# The HOME LIBRARY of MEDICINE

6 VOLUMES—ILLUSTRATED  
Half Leather Style Binding

The Final Household Encyclopedia of Medicine, Disease, Sanitation, Hygiene, Physical Culture and Long Life

## THE GREATEST THING IN LIFE

Health being the greatest thing in life, it is astonishing that the one necessary reference work has not long ago been written, especially since the last generation has seen such revolutions in medicine, surgery and sanitation that no layman, and scarcely any one physician, can keep up with them. As a supplement to the physician's work, as a resource when a physician cannot be had, as an educator in the art of living, the Home Library of Medicine has received the most enthusiastic reception ever accorded a special encyclopedia.

Before this physicians have discouraged such works, and rightly. Now that a really standard household medical library is at hand to aid in the work of showing intelligent people how to live vigorously and happily, the best physicians are welcoming it with the highest praise. It is written so that any man, any woman and any household can understand and use it. Associated with Dr. Kenelm Winslow, a former Harvard Professor, in this work, is a notable board of 23 eminent specialists—landmarks in the medical profession.

### EVERYBODY CAN UNDERSTAND and USE IT

Every important illness, small and great, is described as clearly and concisely as possible, and under each disease the reader is instructed what to do, whether to consult a physician, what to do until the physician comes, and what to do if a physician cannot be had. The remedies and treatment resulting from the very latest scientific knowledge are given; all data concerning prescriptions, etc., have been rigorously revised and safeguarded by the most famous specialists.

We are not book publishers and we do not have to make a profit out of this set of or than the widened recognition of the REVIEW OF REVIEWS as the magazine most closely up to the times, a magazine that consistently helps in living and thinking. The six handsome volumes would be cheap at ten dollars, and this will be their price when they are put on sale at the book stores.

### OUR SPECIAL INTRODUCTORY OFFER

This first edition we are going to ship to responsible persons who send us cents, engaging to pay \$1 a month for only seven months—and each purchaser will receive the REVIEW OF REVIEWS for two full years—or \$7 pays for the books and the two years' subscription.

As this proposition is to deliver to you the full standard set of the Home Medical Library, express prepaid, for \$1 over the regular subscription price of the magazine, it is obvious the first edition will not last long.

**Reversible Sulky Plow**

The Cambridge Reversible Sulky Plow is the highest type of plow of the twentieth century—constructed on correct, scientific and mechanical principles. It is the result of a constant endeavor to produce a perfect riding plow, and has 23 years experience in plow making back of it. The demand of the times has been for a better riding plow—the Cambridge meets that demand and only needs to be tried to convince the farmer that it is the superior of any riding plow ever before produced. It will do plow work equally well on level land or on the hillside, will leave the soil smooth and free of ridges and dead furrows; works with lighter draft than any hand plow doing the same work—easy on man and team. Made in two sizes and from the best malleable iron and high grade steel; improved and extra heavy steel wheels with dust cap and removable chilled boxes. Easy to manage, always under perfect control.

**SUCCESSFULLY OPERATED BY ANYONE WHO CAN DRIVE A TEAM**

You'll want to know all about the Cambridge before you buy a new plow. Write today for special circular describing its construction and working points. We'll send it free also complete catalogue of the Lovejoy Line of Farm Tools that will interest you. If we have no dealer in your town, we want to make you a Special Price Office that will save you some money. So send us your name and circular before you buy a riding plow—when you buy, you might just as well buy the best.

### TROLLEY MAGNATES MEET.

**P. & M. Trolley Service to be Greatly Improved.**

To-day a meeting of stockholders of the Pa. & Md. Street Railway Company was held at the First National Bank of Salisbury. The principal stockholders—C. H. Jennings, of Jenningston, W. Va., Hon. Geo. W. Kipp, Geo. R. Hill and E. F. Kizer, of Towanda, Pa., were all in attendance, as were also the local members of the company—John M. Wright, H. H. Maust, J. L. Barchus and A. E. Livengood.

Among other business transacted, it was decided that cars must run twelve round trips per day between Salisbury and Meyersdale, instead of seven, as heretofore. Other improvements in the service were also decided upon, and Mr. Jennings said to the editor of THE STAR: "You may say in your paper that cars on the P. & M. must and will be run on schedule time, regardless of snow or any other kind of weather, regardless of expense or the number of people traveling. The service must be such that it can be relied upon."

Mr. Jennings further stated while here that the schedule must be well advertised, for he knows the value of printers' ink, as all men of large business affairs do, and he said printed schedules of the P. & M. must be scattered broadcast all over such territory as the road can be expected to draw traffic from.

This is indeed good news for everybody concerned, and we can vouch for it that Mr. Jennings never talks through his hat. He is a man of few words, but his words are invariably to the point, and he always says what he means and means what he says. The new order of things is to go into effect at the earliest possible moment.

### SIMPLE REMEDY FOR LA GRIPPE.

La grippe coughs are dangerous, as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough, but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. Sold by all Druggists. 3-1

### New Postoffice.

We forgot to mention in our issue of last week that Postmaster Lowry moved his office equipment from the Silas A. Wagner building into the building lately occupied by Albert Haselbarth, the dentist. The building in which the postoffice is now located has been enlarged and specially fitted up for its present purpose, and the location is nearer the business center of the town than the place where the office was formerly conducted.

The move was made upon the recommendation of a postoffice inspector, and Postmaster Lowry surely has a snug office now, one in which the office force, as well as the patrons of the office have plenty of room.

Postmaster Lowry is giving the patrons of his office very satisfactory service, and he is to be commended for trying to break up the habit some people have of smoking in the postoffice lobby. A true gentleman will not smoke in places where the habit gives offense to others, and no man has a right to compel others to inhale the vile stench of an old stinking pipe or the unspeakable cigarette. The smoke at best is very offensive to non-users of the weed, and after it is drawn into the lungs of the users and then exhaled into the air others must breathe, the offense becomes almost as unbearable as it is disgusting.

### HOW TO AVOID PNEUMONIA.

You can avoid pneumonia and other serious results from a cold by taking Foley's Honey and Tar. It stops the cough and expels the cold from the system, as it is mildly laxative. Refuse any but the genuine in the yellow package. Sold by all Druggists. 2-1

### IT DOES THE BUSINESS.

Mr. E. E. Chamberlain, of Clinton Maine, says of Bucklen's Arnica Salve: "It does the business; I have used it for piles and it cured them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind."
