Does Not Color Hair

Ayer's Hair Vigor, as now made from our new improved formula, does not stain or color the hair even to the slightest degree. Gray hair, white hair, blonde hair is not made a shade darker. But it certainly does stop falling hair. No question about that.

Indeed, we believe it will stop every case of falling hair unless there is some very unusual complication, something greatly affecting the general health. Then you should consult your physician. Also ask him about the new Ayer's Hair Vigor.

At times when you don't feel just right, when you have a bad stomach, take something right away that will assist digestion; not something that will stimulate for a time, but something that will positively do the very work that the stomach performs under ordinary and normal conditions, something that will make the food digest. To do this you must take a natural digestant like Kodol For Dyspepsia. Kodol is a scientific preparation of vegetable acids with natural digestants, and contains the same juices found in a healthy stomach. Each dose will digest more than 3,000 grains of good food. It is sure to afford prompt relief; it digests what you eat and is pleasant to take. Sold by E. H. Miller. 3-1

Levi Cochrane Dead.

The subject of this sketch, who was so badly injured last week by being bruised and mangled in an accident caused by jumping from a rapidly moving train of mining cars, mention of which was made in last week's STAR, died of his injuries at the Passavant Hospital, in Pittsburg, on Wednesday evening of last week.

When the sad news reached Salisbury, the whole community was saddened, for the deceased was a young man of many good qualities, and he was held in high esteem by a host of friends. His untimely death also brought sorrow to many hearts in Meyersdale, where he was well known and very popular.

Levi Cochrane was a young man of intelligence and most admirable disposition—kind and generous to those about him, and with a smile and good will for everybody. He was aged almost 22 years.

The funeral service was held at the Lutheran church, last Saturday afternoon, conducted by the Rev. L. P. Young, assisted by Rev. E. S. Johnston, D. D. The floral tribute was the finest ever witnessed in Salisbury, which attested the high esteem the young man was held in. The attendance at the funeral was very large.

Interment was made in the I. O. O. F. cemetery.

Grippe is sweeping the country. Stop it with Preventives, before it gets deeply seated. To check early colds with these little Candy Cold Cure Tablets is surely sensible and safe. Preventives contain no Quinine, no laxative, nothing harsh or sickening. Pneumonia would never appear if early colds were promptly broken. Also good for feverish children. Large box, 45 tablets, 25 cents. Vest pocket boxes 5 cents. Sold by All Dealers. 3-1

Everything taken into the stomach should be digested fully within a certain time. When you feel that your stomach is not in good order, that the food you have eaten is not being digested, take a good, natural digestant that will do the work the digestive juices are not doing. The best remedy known today for all stomach troubles is Kodol, which is guaranteed to give prompt relief. It is a natural digestant; it digests what you eat. It is pleasant to take and is sold here by E. H. Miller. 3-1

REV. E. S. JOHNSTON, D. D.

First Pastor of Messiah Lutheran Church; Nearly Half a Century in the Ministry.

Among the strangers who are in the city attending the Jubilee or Semi-Centennial meeting of the Messiah Lutheran church, a prominent figure is that of Rev. E. S. Johnston, D. D., the first pastor of the congregation.

Mr. Johnston was born in Huntingdon county, Pa., April 9, 1834, and is therefore in the 74th year of his age. His primary education was obtained in the local schools of Blair county, where his childhood was spent and from whence he entered the Pennsylvania College at Gettysburg, graduating from that institution in the year 1858. The first two years after his graduation he remained at Gettysburg as a teacher in the preparatory department of the college, and from there he came to this city at the call of the Zion Lutheran church, in 1860, to take charge of the congregation which at that time existed as a mission of said church, and later became an independent congregation under the name of Second Lutheran church of Harrisburg, at a later period being changed to the name it now bears, Messiah Lutheran church.

