Our friend James Gagghagen, of Somerset, was a paying caller at THE STAR office, yesterday. Mr. Gagghagen recently returned from Clarksburg, W. Va., where he had been to visit his son Jesse, who is recovering from a seige of typhoid fever in a hospital in that city.

Babies and children need prompt attention when suffering from coughs and colds. The best remedy for mothers to use is Kennedy's Laxative Cough Syrup. It tastes nearly as good as maple sugar. It contains no opiates, and it is laxative and drives the cold out of the system by gently moving the bowels. Sold by E. H. Miller. 12-1

On Monday, Messrs. Berkey & Shaver, attorneys for A. F. Kennedy, of New York, entered suit against Mrs. Annie Allen, executrix of Abner McKinley, deceased, for the collection of an old claim alleged to be due the plaintiff for men's furnishing goods, says the Somerset Standard.

Wm. Wiseman, who resides on the Abe Folk farm, in the Negro Mountain region, has our thanks for an invitation to come up to his place and take a hunt, one of these days. If we can find a little spare time, we may accept the invitation, and then, Holy Moses! the game will have to suffer.

Quite a change has taken place in the Meyersdale Republican office. Editor Bishop last week stepped down and out as editor, to make room for W. A. Shoemaker, who succeeds him in that capacity, with Chas. V. Hughes and T. R. Zufall as associate editors, and W. H. Dill as business manager.

To check a cold quickly, get from your druggist some little Candy Cold Tablets called Preventics. Taken at the "sneeze stage" Preventics will prevent Pneumonia, Bronchitis, La Grippe, etc. Hence the name, Preventics. Good for feverish children. 45 Preventics 25 cents. Trial Boxes 5 cts. Mrs. Ada House has returned from Connellsville, Pa., where she had been residing, and will reside here amid the scenes of her childhood. She is a daughter of Mr. and Mrs. W. F. Garlitz, and the wife of the late William House, who died from injuries received in a railroad wreck during the past year.

Harvey Newman went to Cumberland, Md., Monday last, to enter the Tri-State Business College at that place. Harvey is a first rate young man, and he acted wisely in deciding to get a good business education. He has selected a good school, and if he does his part, which we feel sure he will, he will never have cause to regret it.

There is nothing better for stomach troubles than KODOL, which contains the same juice found in a healthy stomach. KODOL is offered on a guaranteed plan for the relief of heart burn, flatulence, sour stomach, belching of gas, nausea, and all stomach troubles. So at times when you don't feel just right, when you are drowsy after meals, and your head aches or when you have no ambition, and you are cross and irritable, take a little KODOL. It digests what you eat. It will make you healthy. Sold by E. H. Miller. 12-1

Chas. Cochran, a well known and efficient mine foreman of this place, was recently appointed general superintendent of the mines at Shamrock, near Rockwood, which are operated by the Iron City Coal and Coke Company, of Pittsburg. Mr. Cochran has already entered upon his new duties at a handsome salary, and he may move his family to Rockwood. We wish "Charley" success in his new position, but we hope he will decide to retain his residence here.

You can't be well if you have a weak, unhealthy, tired out stomach. Neither can you feel good if by some little irregularity in eating you have caused the stomach to get out of order. These little stomach troubles are signs of indigestion, which may and very often do turn into a very bad case of dyspepsia. Don't allow this to go on a single day without doing something to overcome it. Take some good reliable and safe digestant like KODOL For Dyspepsia. KODOL is the best remedy known today for heart burn, belching and all troubles arising from a disordered digestion. It is pleasant to take and affords relief promptly. Sold by E. H. Miller. 12-1

Howard Peck, the young and enterprising farmer residing on the old John Peck or Big Spring farm, on the west side of Negro Mountain, was a business caller at THE STAR office, last Friday. He came for trespass notices and printed stationery. Mr. Peck is making a specialty of live stock, and has named his place "Maple Glen Stock Farm." He is thinking, however, of changing the name to "Big Spring Stock Farm," which would probably be more appropriate, as the fame of the big spring on his farm has spread all over Western Pennsylvania.

Our friend James Conley, who is the accommodating drink mixer and dispenser at Hotel Ralphton, Ralphton, Pa., came all the way to West Salisbury to cast a good, Simon-pure Democratic vote, as he states it, at the last election. That's what we call true party loyalty, and while we do not believe in the doctrines, traditions and policies of the Democratic party, we nevertheless always give a man credit for going to the polls and voting his sentiments. The man who does not vote does not do his full duty as a citizen.

