COWBO'YS' TOBACCO.

United States Laws Play Havoc With the Weird Mixture.

The United States pure food law has played havec with tobacco smoking in Texas. The life-long habits of the cowboys have been revolutionized by innocent looking little pamphle issued recently by the government. It contains the analysis of various prod ucts that are in general use, and among them a popular brand of smok and ing tobacco, which comes in little sacks, and is popular throughout the Southwest. When "Jim" Belford came in from his ranch to get his mail the other day, he found this pamplet in his postoffice box, says a Uvade (Tex.) cor-respondent of "The Kansas City Star." A twelve-year-old boy is earning \$6 a day out in Clinton, O. T. A number of Chicago boys are preparing to fol-low his genuine "get rich quick" meth-od. stuff we have been smoking." Belford took the pamphlet over to the store and glanced through it while his order for ranch supplies was being filled. Under the heading of the brand of tobacco which was smoked by al most every man in this region its analysis was given as follows: Tobacco. 27 percent; alfalfa, 63 percent; arsenic percent; opium, 1 percent; fluid, ;