Mr. Johnston's ministrations to this church continued until November, 1886, when he resigned to accept a call to the pastorate of the Emmitsburg Lutheran church, located in the state of Maryland, a few miles south of Gettysburg. He continued in the Emmitsburg field 22 years, when in November, 1888, he accepted a call to the Stoystown charge in Somerset county, Pa., in which county he has remained until the present time. His second field of labor in Somerset county was the Salisbury charge, to which he went in May, 1894, and occupied that pastorate 10 years. His last charge and present field of labor is composed of the Wellersburg and White-Oak churches in the same county.

As a recognition of his valuable service to the church of his choice, as well as his scholarly attainments and ability as a gospel minister, the Susquehanna University, about 10 years ago, conferred upon him the degree of Doctor of Divinity.

Dr. Johnston's genial disposition and courteous treatment of all with whom he comes in contact, not only endear him to his own people, but also make him a favorite among those who affiliate with other churches.

It is quite refreshing to meet one of Dr. Johnston's age who carries his years so lightly and manifests so much of the vigor of mind and body that is expected only in younger men. In him is verified the saying of the wise King of Israel, "Happy is the man that findeth wisdom. Length of days is in her right hand and in her left hand are riches and honor." The Doctor may not be rich in worldly possessions, but they who know him best realize that he is rich in what counts for more than the "things that perish."—Harrisburg Telegraph.

Prohibition County Convention.

The Prohibition County Convention will be held in Wolf's Hall, Rockwood, Pa., on Tuesday, Feb. 25, 1908, beginning at 10 a. m., for the purpose of suggesting candidates for all county offices, two candidates for the Legislature and one candidate for Congress, to be voted for at the April primary. Also to select six delegates and six alternates to the National Convention, one County Chairman, one Secretary County Committee, and one Treasurer County Committee, and to transact such other business as properly comes before the convention.

We invite all voters—without regard to past political affiliations—who believe with us that the liquor traffic is an unnecessary evil, that it breeds crime, promotes poverty, increases taxation and is an enemy of all legitimate business enterprises, inasmuch as the money spent over the saloon bars should find its way into legitimate channels of trade for the necessities and comforts of life.

State Chairman David B. McCalmont, of Franklin, will attend the convention and address a mass meeting in Wolf's Hall in the evening.

Prohibitionists from all districts in the county are expected to be present. The Local Option question will be thoroughly discussed, as will also the advisability of nominating two of the Republican Legislative, Local Option, anti-Peppose candidates on the Prohibition ticket.

FRED GROFF,
Chairman County Committee.

Delighted with Our Position on Local Option Question.

Our cousin John H. Yost, who has risen from an obscure country boy from Garrett county, Md., to a prominent and well-to-do business man of the flourishing city of Roanoke, Va., has the following to say in a recent letter concerning THE STAR's position on the Local Option question:

"I am much delighted to see the announcement in THE STAR, and the noble stand you take in the temperance movement. So many men who run for office do not have enough backbone to come out boldly and take the stand you do. You need not fear that the good people of Somerset county will not stand by you. I am pleased to inform you that the only Republican congressman from our state (Mr. Sloop) announced himself on the temperance platform, and was elected by an overwhelming majority.

"It is useless to say to you that the saloons are a great evil. Everybody knows it, and why not get rid of them?"

"The Anti-Saloon League has also organized in our city, and I am taking an active part in it, and we feel sure of a great victory."

Stop that tickling Cough! Dr. Shoop's Cough Cure will surely stop it, and with perfect safety. It is so thoroughly harmless, that Dr. Shoop tells mothers used to injure or suppress. Demand Dr. Shoop's. Take no other. Sold by All Dealers. 3-1

Pecculiarities of Long Island.

The class in geography in one of the Brooklyn schools was asked by the teacher, "What are some of the natural pecculiarities of Long Island?" The pupils tried to think, and after a while a boy raised his hand.

"I know," said he.

"Well, what are they?" asked the teacher.

"Why," said the boy, with a triumphant look, "on the south side you see the sea and on the north side you hear the sound."—Idaho Scimitar.
