary congratulations, a sumptuous supper was served. Rev. Young says it was extra sumptuous, and all who partook of it agree with him. The wedding cakes were baked in Pittsburg, and truly they were models of artistic baking.

The Salisbury Cornet Band appeared on the scene of the happy event, at the proper time, and rendered some delightful and much appreciated music. Some of the young men in the neighborhood also had their innings, and gave a serenade with tin pans, cow bells and any and every old thing that would make a noise. But all were treated handsomely, and fond recollections of the Engle-Kretchman wedding will linger long in the minds of those present.

At an early hour the next morning, the bride and groom started on their wedding tour, going to Buffalo and Niagara Falls, N. Y. After their return they will settle down in Pittsburg, where the groom has a nicely furnished

home provided for his handsome young bride, and THE STAR joins the many friends of the happy couple in wishing them a long, prosperous and happy life. They are people of good ability, and what is still better, they are the possessors of the best of character. The groom holds a very remunerative and responsible foremanship with a large contracting firm in Pittsburg, and he has a reputation for competency and reliability that is highly creditable to him.

The couple received a large assortment of very handsome, useful and valuable presents.

Too Much Dynamiting.

Dynamiting fish is being done by wholesale, up the Casselman river, and in some of the other streams in this vicinity, and the detestable and unsportsmanlike business is going on almost every night, and frequently in daytime.

The vandals doing this dastardly work should be watched up and prosecuted to the full extent of the law, as their blasting the streams kills all the fish, regardless of size, and also kills the spawn. While such outlawry continues, there is no use in restocking streams with trout and other desirable fish, and it is time to bring the dynamiters to justice. Some of them are well known, and have frequently been caught in the act, and some of them are becoming so bold in their nefarious business as to make little or no effort to conceal it. If the people of Garrett county, Md., where most of the dynamiting is done, would lay in ambush for them and fill them full of buckshot, there would be little or no sympathy felt for the miscreants, most of whom live on the Pennsylvania side of the state line.

The minimum penalty for dynamiting fish should be at least ten years in the penitentiary, and the dastardly business will never be broken up until more stringent laws are passed and enforced.

CURED THREE OF THE FAMILY WITH ONE BOTTLE OF CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

"I purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and found it to be all claimed for it in the advertisements. Three of the family have used it with good results in summer complaint."—H. E. Howe, publisher of the Press, Highland, Wis. For sale at Miller's Drug Store. 8-1

At an early hour the next morning, the bride and groom started on their wedding tour, going to Buffalo and Niagara Falls, N. Y. After their return they will settle down in Pittsburg, where the groom has a nicely furnished