When the Stomach, Heart, or Kidney nerves get weak, then these organs always fail. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is simply a makeshift. Get a prescription known to druggists everywhere as Dr. Shoop's Restorative. The Restorative is prepared expressly for these weak inside nerves. Strengthen these nerves, build them up with Dr. Shoop's Restorative—tablets or liquid—and see how quickly help will come. Free sample test sent on request by Dr. Shoop, Racine, Wis. Your health is surely worth this simple test. Sold by All Dealers. 12-1

We recently received a letter from our friend Wm. J. Powell, containing a remittance of \$1.50 to apply on subscription. He reports the entire family well, except himself, and sends

kind regards to the editor and family. Mr. Powell moved to Arrow, a lumbering village in the north of the county, some months ago, where he hoped his health would improve. We are sorry indeed to learn that he is still not a well man. We hope a change for the better in his case may come soon, and we thank him for the kind regards expressed in his recent letter, as well as for his remittance.

Fred Weimer, who is employed as a driver in the Summit mine of the Somerset Coal Company, was seriously injured while at work, last Saturday afternoon. It seems that the unfortunate man was "breaking in" a new horse, and during a certain stage of the operation, his light was extinguished. The horse became frightened and ran away, Weimer falling under the car, sustaining fractures of the right leg at two places, besides bruises and contusions about the chest and head, and it is feared that he has received several internal injuries, says a Meyersdale news dispatch.

A tickling cough, from any cough, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation, even to very young babies. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Demand Dr. Shoop's. Take no other. Sold by All Dealers. 12-1

On Tuesday N. S. Yoder, a prominent and enterprising farmer residing 2 1/2 miles northwest of Grantsville, Md., was a business caller at THE STAR office. He will have a public sale at his residence on Tuesday, Dec. 3rd, at which time he will sell live stock, poultry, hay, straw, grain, implements, vehicles, potatoes, household goods, etc. Mr. Yoder will move onto the famous Washington Bottom farm, in Allegheny county, Md., after his sale takes place. He will be missed in the community where he resides, for he is a most excellent man, and his numerous friends all wish him much happiness and prosperity in his new location.

"Now, Johnny," asked the gentleman who had kindly consented to teach the class, "what does this fascinating story of Jonah and the whale teach us?"  
"It teaches us," said Johnny, whose father reads practical articles on practical people, "that you cannot keep a good man down."—Harper's Weekly.

B. & O. to Block Wabash.  
Cumberland, Md., Oct. 31.—The Baltimore & Ohio Railroad is keeping its fight up against the Gould interests. It has begun a line from near Ohio Pyle to the coal fields of Preston county, W. Va., which, it is contended, is really a bulwark against the march of the Gould interests from Wheeling to Cumberland.

The Baltimore & Ohio proposes not only to build this line, but to make extensive improvements in its own line at one of the hardest points for railroad building, so that the Wabash extension to Cumberland cannot get through the Allegheny mountains.

At Sipes, two miles west of Bidwell, a tunnel is to be bored, while another is to pierce the mountain at Ohio Pyle. The proposed construction is intended to take up virtually every foot of space in the pass.

LINGERING COLD.

WITHSTOOD OTHER TREATMENT, BUT QUICKLY CURED BY CHAMBERLAIN'S COUGH REMEDY.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale at Miller's Drug Store. 12-1

## Laws for School Rooms.

In connection with the opening of the school term, it is desirable that both parents, directors and teachers should know that the state laws require that certain provisions be made for the health and comfort of pupils. The law is as follows:

Whereas, many schoolhouses of this commonwealth have been constructed without provision for proper heating and ventilation, and the health and comfort of many school children are greatly endangered thereby, therefore, be it enacted, etc., that on and after the first day of December, nineteen hundred and seven, it shall be unlawful for any board of school directors, within this commonwealth, to use a common heating stove for the purpose of heating any schoolroom unless every such stove shall be in part inclosed within a shield or jacket, made of galvanized iron or other suitable material, and of sufficient height and so placed as to protect all pupils, while seated at their desks, from direct rays of heat.

Be it further enacted, that every schoolroom in this commonwealth shall be provided with ample means of ventilation, and that, when windows are the only means in use, they should be so constructed as to admit of ready adjustment, both at the top and bottom, and some device shall be provided to protect pupils from currents of cold air.

A thermometer shall be placed in every schoolroom in this commonwealth by the directors in charge, and this provision shall be complied with even when standard systems of heating and ventilation are in use.

Any school board neglecting or refusing to comply with the provisions of this act may, by proper course of law, be dismissed from office; provided, that when one or more members shall vote to comply with the provisions of this act, such member or members shall not be subject to dismissal.
