Twice,
 But
 Never
 Again!

You get one temporary set of teeth, and one so-called permanent set. That is, they are pretty nearly permanent if you treat them well.

If you don't, you take your food in liquid form, or you wear "store teeth." Good brushes, a safe dentifrice, an antiseptic mouth wash and gargle, not only preserve the teeth from decay, but they make you feel a lot fresher in the morning.

We have the best of all three needful things.

Teachers of Agriculture Wanted.

A leading agricultural journal says: "The rapid development of agricultural education has created a demand for instructors in agriculture, horticulture, animal husbandry, forestry, etc., that makes them the best paid teachers in the land. It is comparatively easy to secure at a moderate salary teachers of languages, mathematics or any of the older branches of education, but good instructors in agriculture and its branches are hard to find at good salaries. The colleges and high schools, the State and National departments of agriculture, and even foreign institutions, are after men who are qualified to teach agriculture or some of its branches. India, South America, South Africa and China have all been bidders for American and Canadian instructors, lately, and have secured some of them, too. Recently Professor Smith, of Michigan, has engaged to go to South America, and Professor Tomhave, of Pennsylvania, and Professor Parker, of Minnesota, to China, along with others from this country. In the field of educational work, agriculture now offers best opportunities, and will for some years."

A great many people imagine they have heart trouble when the fact is that the whole trouble lies in the stomach. The pains in the side around the region of the heart are not necessarily heart trouble. We suggest that you start with the stomach, and whenever you feel a depression after eating, or whenever your food seems to nauseate, take Kodol. It will not be very long until all these "heart pains" will disappear. Take Kodol now and until you know you are right again. There isn't any doubt about what it will do, and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by E. H. Miller. 6-1

The Ladies' World for June is the most attractive number of this periodical that we have yet seen, and there is small wonder at its popularity when so much that is good is offered for so little. There are three notable special articles in the number, one of them describing the Bryan family life at Fairview, and another the growing up of Ethel Roosevelt, the young lady of the White House, while the third has some remarkable pictures showing the ways of a bird with its young. The fiction is unusually good, a new serial story, called Rosamond the Second, by Mary Mears, being the chief feature. The household departments of this publication seem to us more practical than those in any other of the women's magazines, and no doubt they are thoroughly appreciated by the home-workers, who will also see a number of very pretty fashions for all members of the family, with good plain instructions in dressmaking. The make-up and illustrations throughout this number are excellent.—New York: Fifty Cents a Year.

When you think of indigestion think of Kodol, for it is without doubt the only preparation that completely digests all classes of food. And that is what you need when you have indigestion or stomach trouble—something that will act promptly but thoroughly, something that will get right at the trouble and do the very work itself for the stomach by digesting the food that you eat, and that is Kodol. It is pleasant to take. It is sold by E. H. Miller. 6-1
