# LETTERS FROM USERS OF THE Syracuse "EASY" Washer

"Your machine is a complete success. I learned more about washing out of your little booklet than I ever would have from all the women I could stand in a row. I have been paying \$1.25 a week for washing when I can do the same in two hours with the 'EASY'."  
J. M. BYRD, Hampden, Va.  
"We have tried the 'EASY' and find it just as you represent it and the only washer I ever saw that does the washing clean without rubbing on the board. It is easy to work and does the washing thoroughly. It certainly has no equal."  
E. E. LIGGETT, R. D. 1, Box 4, Avella, Pa.  
Make the washing easy for one-twelfth of the year at our expense. Wash everything washable in the house. If you cannot make the 'EASY' earn its price during the house-cleaning season return it at our expense.  
Pages 26-27 of our free book on Washing Formulas give you valuable information on washing flannels.

**DENTAL NOTICE.**  
I wish to announce that after May 4th I will have Dr. J. J. Kenney, of New York, associated with me in the practice of dentistry. We will devote the first 10 days to extracting teeth, positively without pain or any bad effects.

I have my office furnished with all the very latest improved appliances for making bridge and crown work, also for making metal plates that cannot be broken. Same can be made to fit any mouth.

We are also prepared to do all kinds of gold filling, porcelain filling and gold inlay work. We would be pleased to have you call at our office and see for yourself, and let us explain all of the new methods. It will be done cheerfully, and this involves no obligation on your part. We want the people to see how easy teeth can be extracted without pain. We make no charge when the patient claims to feel the least pain.

In order to introduce this new work, I will allow car fare on all bills amounting to \$5.00 or more. Yours respectfully,

**LAWS FOR NEW CRIMES.**

If Droco and Solon, the old-time lawmakers, should revisit the earth, a tour of investigation in these United States would make it speedily clear to them that we moderns, as well as the ancients, busy ourselves pretty much all the time with the framing of new laws.

"I am fined for failure to provide good drinking water on my passenger trains," a Rhode Islander might say; to which a fellow-railroader in South Carolina would add:

"In this state a jail sentence follows a neglect to provide spittoons for every two seats in our cars."  
A man in Virginia says: "I killed a partridge on the 2d day of February, for which I must serve time in jail."  
In Tennessee a man must pay a fine or serve three years imprisonment for killing fish with dynamite.

In Wisconsin a baker must serve three weeks in jail for sleeping in his bakery.  
In California nurses are punished by fine or imprisonment should they fail, in the proper instance, to notify the physician of certain phases of illness in their patients.

To water a bicycle path in the state of Ohio is an offense punishable by heavy fine and sometimes imprisonment.  
In most of the states it is a penal offense to tap a telegraph wire or to sell kerosene that is not up to the fire test.

If the old lawgivers were to extend their tour of investigation, says Harper's Weekly, they might learn of men fined or imprisoned for countless offenses the very means for committing which were unknown 100 years ago.

**VALUED SAME AS GOLD.**

B. G. Stewart, a merchant of Cedar View, Miss., says: "I tell my customers when they buy a box of Dr. King's New Life Pills they get the worth of that much gold in weight, if afflicted with constipation, malaria or biliousness." Sold under guarantee at E. H. Miller's drug store. 25c. 6-1

**IT REACHED THE SPOT.**

Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co., of Pike county, O., says of Dr. King's New Discovery: "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my cough,—when everything else failed." Dr. King's New Discovery not only reaches the cough spot; it heals the sore spots and the weak spots in throat, lungs and chest. Sold under guarantee at E. H. Miller's drug store. 50c. and \$1.00. Trial bottle free. 6-1

**Sues B. & O. for Damages.**

Mrs. Cora J. Otto of Rockwood, widow of the late William Otto, the well known railroad engineer, has brought suit against the Baltimore & Ohio Railroad Company for \$2,000. In her statement the plaintiff alleges the following facts, upon which she bases her action: William Otto until the time of his death, early in 1906, was employed on the B. & O. in the capacity of a locomotive engineer, and as such he was a member of the relief department in what is known as Class D. Under the contract between the deceased and the B. & O.'s relief department, the company kept from Otto's pay \$1 monthly. Membership in this department entitled Otto's widow to \$2,000 in the event that her husband's death was the result of a railroad accident. Mrs. Otto also alleges that while her husband was performing his duty, making the customary inspection about his engine, dropping and raising the grate, he accidentally injured himself about the groin, causing hemorrhages from which he died.

**PERSONAL.**

If any person suspects that their kidneys are deranged they should take Foley's Kidney Remedy at once and not risk having Bright's disease or diabetes. Delay gives the disease a stronger foothold, and you should not delay taking Foley's Kidney Remedy. Elk Lick Pharmacy, E. H. Miller, proprietor. 6-1

**Must Pay Full Rate.**

G. L. Potter, Third vice president of the Baltimore and Ohio Railroad Company, has issued an order that hereafter employees of that road must pay the full express rates, and that no express matter will be carried free of charge. This order is said to be the result of complaints made by the express companies, and will effect every trainman on the line, as well as some of the higher officials. It has been customary for the men in charge of baggage and express cars to handle express matter for trainmen without charge. The practice was extended to all parts of the system, and the express companies claim to have lost thousands of dollars.

# Timber Owners Organize to Fight Fire.

One of the most important economic movements of the day about which the general public has learned little is the concerted action of owners of timber in different parts of the country in organizing associations to protect their holdings from fire. In the Pacific Northwest, the Washington Forest Fire Association has just elected officers at Seattle and begun work for the year with 3,000,000 acres under its care. The plans include a system of patrol by rangers resembling the work done by the United States Forest Service in guarding against and extinguishing fires.

Organizations of similar kind and for a like purpose are at work in Oregon and Idaho. In the latter state, a portion of the expense is borne by taxation and paid from the State treasury. A western railroad company which holds large tracts of timber has taken steps to guard its property from fire, and during the short time that its plans have been in operation, it has met with most encouraging success.

Similar work is being done on the other side of the continent. Forest owners in Maine have gone to work in the same systematic way to control the forests' great enemy, fire. Like organizations are found in other parts of the country, showing how fully it is now realized that protection against fire is of the greatest importance.

It is safe to say that fires in this country have destroyed more timber than lumbermen have cut. When timber was abundant, the waste passed almost unnoticed, but now that a scarcity is at hand and an actual wood famine threatens in the near future, the owners of forest lands are waking up and taking action to save what is left.

# Free Seeds.

We have a fine assortment of vegetable seeds at THE STAR office for free distribution among the friends and patrons of the paper. But remember, they will not be doled out to children. They will be given to adults only, and those who want some of the seeds must not send children for them.  
If you are in arrears on your subscription, don't forget to bring a little cash to pay for your paper when you call for a package of free seeds. And finally, be sure not to send children for seeds. You have no right to expect anything free from us if you do not have sense or manners enough to respect our rules in this free seed distribution. tf

# COLDS THAT HANG ON.

Colds that hang on in the spring deplete the system, exhaust the nerve and open the way for serious illness. Take Foley's Honey and Tar. It quickly stops the cough and expels the cold. It is safe and certain in results. Elk Lick Pharmacy, E. H. Miller, proprietor. 6-1
