We handle the choicest and purest of country produce, and deliver goods promptly.

West Salisbury Feed Co.

2130 Syracuse "EASY" Washers

were ordered for 30 days' trial by readers of our advertising in one medium only. 112 only were returned from all causes. It must be assumed that the 2018 people who kept and paid for the washer did so because it was worth more to them than the money it cost. They all had the privilege of returning the "EASY" at our expense same as you will have if you try one. You will keep it for the same reason if you try it.
They expressed their satisfaction in the most positive terms. We will show extracts from their letters upon your request. Ask for our free book. It tells you why the "EASY" is a woman's machine. Pages 3-20 tell you how to cut washing expense in half and save your clothes whole, white and sweet, the way you like them. Pages 32-34 tell you how washing and bleaching are done in one operation.

Administrator's Notice.

Estate of Solomon Meese, Deceased, late of Elk Lick township, Somerset county, Pa. Letters of administration on the above estate having been granted to the undersigned, notice is hereby given to all persons indebted to said estate to make immediate payment, and those having claims against the same to present them duly authenticated for settlement, to the undersigned, at his residence in Elk Lick township, on Friday, April 10th, 1908. JAMES M. WATSON, Administrator.

PUBLIC SALE OF VALUABLE REAL ESTATE!

By virtue of an order of sale issuing out of the Orphans' Court of Somerset county, Pa., to me directed, I will expose to public sale, on the premises, on Lot No. 81 hereinafter described, in Hooversville, Pa., on FRIDAY, MARCH 27, 1908, AT ONE O'CLOCK, P. M.,

all the following described real estate, late the property of Gaetano Fiasco, deceased, viz: No. 1. A certain lot of ground situate in the township of Quemahoning, county of Somerset, Pa., fronting 50 feet on Chestnut St., and extending back in uniform width, 120 feet, to Maple alley, bounded on the north by Alley "A", and on the south by Lot No. 81, being known on the Weigle plot as lot No. 78.

No. 2. A certain lot of ground situate in the township of Quemahoning, county of Somerset, Pa., fronting 50 feet on Chestnut St., and extending back in uniform width, 120 feet, to Maple alley, bounded on the north by Lot No. 78, and on the south by Lot No. 81, being known on the Weigle plot as lot No. 81.

No. 3. A certain lot of ground situate in the borough of Hooversville, county of Somerset, and state of Pennsylvania, fronting 50 feet on Sugar street, and extending back in uniform width, 120 feet, to Spruce alley, bounded on the north by Alley "D", and on the south by Lot No. 82, and known on the Weigle plot as lot No. 56.

No. 4. A certain lot of ground situate in the borough of Hooversville, county of Somerset, Pa., fronting 50 feet on Sugar street, and extending back in uniform width, 120 feet, to Spruce alley, bounded on the north by Lot No. 82, and on the south by Alley "E".

TERMS:—Twenty-five per cent of the purchase money to be paid cash on day of sale. Balance to be paid on completion of sale and delivery of deed. H. F. YOST, Administrator and Trustee of Gaetano Fiasco, deceased.

FOR SALE!

Grocery and Restaurant Doing a Prosperous Business.

The undersigned, owing to poor health, desire to sell their well-organized and prosperous grocery and restaurant business. The business is a very desirable one, as the building in which it is located can be rented at a reasonable figure, and nearly four acres of ground go with it that is highly adapted to market gardening. The finest of spring water on the premises also many choice fruit trees and small fruit. Business amounted to nearly \$7,000 during the past year, and trade increasing right along. Poor health the only reason for selling.
For terms and full particulars, apply to
MURPHY BROS.,
Elk Lick, Pa.

FOR SALE!—A Runabout, good as new. Can be bought cheap. Apply to Robt. H. Johnston, Elk Lick, Pa.

CATTLE FOR SALE!—One fine yearling Durham Bull, also some good fresh Cows. Apply to C. B. Dickey, Elk Lick, Pa.

COW FOR SALE!—One fine, young, fresh cow, Jersey and Durham. Apply to A. L. Williams, Elk Lick, Pa.

WHEN A MAN TELLS YOU it does not pay to advertise, he is simply admitting that he is conducting a business that is not worth advertising, a business conducted by a man unfit to do business, and a business which should be advertised for sale.

MIX IT.
Says Many Persons Here Can Be Made Happy Again By Using This.

There is so much Rheumatism here in our neighborhood now that the following advice by an eminent authority, who writes for readers of a large Eastern daily paper, will be highly appreciated by those who suffer:

Get from any good pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces of Compound Syrup Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture, and in most cases a permanent cure is the result.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the Kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only Rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

MYSTERIOUS DEATH.
Was it Murder or Suicide?—Stoney-creek Woman's Death Arouses Much Suspicion.

The wife of Allen Will, of Stonycreek township, died under very suspicious circumstances, at her home, on the evening of the 7th inst. Several reports are current, and the following is one of the latest: Coroner C. L. Friedland held a post mortem examination, and in the stomach was found a large amount of arsenic and other poisons. But the unanswered question now is, did the woman take the poison herself and commit suicide, or was it given her by another party? It is stated that a package of poison was found in the house, but no one knows how it got there.

Several conflicting statements have been made. It is stated that when Mrs. Will was not feeling well, a few days prior to her death, a neighbor woman came to the home and prepared supper, after which Mrs. Will became violently ill, and never recovered.

Still another statement is that Mrs. Will recently sold some coal land for about \$8,000, and her husband wanted \$4,000, but she refused to let him have it.

