

TRUST A WELL BRED WOMAN

to know where to get the best of everything. She knows that, especially in drugs, medicines, toilet articles and stationery, there's never anything gained, and frequently much lost by using something cheap and inferior.

We have quite a crowd around our place, but there's always room for one more, and our clerks are of the spry kind. They don't keep a customer hanging around half a day before being waited upon.

PAUL H. GROSS, CITY DRUG STORE.

We start with an entire new stock, and we handle only the best and purest brands of goods. We solicit a share of your patronage, and we guarantee a square deal and satisfaction to all.

Howard Meager & Co.

DR. WILLIAMS' FLY AND INSECT DESTROYER

Protects Horses and Cattle from Fly Pests and Vermin. Guaranteed to Kill the Flies. Perfectly Harmless. A Grand Disinfectant and Easily Applied.

It is possible to have positive freedom from flies, lice and vermin which usually infect fowls, cattle and all live stock. This is the first preparation which actually does all that's claimed for it. Farmers, who have spent many weary summers fighting flies and insects, and the following winters endeavoring to be rid of lice and vermin in poultry houses, will find Dr. Williams' Fly and Insect Destroyer their "right-hand man." After using this exterminator according to directions you will notice a decided improvement in all your stock. Where no agency has been appointed a sample tin free for your grocer's or hardware dealer's name.

CARBON PAPER for sale at THE STAR office. tf

Driver Holds Up An Automobillist With Revolver.

At the point of a revolver, it is said, John Biggins, of Waynesburg, was compelled to stop his automobile until W. Stewart, a Greene county farmer, could get his frightened horse around the machine.

Stewart was driving to Waynesburg recently when he met Biggins at the foot of a hill. Stewart asked Biggins to stop the machine, and when the latter did not at once show a disposition to do so, Stewart, it is said, pulled his gun and ordered Biggins to stop. The driver of the machine got out and led Stewart's horse around the automobile.

So much trouble has been occasioned by the reckless speeding of automobiles in Waynesburg, that Burgess Seyers declares he will impose a fine of \$100 on any driver of a machine who exceeds the speed limit within the borough.

It would be a commendable action for Somerset's High Burgess to issue a similar ukase, says the Somerset Democrat, and we think the Burgesses of all other towns should pursue the same course. A fool in an automobile is a dangerous thing, and many fools and road terrorists there are, these days, who are running automobiles. The Greene county man who pulled his gun did the proper thing, and his example is worthy of imitation by all whose rights are disregarded by reckless autoists.

FARMERS' BIGGEST YEAR.

Earnings Promise to be a Billion More Than in 1906.

Upward of \$1,000,000,000 more than last year will be the American farmers' earnings in 1907. Farm productions this year will be about 10 per cent less in quantity than in 1906, which was the bumper season, but the crops of 1908 will fully equal the average yields for five years prior to last season.

The preliminary review of the crops of the year emphasizes that, because of decreased quantity and increased price the leading staples this season will net over \$500,000,000 more to the farmers than last year, while their total gains may be almost twice as great.

As the vast industrial prosperity of the last 15 years has been based upon the agricultural revival which characterized 1893-97, the American Agriculturist predicts an even better era of good times now than in the recent past, because of these marvelous gains in agriculture.

The wheat crop, this year, will approximate 625,000,000 bushels, 150,000,000 less than last year. Corn promises to be within five per cent. as much as last year, and with but two or three exceptions the biggest yield in history.

A HUMANE APPEAL.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthisis, stops hemorrhages of the lungs and builds them up. Guaranteed at E. E. Miller's drug store. 50c. and \$1.00. Trial bottle free. 10-1

Teachers' Institute.

Following is the program for a teachers' institute to be held at the Boynton school house, Oct. 12, 1907:

- Song.
- Address of Welcome—Anna McKinley.
- Election of officers to serve during our Local Institutes.
- "The aim of our Institutes"—Savannah Miller.
- Recitation—Harriet Haselbarth.
- For Discussion: "The qualities of the Arithmetic adopted in the Township"—Wm. Engle, Chas. Butler.
- "How to teach Geography to beginners"—Ralph Moser.
- Essay—Pearl Hay.
- "The relation of the Home to the School"—Minnie Ridinger.
- Committee on Resolutions—(Anna Glessner, Florence Compton, M. E. Hershberger) to report at this meeting.
- Program to be interspersed with queries.
- All friends of education are invited. COMMITTEE.

