Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

TAKE NOTICE.

Game Laws that Are of Interest to Everybody.

For some time THE STAR has been at work gathering copies of the game laws of all states in the Union, and following we publish the

GAME LAWS OF KENTUCKY.

Plain citizens may be shot from January first to December thirty-first. Senators, Governors and members of Congress may be shot during any political campaign, or within sixty days thereafter.

Niggers can be shot at any time. Hunters in search of this kind of game are also allowed to use a stuffed club or butcher knife.

If a citizen steps on another's toes he can shoot him on the spot, with the privilege of apologizing thereafter.

Any man caught drinking water is a sign he is no gentleman, and may be executed with whatever weapon is nearest at hand.

No man shall be allowed to kill in excess of three persons in one day, except where it is an affair of honor, when the number may be increased to one hundred and three. If any man fails to tote the remains of his victims from public sight within forty-eight hours from the time the volley was fired, he shall be fined one gallon of moonshine.

If a man leaves home half shot and is found on the street a short time thereafter full of buck shot, that is his own fault, and his friends are not allowed to shoot more than seventeen suspects in their efforts to find the guilty parties.

BEST MEDICINE IN THE WORLD FOR COLIC AND DIARRHOEA.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter, of Skirum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since, until this week, when I had a very severe attack and took half a bottle of the twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale at Miller's Drug Store. 8-1

A Plan for Grazing Hogs.

You should be able to carry from 25 to 50 hogs on a five-acre grazing lot, provided it is properly laid out in a suitable crop rotation. The best way to handle hogs is to build wire fences around acre lots so as to put them in permanent fields.—Prof. A. M. Soule.

In town, however, dear Prof., "the best way to handle hogs" is to confine them in pens by authority established in an unsigned ordinance, feed them with stuff that otherwise you would throw away, and if a child of a neighbor, or one of your own, playing near by, contracts diphtheria and dies, allow the minister to put the blame for the whole dirty business on Providence.—"The Lord giveth and the Lord taketh away."—Frostburg Journal.

THE DOCTOR AWAY FROM HOME WHEN MOST NEEDED.

People are often very much disappointed to find their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proved fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale at Miller's Drug Store. 8-1

A Vexatious Mistake.

In making up our forms, last week, we made a most vexatious mistake by getting the type of two different articles mixed. The last two paragraphs of an editorial entitled "The Jewel of Honesty," were by mistake placed in an article concerning the Billmeyer Lumber Company, and a portion of the latter named article was placed with the aforesaid editorial. Thus both articles were spoiled and made ridiculous. It is a matter of regret to us, but such things will happen once in a while, although this is the first instance of the kind that has ever occurred at THE STAR office.

WAS IN POOR HEALTH FOR YEARS.

Ira W. Kelley, of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring the health of others." Important New Laws.

An act passed by the General Assembly, at its last session, and approved by the Governor, makes some important changes in the law regulating the sale of feeding stuffs within the state. It provides that wheat and rye bran and middlings or any mixture thereof, except when sold at the mill where made, must be accompanied by the name and address of the manufacturer, and a guarantee that the same is pure. Mixed feeds, except chop made by grinding whole grain, and all condimental feeds, must be accompanied by the name and address of the manufacturer and a statement of their protein and fat contents, and also a statement of the ingredients of which the mixture is composed. The minimum penalty for violating any of the provisions of the Feeding Stuffs law is raised from \$50 to \$100.

An act to regulate the sale of paris green, providing for the collection and analysis of samples of the same and the punishment of frauds in the sale and manufacture thereof, was also passed, and was approved by the Governor.

The Secretary of Agriculture, who is charged with the enforcement of these acts, will be glad to send copies of the same to any person who will write for them.

Sue Mrs. Abner M'Kinley.

The Seaboard Notional Bank of New York has instituted suit against Mrs. Annie McKinley, widow of Abner McKinley, and executrix of his estate, for \$1,500 with interest from Nov. 1, 1903, an alleged balance on a promissory note. John F. and Charles C. Thompson, New York bankers, filed claims for \$5,000 and \$1,750, respectively, alleged to be due on two promissory notes. Exceptions to the account of Mrs. McKinley were filed some time ago in which it was alleged the insurance policies on McKinley's life were changed so as not to be payable to the estate. The court was asked to compel her to account for the life insurance. Mrs. McKinley is spending the summer in Somerset.—Berlin Record.