The 12-year-old daughter is at the point of death from the result of the shock. Her mother was in poor health for many weeks, and many feel that she took the poison to end her agony.

She was 32 years old, and a daughter of Alexander Walker of Stonycreek township. She is survived by her husband and four children, their ages ranging from one to twelve years.

The stomach has been sent to Harrisburg for examination. Officers are hard at work on the case, and arrests may follow in a short length of time, if they have not already been made.

DO NOT CROWD THE SEASON.

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale at Miller's Drug Store. 4-1

Impressed With Our Declaration on Local Option.

MEYERSDALE, PA., March 7, 1908.
Mr. P. L. Livengood, Elk Lick, Pa.
DEAR SIR:—Being impressed with the remarkably strong way in which Local Option is put by you in a recent issue of your paper, I enclose some stamps for as many copies of the same as they may cover.

Thanking you in advance for them,
Very Sincerely,
PAUL WEYAND.

NO CASE ON RECORD.

Refuse any but the genuine Foley's Honey and Tar in a yellow package. Contains no opiates and is safe and sure. Sold by all druggists. 4-1

A Revolting Argument Against Vaccination.

From Physical Culture Magazine.

This magazine has from time to time published articles on vaccination in which have been related the futility of the crime of injecting pus from a diseased animal into the healthy human body for the alleged purpose of preventing disease in the latter. Among the many doctors who seem to have been offended by this course is E. A. Hall, M. D., of Henry, Ill., who signs himself President of the Village Board of Health. So Dr. Hall has forwarded a communication which, in the opinion of this magazine, should be suppressed by the Health authorities. It starts off with the representation of the face of a man who "did not believe in vaccination," such face being of a normal and healthy sort. Then follows a series of pictures allegedly taken from the third day of his having acquired smallpox up to the sixteenth, the pictures being indescribably repulsive. Indeed, in the case of a nervous individual, a scanning of them would, in our opinion, be likely to bring about serious results. There are also other pictures in the delectable pamphlet, illustrating little children with cases of smallpox, elderly persons ditto, while the last page gives views of a horde of individuals who are suffering from the disease. Comment on such a method of "preventing" smallpox is unnecessary. The simple fact remains that it is a filth disease and that it cannot be cured by the injection of other filth into healthy veins or tissues. Dr. Hall will perhaps be interested in reading the following facts regarding vaccination. The quotation is made from an article in the Washington Herald, by Mr. Harry B. Bradford:

"The official report of vaccination of the Surgeon General of the American Army in the Philippines during 1896—1901, inclusive, is as follows: 714 cases of smallpox, 249 deaths—everyone vaccinated and re-vaccinated." The Bavarian troops, which were re-vaccinated without exception, had five times the death rate from smallpox in 1870—71 than the Bavarian civil population had, although revaccination was not obligatory among the latter.

"The cases of smallpox among the civil population of this country in 1871—72 numbered 30,742, 29,429 of whom were vaccinated, 95.5 per cent. Sir Thomas Chambers, Q. C., M. P., recorder of the City of London, says: "Of 155 persons admitted to the smallpox hospital in the Parish of St. James, Piccadilly, 144 were vaccinated. At the Hamstead Hospital, London, out of 2955 admissions, 2397 were vaccinated. In Marylebone 92 per cent. of those attacked by smallpox were vaccinated. Can anyone, after this, be found to contend that vaccination is a protection?"

"Dr. Alexander Wilder says: 'Consumption follows vaccination as effect follows cause.'

"Dr. Dennis Turnbull says: 'In my judgement, the most frequent disposing condition for cancerous development is infused into the blood by vaccination and revaccination!'

"Dr. M. A. Wesner says: 'Vaccine pus is a poison, the purer the more certain and fatal!'

"Dr. W. Hitchman says: 'I have seen hundreds of children killed by vaccination.'

"Dr. Zachary Miller writes: 'What does it profit you, if by your efforts, you have gained perfect health, and your government vaccinates you and you are rendered a cripple?'

"Professor Vogt, author of 'The Lymph Dogma,' said: 'No man should be entrusted with a chance for tampering with his fellow-man's blood.'

"Daniel Webster said: 'Compulsory vaccination is an outrage and a gross interference with the liberty of the people in a land of freedom.'

"Vaccination is lunacy on the very face of it. It would seem rather unnecessary to argue that the poison which an animal's diseased system throws off, as dangerous and deadly to its own life, is not fit stuff to throw into human blood. A father would kill a rabid dog which put his foaming poison into his child's leg, but he will pay a 'Health' officer for putting diseased corruption into his child's arm."

THIS IS WORTH REMEMBERING.

Whenever you have a cough or cold, just remember that Foley's Honey and Tar will cure it. Do not risk your health by taking any but the genuine. It is in a yellow package. Sold by all druggists. 4-1

A Deserved Thrust from the Berlin Record.

There have been several rumors regarding "slate"-making, during the past week or two, but nothing developed along that line until last Thursday, when the Campaign Committee of the Anti-Saloon League met at Rockwood and slated candidates for the Assembly. By this action they broke in upon the political situation in the county and "trod upon ground where others feared to venture." The liquor question needs attention, and the traffic should be prohibited in the state and nation. But the zeal of the members of the committee got the better of their judgment, and by their actions they have not only hurt their cause, but have done the candidates they "slated" an injustice, practically eliminating them from the race for Legislative honors.
