FLORIDA LETTER.

H. G. Wilhelm Writes from the Sunny South.

Under date of the 7th inst., our friend Hans Wilhelm wrote quite an interesting letter to the editor, a portion of which we take the liberty to reproduce in THE STAR, believing it will interest a goodly number of our readers. Mr. Wilhelm says:

"My family arrived safe and sound. My wife is inclined to be somewhat homesick, but the children like it here and say they are going to stay."

"I had them down to the wharf, last Sunday, and they saw three negroes baptized, also saw a fisherman pull out a two-foot speckled salt-water trout. Then I showed them bananas growing on a tree, some orange and lemon trees with fruit just ripening, also showed them palmetto trees, magnolia trees, etc., which they enjoyed."

"Our city tried for prohibition, but lost by 180 votes. Pretty close for a place of 28,000 people. Our neighboring cities and states are all going dry, but this being a seaport town, it will take some time to get it dry."

"It seems that a fellow doesn't realize the importance of his home paper until he gets away from home."

A METHODIST MINISTER RECOMMENDS CHAMBERLAIN'S COUGH REMEDY.

We have used Chamberlain's Cough Remedy in our home for seven years, and it has always proved to be a reliable remedy. We have found that it would do more than the manufacturers claim for it. It is especially good for croup and whooping cough.

Pastor Milaca, Minn., M. E. Church.

A Bad Spell.

A Missouri girl spells the name of her dog "Phideau." If her own name isn't "Mae" or "Elsie," it certainly is "Nellye."—Cleveland Leader.

Furthermore, the chances are that the girl and dog referred to by our esteemed Cleveland contemporary are both of a very insignificant breed.

Don't Write on Newspapers.

The practise of writing a few lines on the margin of newspapers being sent to a friend through the mails must be stopped, and violators of the postal regulations will be prosecuted in the United States District Court. The postoffice Department has suggested that the newspapers advise their readers not to write on margins. Violators of the third class mail laws, who send as third class matter any written message, will be punished if detected.

NEW MAIL ARRANGEMENTS.

Postoffice to be Moved and Two Additional Mails Added to Our Service.

Since the trolley line is in operation, C. W. Stotler finds the hack and mail business so unprofitable that he wants to get out of it. He wrote the Postoffice department some days ago to release him from the mail contract and hand it over to the trolley company.

Yesterday a postoffice inspector came to Salisbury to confer with Postmaster Lowry and representatives of the trolley company, in regard to some contemplated changes in our mail service.

The inspector recommended that the postoffice be moved from its present site to a point that would be more in the business center of the town and in close proximity to the car line, which will likely soon be extended to the Ord and Grant street intersection.

Postmaster Lowry has accordingly arranged with C. R. Haselbarth & Son to enlarge the building now occupied by Albert Haselbarth, the dentist, and suitably arrange it to be used for the postoffice. The office will be moved shortly after the 1st of next January, and as soon as the mail is carried by the trolley company, which will be about the first of next month, we will in all probability have an in-coming morning mail and an out-going evening mail, which we have long needed.

Then we will also be in a position to get rural free delivery out of Salisbury, which will soon put the Elk Lick postoffice in the Presidential appointment class, and cause the little suburban postoffices to go out of commission. Verily, the world moves.

HE FOUGHT AT GETTYSBURG.

David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take \$500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; best of all for lame back and weak kidneys. Guaranteed by E. H. Miller, druggist. 50c. 12-1

Last Day of the Salisbury Hack Line.

This date numbers the days of the Salisbury hack line, as the P. & M. street railway has gobbled all the passenger traffic, and carrying the mail alone is not sufficiently remunerative to keep the hack line in operation.

Beginning Friday morning, C. W. Stotler, the mail contractor, will send the mail down on the trolley line, with a sworn carrier in charge.

Goodbye, goodbye, old hack! You have served us faithfully and to the best of your ability for about a score of years. But we are glad that your days are numbered. Not that we loved you the less, but because we love the trolley more. This is an age of progress, and old things must give way to the new.

A HARD DEBT TO PAY.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equalled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by E. H. Miller, druggist. 50c. and \$1.00. Trial bottle free. 12-1

A GOOD LINIMENT.

When you need a good reliable liniment try Chamberlain's Pain Balm. It has no superior for sprains and swellings. A piece of flannel slightly dampened with Pain Balm is superior to a plaster for lame back or pains in the side or chest. It also relieves rheumatic pains and makes sleep and rest possible.
