Where is Your Hair?

In your comb? Why so? Is not the head a much better place for it? Better keep what is left where it belongs! Ayer's Hair Vigor, new improved formula, quickly stops falling hair. There is not a particle of doubt about it. We speak very positively about this, for we know.

Does not change the color of the hair. Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says.

Ayer's

Indeed, the one great leading feature of our new Hair Vigor will be said to be this—it stops falling hair. Then it goes one step further—it aids nature in restoring the hair and scalp to a healthy condition. Ask for "the new kind."

According to a rumor that was afloat here several days ago, the Highland Inn, at Somerset, went up in smoke. The report, however, has been found untrue. The said inn is advertised to be open for business about June 1st, with "Billy" Landis, the well-known Vannear House clerk, as manager.

Frank Newman drilled in some grain, a few days ago, in a hill field on the old Boyd farm, near Boynton, where mortal man never before dared to venture the operation of a grain drill. The hill is so steep that it would almost seem necessary to shoot the grain into it by means of a cannon, and harvest it by means of an air ship with a reaper attachment.

George DeLozier has decided to embark in the grocery business at Sand Patch. He thinks the business outlook for another store at that place is very good. We wish George much success in his new venture, for he is a "riproariously" good fellow, and his customers will find him square and accommodating at all times. We shall be sorry to lose him as a citizen.

When you think of indigestion think of Kodol, for it is without doubt the only preparation that completely digests all classes of food. And that is what you need when you have indigestion or stomach trouble—something that will act promptly but thoroughly; something that will get right at the trouble and do the very work itself for the stomach by digesting the food that you eat, and that is Kodol. It is pleasant to take. It is sold by E. H. Miller. 6-1

Daniel Livengood, who is at present clerking in Miller's drug store, recently finished his second year in the study of pharmacy, at the Western University of Pennsylvania, in Pittsburg. At the examination he made the highest average of any member of the class, and he says he intends to do the very same thing at the close of his next and last

term. We'll bet on him making his declaration good, too. Daniel is the youngest son of Elijah Livengood, the maple sugar king.

Elder S. N. McCann lectured in the German Baptist Brethren church, Union street, last Saturday evening, Sunday morning and Sunday evening. His subject was "Foreign Missions," in which he is deeply interested, having spent the past nine years as a missionary in India. His audience found Elder McCann a very scholarly and entertaining talker. He will return to India next October, but while on his furlough he will talk in many of the churches of the denomination aforesaid on missions and mission work.

There is a Pink Pain Tablet made by Dr. Shoop, that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centers—that is all. Pain comes from blood pressure—congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets 25c. Sold by all dealers 6-1

Our Town Council recently purchased for the use of the borough, a lot from J. L. Barchus. The lot fronts on Smith avenue, and the Council is now advertising for bids for the erection on said lot of a one-story brick municipal building 27½x44½ feet. The building is to contain steel cages of the most modern type for prisoners, and a suitable room for holding elections, meetings of the Council, etc. The Council deserve much credit for this progressive move, as Salisbury has long needed such a building. The building used for the aforesaid purposes now is far too small, while the rent paid for it is beyond all reason.

A great many people imagine they have heart trouble when the fact is that the whole trouble lies in the stomach. The pains in the side around the region of the heart are not necessarily heart trouble. We suggest that you start with the stomach, and whenever you feel a depression after eating, or whenever your food seems to nauseate, take Kodol. It will not be very long until all these "heart pains" will disappear. Take Kodol now and until you know you are right again. There isn't any doubt about what it will do, and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by E. H. Miller. 6-1

Articles of incorporation were filed Friday, at Dover, Del., for the Meyersdale Construction and Equipment Company, to construct, operate and maintain railways. W. W. Staub, formerly of Meyersdale, and actively identified with the management of the Meyersdale & Salisbury Street Railroad Company, is one of the incorporators. The new corporation, it is suspected, will take over that concern, says an exchange. Salisbury may have a second street railway in due course of time. As "Mountain John" Ringler used to say, Salisbury will become a seaport, some day, and then we can put on airs about right.

Our portly friend A. H. Shumaker, of Tunnelton, W. Va., was a welcome caller at THE STAR office, Monday. "Lon" is looking thin, and reports weighing but 205 pounds, as against 220 some time ago. However, as he isn't more than about 5 feet, 5 inches tall, his weight isn't bad yet. He is still general manager of the Elk Lick Supply Company's Tunnelton store, but came here for a little visit with friends. He reports his family, consisting of his wife and five daughters, all well. It is needless to say that old Salisbury always has a royal welcome in store for "Lon" Shumaker and family, and we are sorry that it wasn't convenient for all of them to make us a visit on this trip.

Tired nerves, with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often slows up, the kidneys are inactive, and even the heart in many cases grows weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out, weakened nerves; it sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life, vigor, and ambition. Try it and be convinced. Sold by all dealers. 6-1

New B. & O. Schedule.

Official notices have been posted in all the ticket offices of the Baltimore & Ohio railroad that the new summer schedule of that road will go into effect Sunday, May 17. No intimation of the changes contemplated were announced.

It is not likely that a draft of this schedule will be issued before the latter part of this week. It is believed there will be a number of important changes in the schedule over the Pittsburg and Connellsville divisions.

HUMAN FILTERS.

The function of the kidneys is to strain out the impurities of the blood which is constantly passing through them. Foley's Kidney Remedy makes the kidneys healthy, so they will strain out all waste matter from the blood. Take Foley's Kidney Remedy at once, and it will make you well. Elk Lick Pharmacy, E. H. Miller, proprietor. 6-1

A Large Willow Tree.

On a farm near Rummel, occupied by Hiram Barnes, is probably the oldest and largest willow tree in this section. His ancestors claim it is 80 years old. It is between three and four feet in diameter at the ground, over 50 feet high, and its limbs cover a surface about 90 feet in diameter. It has no dead branches, and the leaves are just making their appearance—Windber Era.

Where to Place the Quay Statue.

A report in a daily newspaper states that Carl Beitler, the sculptor, has notified David H. Lane, chairman of the legislative commission having in charge the statue of the late Senator Quay, that the statue is now ready for delivery.

The persons who were opposed to Quay in his lifetime are opposed to placing his statue in the new capitol building, and the commission is in a quandary as to where it shall be placed.

The Standard suggests that it be placed in Millford township, this county, where at least one farmer has not learned that Quay is dead. During the recent campaign the farmer in mind solemnly demanded of a legislative candidate that he vote against Quay—a promise readily made by the candidate. Somerset county's eleven newspapers had not carried the news to this farmer that the man he had consistently fought had crossed the dark river.—Somerset Standard.
