The Family Physician

The best medicines in the world cannot take the place of the family physician. Consult him early when taken ill. If the trouble is with your throat, bronchial tubes, or lungs, ask him about taking Ayer's Cherry Pectoral. Then take it or not, as he says.

Ayer's

Bilious attacks, sick-headaches, indigestion, constipation, dizzy spells—these are some of the results of an inactive liver. Ask your doctor if he endorses Ayer's Pills in these cases. The dose is small, one pill at bedtime.

Chas. E. Stonesifer, a job printer from Hyndman, Pa., was a welcome caller at THE STAR office, Monday. Mr. Hay formerly owned the entire hill, but it passed out of his hands several years ago. The portion which has again come back into his possession was secured from Calvin Bowman. We may now expect to see old Flog Hill blossom as the rose. For Mr. Hay intends to farm it, and as a farmer, he is hard to beat.

Mr. John Rihg, of Vining, Ia., says "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold. Editor "Jim" Begley, of the Berlin Gleaner, was a welcome caller at THE STAR office, last Saturday, it being the first visit he ever made to Salisbury. He expressed himself well pleased with our town, and we trust it will not be his last visit to Salisbury, for we have a number of handsome widows in town that may be interested in a good-looking widower like Editor Begley, who is not only blessed with ability as an editor, but is a good physical specimen, being about six feet tall and tipping the beam at 207 lbs.

All salaried employes of the Somerset Coal Company, from President Watson down to clerks receiving upwards of \$50 per month, will receive checks calling for 10 per cent. less on April first than they have heretofore received. The reduction does not apply to miners and outside men, many of whom are employed only four and five days a week. The coal market was never as dull as at present, and those in a position to correctly forecast the future say that there is little chance of improvement until the present financial stringency blows over. Mills and railroads have nearly all reduced their working forces, thousands of locomotives and hundreds of thousands of cars are idle, and mining concerns have been hard hit everywhere, says the Somerset Herald.

Remember that when the Stomach nerves fail or weaken, Dyspepsia or Indigestion must always follow. But, strengthen these same weak inside nerves with Dr. Shoop's Restorative, and then see how quickly health will return. Weak Heart and Kid. again, return. Weak Heart and Kid. again, return. Weak Heart and Kid. again, return. Weak Heart and Kid. again, return. Weak Heart and Kid. again, return.

\$100,000 paid by Dr. Shoop for any recent case of Grippe or acute Cold that a 25 cent box of Preventives will not break. How is this for an offer? The Doctor's supreme confidence in these Little Candy Cold Cure Tablets—Pre-take. It is certainly complete. It's a \$100, against 25 cents—pretty big odds. And Preventives, remember, contain no quinine, no laxative, nothing harsh nor sickening. Pneumonia would never appear if early colds were always broken. Safe and sure for feverish children. 48 Preventives, 25c. Sold by all dealers.

We have been informed that the several examining boards of the Bituminous districts will hold a meeting in Pittsburg, about the last of March, to formulate questions and set dates for the examinations. This is what Hon. Jake Moore, State Warden of Georgia, says of Kodol For Dyspepsia: "E. C. Dewitt & Co., Chicago, Ill.—Dear Sirs—I have suffered more than twenty years from indigestion. About eighteen months ago I could not digest a crust of corn bread and could not retain anything on my stomach. I lost 25 lbs.; in fact I made up my mind that I could not live but a short time, when a friend of mine recommended Kodol. I consented to try it to please him, and I was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly, and write this hoping that humanity will be benefited. Yours very truly, Jake C. Moore, Atlanta, Aug. 10, 1904." Sold by E. H. Miller.

TRUST A WELL BRED WOMAN

to know where to get the best of everything. She knows that, especially in drugs, medicines, toilet articles and stationery, there's never anything gained, and frequently much lost by using something cheap and inferior.

We have quite a crowd around our place, but there's always room for one more, and our clerks are of the spry kind. They don't keep a customer hanging around half a day before being waited upon.

What do Editors Live on?

While doing some shopping in one of our grocery stores, recently, we chanced to hear a little boy ask his father what that man was buying beans. "That is our editor," said the father. "What do editors live on?" said the inquisitive little boy. "Why do you ask that question?" said the indulgent father. "Because I heard you say you had taken our home paper for three years and had never paid a cent for it." To save the father from embarrassment, we left the store, but it is safe to predict that the child got spanked when the father got him home.—Ex.

DO NOT CROWD THE SEASON.

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their fannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale at Miller's Drug Store.

MODEL Meat Market!
