Bucklen's Arnica Salve
The Best Salve in the World.

IS SIMPLE.
Mix This Simple, Helpful Recipe at Home and Try it, Anyway.

Get from any prescription pharmacist the following:
Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home when asked stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

A CHICAGO wife saved enough out of her weekly allowance to get a divorce. Is that why the women's clubs insist upon the wife having a weekly allowance?

"A TOP-NOTCHER is an individual who works for the institution of which he is a part, not against it," says Elbert Hubbard. "He does not wear rubber boots and stand on glass when he gets

orders from the boss. He is a good conductor, and through him plays the policy of the house. The interests of the house are his—he is the business and he never separates himself from the concern, swabbing the greased shute by knocking on the place of management. A top-notcher never says inwardly, or outwardly, 'wasn't hired to do that,' nor does he figure to work exactly eight hours, or wear the face off the clock. He works until the work is done, and does not leave his desk looking like a map of San Francisco after the shakeup. As a general proposition, I would say the top-notchers and cigarettists are different persons. A top-notcher prizes his health more than a good time, so he has a good time all the time. Soreheads and belliekers are usually suffering from evereating, lack of oxygen and loss of sleep. If you want to be a top-notcher, beware of the poker proclivity and the pool-room habit—otherwise destiny has you on the list.

HOW TO CURE A COOLD.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale at Miller's Drug Store. 11-1

Lutheran Clergyman Who Does not Believe in a Personal Devil.

"I do not believe in fate; I no more believe in fate than I believe in a personal devil, and if I believed in either, I would pray God for annihilation, not only in time, but in eternity."

These words were uttered by the Rev. Dr. Shipman while preaching in Trinity Lutheran church, at Somerset, recently, and now there is a big hub-bub over it in that denomination. Dr. Shipman's belief is shared by hundreds and thousands of ministers of the gospel, who not only disbelieve the personal devil doctrine, but many other things that they pretend to believe in.

Well, there may or may not be a personal devil and a burning hell, but if there isn't, we hardly see how some arch fiends and contemptible hypocrites are ever going to get justice. Anyway, the devil is a convenient scapegoat for people who are fully as bad or worse than he to blame their meanness on.

The way some professing Christians act is enough to shame the devil clean out of his job, and make him look like a saint in comparison to his apt followers.

QUINSY, SPRAINS AND SWELLINGS CURED.

"In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings. For sale at Miller's Drug Store. 11-1

A One-Sided Fight.

Congressman John Dalzell, of Pennsylvania, sums up the campaign in the state this fall in the following manner: "It looks to me as though it was a very one-sided fight. The Democrats have no issue upon which to contest the election. If they thought they had one in the capitol graft, the Republicans have taken in from them by the manner in which the state administration has gone after the grafters, investigating all the facts concerning the capitol and prosecuting those believed to have been connected with the grafting. The Republicans have done all they promised to do, and no one can find fault with it. Therefore I do not see upon what grounds the Democrats can base any hope of winning."

HARD TIMES IN KANSAS.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of to-day; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed at E. H. Miller's drug store. 50c. and \$1.00. Trial bottle free. 11-1

IN MEXICO.

Ralph Smith Writes Interesting Letter to the Editor, and Tells of His Travels, etc.

Ralph, the son of Mrs. Evora Carr Smith, who is remembered by many of the people of Salisbury and vicinity, has been kind enough to write the editor of this paper a very interesting letter, a portion of which we shall take the liberty to publish, believing that it will interest many of our readers and give no offense to our friend Ralph, who is a good seaman, having received a good education in navigation on the school ship Saratoga, some years ago, and has since been holding some very responsible positions on board of different vessels.

COATYACALCOS, MEXICO, Sept. 29, 1907.

DEAR MR. LIVENGOOD:—Upon my arrival home about two weeks ago, I heard that you were in Philadelphia and had left there about a week before I arrived. I can assure you I was very much disappointed at not having the pleasure of seeing you there, also when you were in New York, but I had left there about ten days before you were over.

It is quite a while since you heard from me, and during that time I have been almost all over the world. During 1905 and 1906 I was in Europe, several times in Africa, Turkey, several places on the Black sea, South America, Mexico, and as far north as Canada. I am at present thinking of going out on the Pacific coast in a few months.

This is rather a nice place, but is a new town, and is not built up to any great extent, having a population of only about 10,000. The town is rapidly growing, however, owing to the shipping having started about a year ago, and a good many Americans are drifting in, as they can make good money in this place. If they know anything at all they can make from \$150 to \$300 a month, or from \$300 to \$800 in Mexican money.

I had a very nice time while I was at home, this time, the first time for almost two years, but I expect to be at home about every six weeks for a while.

I hardly knew my sisters, they seem to have changed so much in the past two years. If Salisbury people have changed as much accordingly in the past nine years, since I left, I hardly think I would know anyone in the town. I expect to be out there for a few weeks, next summer, if all goes well and I am within 10,000 miles of my old home.

I am at present in the S. S. Hawaiian, a ship of about 6,000 tons, owned by the American-Hawaiian S. S. Co., and at present we are running between New York, Philadelphia and several Mexican ports. We arrived in this port yesterday, and will leave here about Oct. 5th with a cargo of about 125,000 bags of sugar for the Speckles Sugar Refining Co., of Philadelphia, and then proceed to New York and load a general cargo, most of which will be railroad and bridge iron for Mexico and the West coast.

With best regards to all my old friends in Salisbury, I am

Respectfully Yours,
RALPH C. SMITH.

HIS DEAR OLD MOTHER.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children, too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by E. H. Miller, Druggist. 50c. 11-1

East Brady Woman Has Lived Under Rule of Every President.

Butler, Pa., Oct. 7.—Elizabeth Freeman, more familiarly known as "Aunt Betsy," yesterday celebrated her 114th birthday at her home, near East Brady. She maintains her mental faculties in an extraordinary manner, and is bright and happy.

Mrs. Freeman is probably the only woman in Pennsylvania who has lived under every President of the United States. She was born in Fayette county, near what is now Connelville.
