ELECTRIC BITTERS THE BEST FOR BILIOUSNESS AND KIDNEYS.

MIX THIS.

Prepare it at Home By Shaking Ingredients Well in a Bottle.

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription, as formulated by a noted authority, who claims that he has found a positive remedy to cure almost any case of backache or kidney or bladder derangement, in the following simple prescription, if taken before the stage of Bright's disease:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

A well-known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic afflictions with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

ACCORDING to the market reports, "money is easy," but the men who have it are not.

IN regard to the Presidency, Pennsylvania thinks the opportunity Knox at her door, but Ohio is also hot Taftier it.

POLISHING the corridor floor at Mat-teawan, Harry Thaw gets his first notion of what it means to have a useful trade. It may help.

THE Democratic nomination will simply have to continue chasing Mr. Bryan so long as he drags it around after him with a rope.

THE experience of the Countess of Yarmouth seems to indicate that it is almost as expensive to get rid of a title as it is to acquire one.

MR. BRYAN deserves well of his party for the able manner in which he helps it to make up its mind when a Presidential candidate is to be chosen.

A FORAKER club has stampeded to Taft and a Taft club has stampeded to Foraker, in Ohio. That leaves things right where they started, anyhow.

"AN Ohio hen chews tobacco," says the Salt Lake Tribune. If chewing tobacco were confined to animals that can't spit, the habit would be more bearable.

NOW THAT prohibition cities have to tear down their jails because they have no more use for them, the liquor interest will conclude that the contest is hopeless.

MR. WATSON is "thundering away at the smart set in New York again," according to the Milwaukee Sentinel. The Colonel should reserve his thunder for big game.

EVELYN THAW may be justified in her protest against the wall paper at Mat-teawan. There is some very crazy if not criminal wall paper even outside the asylums.

THE Lynn (Mass.) hen that recently laid an egg containing a quarter, undoubtedly did it to confound the folks who have been insisting that there is no money in chickens.

A MR. BEARD and a Mr. Shaver had a vicious fight in an Indiana town, recently, and we suppose Mr. Shaver may be depended upon to cut Mr. Beard's acquaintance in the future.

A ST. LOUIS man is spending a fortune of \$1,000,000 in the interests of those who are down in the world. He can accomplish a greater amount of good by devoting the money to those who are honestly trying to get up in the world.

"THERE is a growing feeling that Congressmen are not earning that 50 per cent. increase in salary," says the Commoner. Well, that is not apt to cause any feeling of disappointment throughout the land; did anybody expect them to?

"LET us hope that Mr. Bryan will not expect the customary \$500 fee for the able speech of acceptance he will deliver at the Denver convention," says the Indianapolis Star. Don't worry! The gentleman is going to remain at home and have the nomination delivered on his front porch in Lincoln, Nebraska.

NEIGHBORHOOD FAVORITE.

Mrs. E. D. Charles, of Harbor, Maine, speaking of Electric Bitters, says: "It is a neighborhood favorite here with us." It deserves to be a favorite everywhere. It gives quick relief in dyspepsia, liver complaint, kidney derangement, malnutrition, nervousness, weakness and general debility. Its action on the blood, as a thorough purifier, makes it especially useful as a spring medicine. This grand alterative tonic is sold under guarantee at E. H. Miller's drug store. 50c. 3-1

Japanese Buy Gallstones.

Chicago, Jan. 17.—Chicago packers are selling gallstones at high prices to the Japanese. What the subjects of the mikado do with the queer product of Packingtown is a mystery, but they use great quantities and are willing to pay any price demanded for them.

The report of the business, which had been kept a trade secret as far as this city is concerned, comes from the Canadian trade commissioner at Yokohama. He says one big Chicago firm sold its output to a Japanese for \$14.94 a pound, and that the importer retailed his product for \$99.60 a pound.

In order to discover the value of its product, the firm increased its price steadily, but the Japanese continued to buy all the gallstones they could procure.

NEGLECTED COLDS THREATEN LIFE.

[From the Chicago Tribune.]

"Don't trifle with a cold," is good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold. Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures of this ailment. A cold never results in pneumonia when it is given.
