A CURE FOR MISERY.

"I have found a cure for the misery malaria poison produces," says R. M. James, of Louellen, S. C. "It's called Electric Bitters, and comes in 50 cent bottles. It breaks up a case of chills or a bilious attack in almost no time; and it puts yellow jaundice clean out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints and the misery of lame back. Sold under guarantee at E. H. Miller's drug store.

TO LAND OWNERS:—We have printed and keep in stock a supply of trespass notices containing extracts from the far-reaching trespass law passed at the 1905 session of the Pennsylvania Legislature. The notices are printed on good cardboard with blank line for signature, and they will last for years in all kinds of weather. Every owner should buy some of them, as the law requires land owners to post their lands if they want the protection of the latest and best trespass law ever passed. Send all orders to THE STAR, Elk Lick, Pa.

School Directors' Convention—Interesting Program.

The seventeenth annual convention of the School Directors' Association of Somerset County will be held in the Assembly Room of the Court House on Tuesday and Wednesday, January 14th and 15th. A program for the convention, prepared by County Superintendent Seibert, has been sent to all of the school directors.

The topics assigned for discussion are as follows:

"The New Minimum Salary and Its Effect Upon Our Schools," D. A. Floto, W. T. Geddes, Thomas E. Null.

"The Resignation of Teachers—Its Effect, Its Prevention, etc.," R. W. Lohr, L. S. Lincoln, W. S. Matthews.

"The Director's Duty in School Sanitation," Dr. R. T. Pollard, Dr. O. J. Shank, Dr. W. S. Kuhlman.

Prof. R. M. McNeal, of the State Department of Instruction, will discuss "The Business Phase of School Administration," "The School Director and Public Sentiment," and "The Educational Phase of School Administration."

"The Graduation of Teachers' Salaries," Charles R. Hay, L. V. Yoder, Dr. M. V. Sorber.

"Township High Schools," Dr. C. F. Livengood, C. L. Shaver, J. M. Lambert, J. H. Gumbert.

"Economy in Employing the Best Qualified Teachers," L. A. Hay, L. C. Boyer, E. L. Knepper, Pierce Miller.

"Music in the Public Schools," Jacob J. Walker.

"Truancy—Its Cause, Its Prevention," the Rev. W. C. Sykes, M. W. Speicher, Wm. Engle, J. H. Hentz.

"The Value of Directors' Conventions," the Rev. A. S. Glessner.

Other features of the program will be the annual address of J. M. Cook, president of the Association, Topical Talks by F. G. Fryburg and the Rev. D. S. Weimer, Kindergarten Remarks by L. C. Colborn, and a drill by the pupils of the kindergarten.

An attractive feature of the convention will be a free lecture on Tuesday evening, by Dr. W. T. Sherman Culp, a man with mirth and a mission, who has been on the lecture platform for a number of years with great success. He has been called again and again to the same places. His subject will be "Uncrowned Kings."

The school directors' convention is to the director what the annual teachers' institute is to the teacher, and the director who takes an interest in school work will be there. Under a recent act of Assembly, directors are allowed two dollars a day and mileage at the rate of three cents, so that there can be little excuse from that source for not attending the convention. The teacher is not wholly responsible for the condition of the school. Back of the teacher is the board of directors who, after all, are the court of last resort. With them rests the final decision whether the schools shall be good or bad, says the Somerset Standard.

Bowling News—A New Power Has Arisen in Sporting Circles.

Some time has elapsed since any following news appeared in our columns, as interest in the American game of ten pins has for some time appeared to be on the wane. However, considerable interest has lately been aroused in local sporting circles in games played between the erstwhile Salisbury Champions and a local scrub team that had sufficient sand to go up against the Champions in a contest. And what makes the interest in the sport all the more intense, is the fact that the Scrubs have demonstrated their ability to beat the Champions most unmercifully.

On Monday evening three games were pulled off between the Champions and the Scrubs, two of which were won by the Scrubs. Following are the scores: First game—Champions, 708; Scrubs, 779. Second game—Champions, 687; Scrubs, 623. Third game—Champions, 687; Scrubs, 698.

In the last of the three games mentioned, the Scrubs piled up the highest score ever made by any team on the Salisbury ten pin alleys.

Last night three more games were played on the home alleys by the two teams aforesaid, the Scrubs again winning two of them. Following are the scores: First game—Champions, 707; Scrubs, 682. Second game—Champions, 628; Scrubs, 732. Third game—Champions, 674; Scrubs, 780.

The Scrub team, Monday evening, was composed of Harry Reitz, Robt. Gibson, Jr., Clyde Wagner, Peter Fate and Emory Musser. Last night John Schramm took the place of Gibson in the Scrub team. Owing to a charitable feeling for the erstwhile Champions, and in consideration of the good work they have done in defeating the other teams in the bowling league, we will not publish their names at this time, for it might cause them to feel bad.

As to the league games, concerning which this paper has given no report for some time, suffice it to say that the Berlin team seems to be somewhat in the lead, in the present series of contests for the championship, while Meyersdale has pulled its team entirely out of the contest, owing to its inability to be even common amusement for its rivals.

A couple of weeks ago Salisbury defeated Somerset three straight games on the Salisbury alleys, and in turn was beaten three games on the Berlin alleys, by the Berlin team, by a narrow margin.

Her Day.

Despairing Lover—Hilda, have you nothing to say in answer to the letter I wrote to you last Thursday?
The Helms—I have not looked at it yet, Algernon. Next Monday is my day for opening sealed proposals! —Illustrated Bits.

True Politeness.

Aunt (showing small nephew who has come on a visit, round the ground)—Now, dear, I'll just take you through the orchard then I must really go and lay down.
Nephew—Auntie, if you'd rather go at once, you know, please do. I— I shouldn't be a bit lonely. —Punch.

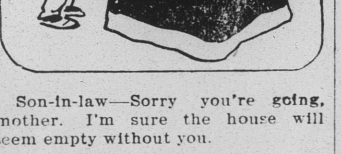

Suitable Name.

Chumpley—We've organized an amateur dramatic club, and we're looking for an appropriate title and motto for it.
Jigley—Why not 'think twice before you act'?

Son-in-law—Sorry you're going, mother. I'm sure the house will seem empty without you.

Inharmonious.

Parrot No 1—"What a fine pair of boots Mr. Monk has!"
Parrot No 2—"Yes; but isn't it a pity that he doesn't shine at the other end as well?"

PAIN

Pain in the head—pain anywhere, has its cause. Pain in congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruse your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets
