A HARD DEBT TO PAY.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by E. H. Miller, druggist, 50c. and \$1.00. Trial bottle free. 12-1

TROLLEY MATTERS.

Company After New Franchise in this Borough—Line Should be Extended to Oakland, Md.

Trips have been made daily, at irregular intervals, between Salisbury and Meyersdale, ever since last Thursday, on the P. & M. trolley line. Cars are not yet running on schedule time, although the runs have been so as to connect with the principal passenger trains at Meyersdale, and even in its present incomplete condition, the service is a great benefit to the people all along the line, and great crowds are taking advantage of it.

All minor details are rapidly being attended to, and it won't be long until cars will be running on schedule time. The company has asked for a new franchise in this borough, which we think will be granted in time to give our readers the full details of it in our next issue. There is no bad feeling here between the borough officers and the trolley company, as the Meyersdale Commercial tried to make it appear in a recent issue, and we predict that it will be only a little while until cars will be running to West Salisbury.

Furthermore, the road will likely go on to Garrett and beyond, next year, and it should by all means be extended to Oakland, Md., which looks to THE STAR like the best proposition of all, and we believe it will come to pass at no far distant day. The Jennings railroad extends almost to Oakland now, and a lumber road like that could easily and quickly be converted into a trolley line, especially one that Mr. Jennings is largely interested in.

An Oakland extension looks to us like a far better paying proposition than an extension to Frostburg, for reasons that ought to be apparent to all. It would be a great convenience to the people of Garrett county to get to their county-seat, and think of the thousands of people from all over the country that would go to and from the great summer resorts of Deer Park and Mountain Lake Park over a trolley traversing the picturesque Casselman River valley!

This idea is original with us, and it seems better and better the more we think it over. The idea is bound to materialize, too, and on that we would wager a good deal.

To the Republican Voters of Somerset County.

I hereby give notice that I intend becoming a candidate for Sheriff at the next primary election to be held in April, 1908. G. N. SCHROCK.

ELECTION RETURNS.

The returns of the election held in many states on Tuesday, are, in general, very satisfactory and encouraging to Republicans.

In this state and county the Republicans won a sweeping victory, Sheatz, Republican candidate for State Treasurer, having a plurality of about 175,000.

Locally, little or no interest was taken in the election. Only 88 votes were polled in Salisbury borough, of which Sheatz received 43. The balance of the vote was about equally divided between the Prohibitionists and Democrats.

In Elk Lick township only 71 votes were polled, only about ten per cent. of the total number of voters having taken the trouble to go to the polls.

In Maryland the Democrats elected the Governor and other state officers, but old Garrett county did herself proud by electing her full Republican ticket by from 800 to 900 majority.

The Republicans swept old Kentucky like a whirlwind, electing a Governor and a full state ticket.

In New Jersey, Delaware and Illinois, where big fights were on in certain localities between the "wets" and "drys," the "drys" won signal victories, which shows that a great anti-saloon wave is gradually sweeping the whole country.

THE NEW PURE FOOD AND DRUG LAW.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law, as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Sold by All Druggists. 12-1

SHAKE WELL.

Advice of Noted Authority, Also Gives a Simple Home Prescription.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home-made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity, when shown the prescription, stated that they can either supply these ingredients, or, if our readers prefer, they will compound the mixture for them.

DANCING PROVES FATAL.

Many men and women catch colds at dances which terminate in pneumonia and consumption. After exposure, if Foley's Honey and Tar is taken it will break up a cold and no serious results need be feared. Refuse any but the genuine in a yellow package. Sold by All Druggists. 12-1

COLD STORAGE BIRDS.

The Kind of Carrion City People Eat When They Indulge in Poultry and Game.

In the many articles written during the past years against the practice of preserving game by cold storage, one of the arguments which we have often brought forward is that game so stored is unwholesome, and that the freezing and thawing of undrawn birds necessarily tainted the flesh and assisted in its decomposition, and so rendered it unfit for food.

It is satisfactory to know that investigations made along these lines within the past year have tended absolutely to confirm the editorial contention that birds frozen without the removal of the entrails are unwholesome. The matter has been inquired into by the Department of Agriculture and by the authorities of the State of Pennsylvania, Kansas and Massachusetts, and the conclusion reached by all is the same, and confirms precisely what has so often been urged by Forest and Stream.

Every big game hunter of experience very well knows that if the entrails are left in a dead animal over night, the animal is spoiled before morning. Practically the same thing takes place in regard to birds, though more slowly, since birds, being so much smaller, cool off more quickly and before the process of decomposition has set in. Nevertheless the principle is the same. The material which causes decomposition is present and is working fast or slowly.—Forest and Stream.

PNEUMONIA FOLLOWS A COLD, but never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and prevents pneumonia. 12-1

Hon. E. D. Miller Held Up.

According to a late news dispatch, Hon. E. D. Miller recently had the experience of being held up in the streets of Pittsburg and his goods which had been purchased taken from him by two prominent merchants of the city. The men were later arrested on several charges, and will be tried at the coming term of court. It is quite probable that they will pay dearly for their assault on Mr. Miller. The goods taken from Mr. Miller had been purchased for the purpose of being tested, to see whether any adulterations could be found therein, and the merchants evidently feared the test.

A GOOD LINIMENT.

When you need a good reliable liniment try Chamberlain's Pain Balm. It has no superior for sprains and swellings. A piece of flannel slightly dampened with Pain Balm is superior to a plaster for lame back or pains in the side or chest. It also relieves rheumatic pains and makes sleep and rest possible. For sale at Miller's Drug Store. 12-1