SUDDEN ATTACK OF DYSENTERY CURED.

A prominent lady of Brooklyn, N. Y., writes to inquire where she can obtain Chamberlain's Colic, Cholera and Diarrhoea Remedy. She says: "While stopping at a ranch in South Dakota I was taken ill of what seemed to be cholera. They gave me some of this medicine and it cured me. I brought a bottle home and have just used the last of it today. Mother was taken suddenly ill of dysentery and it helped her immediately." For sale at E. H. Miller's Drug Store. 10-1

The Engine and the Cow.

A cow that wore a bell, having been run over and killed on the railway, the owner brought suit against the railway for damage. It was proved that the driver blew the whistle loudly and tried to frighten the cow off the track. But the farmer's lawyer also proved that the cow rang her bell and tried to frighten the engine off the track; and so the jury decided in his favor.—Ex.

The "Strength" of Flour.

Millers and bakers know that large differences exist among various sorts of wheat flour with regard to baking value, or strength, but it appears that only recently have completed chemical tests been made to determine why a given quality of flour of one brand will produce a loaf nearly one-third larger than the same quantity of another brand. According to experiments by the Department of Agriculture, at Cambridge, England, the volume of a loaf of bread depends in the first instance upon the relative amount of sugar in the dough. The addition of sugar always increases the size of a loaf, or, as the baker says, makes the flour stronger. There are other differences affecting such things as texture and color of bread, the chemical basis of which are yet under examination.

THE TOUCH THAT HEALS

Is the touch of Bucklen's Arnica Salve. It's the happiest combination of Arnica flowers and healing balsams ever compounded. No matter how old the sore or ulcer is, this Salve will cure it. For burns, scalds, cuts, wounds or piles, it has no equal. Guaranteed by E. H. Miller, druggist. 25c. 10-1

THE NEW PURE FOOD AND DRUG LAW.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug Law, as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Sold by all Druggists. 10-1

Is New Primary Law Unconstitutional? If so, Who is to Pay for Holding Primaries Under New Act?

Word has gone out from Harrisburg that not a single county in the state will be reimbursed for the expense of the Uniform primary until it is determined by the courts or the Attorney General whether or not the act is constitutional. The act provides for the payment by the state of money expended under the Uniform primary law, but not a county in the state has received a penny, and Fayette will be out over \$6,000, unless the act is upheld. Nearly all of the 67 counties in the state have held two primaries since the new act was passed, and in no instance has any of them been repaid, although the act provides for such repayment.

Several other counties are out big sums, among them Allegheny county, which has a claim of \$40,000 which the state refuses to pay. Philadelphia has a claim of \$75,000, and Lackawanna county's bill is \$20,000. Somerset county's bill for holding the last primary is about \$3,000.

The question that now arises is this: If the Uniform primary law is unconstitutional, and the state will not pay for holding the last primary, will it be constitutional for the various counties to pay the bills? If not, then who must do the paying? Furthermore, if the new law is unconstitutional, were the candidates nominated under the Uniform primary act lawfully nominated? Pennsylvania has been sending too many jackasses to the Legislature, and not enough men who know how to draw up a bill so as to make it lawful and free from a half dozen different interpretations.

HEALTH IN THE CANAL ZONE.

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained, however, by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison, too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by E. H. Miller, druggist. 50c. 10-1

A Rooseveltian Idea Expressed by a Hustling Somerset County Editor.

Prof. Bach, the hustling, affable and able editor of the Somerset County Leader, published at Rockwood, last week delivered himself of the following Rooseveltian, anti-race-suicide idea, for which we return thanks: "We notice with great pleasure that 'Uncle Pete' Livengood has been especially favored by a visitation of the 'stork' on September 7. According to his own count he has been permitted to set up the smokes' eight times in his, eventful life, he being the happy father of four boys and four girls. The fact that he has survived these happy events presage the successful outcome of the libel suits entered against him. A father of eight children is a happy distinction which few men enjoy, and to my mind ought to be honored as Josh Billings said about the country school teacher: 'He ought tew be made a magir general an hev a pen-shun fer the rest uv his natural days and hev a boss and waggin tew du his going round in.'" 10-1

HOW TO AVOID APPENDICITIS.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels, and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe, and is mild and pleasant to take. Refuse substitutes. Sold by all Druggists. 10-1
