Traces of Poison Found.

Interest has been revived in the case of Mrs. Margaret Will, who died a few weeks ago under suspicious circumstances at her home near Will's Church. The report of the State Chemist, received yesterday by District Attorney Miller, states that traces of poison were found in the stomach of the dead woman. It is said that arrests will be made this week.—Somerset Herald.

NO HUMBUG.

No humbug claims have to be made for Foley's Honey and Tar, the well known remedy for coughs, colds and lung troubles. The fact that more bottles of Foley's Honey and Tar are used than of any other cough remedy is the best testimonial of its great merit. Why then risk taking some unknown preparation when Foley's Honey and Tar costs you no more and is safe and sure. Elk Lick Pharmacy, E. H. Miller, proprietor. 7-1

A GRAND FAMILY MEDICINE.

"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan, of No. 436 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at E. H. Miller's drug store. 50c. 7-1

Of all the detestable wretches on the face of the earth, none is more contemptible than the adult person who will stoop so low as to berate parents to their children, or to be eternally quizzing children concerning the affairs of their parents and families. Salisbury has a few she devils noted for such detestable conduct, and several days ago three of them, all members of the same family, held up two of our children and proceeded to fill their youthful ears with a tirade of abuse against their father. We have never wronged any of the people referred to, and we have now had enough of their foolishness. There is law against that kind of business, and we intend to enforce it to the limit if our children are annoyed further by the character assassins to whom we allude.

If one feels dull and spiritless, in the spring or early summer, they call it "Spring Fever." But there is no fever—usually. It is the after effects of our winter habits. The nerves are mostly at fault. Tired, worn-out nerves leave us languid, lifeless, and without spirit or ambition. A few doses of Dr. Shoop's Restorative will absolutely and quickly change all of these depressing symptoms. The Restorative of course won't bring you back to full health in a day or two, but it will do enough in 48 hours to satisfy you that the remedy is reaching that "tired spot." Druggists everywhere are advising its use as a splendid and prompt general tonic. It gives more vim and more spirit to the spoonful than any other known nerve or constitutional tonic. It sharpens a failing appetite, aids digestion, frees sluggish livers and kidneys, and brings new life, strength and ambition. Test it a few days and be convinced. Sold by all dealers. 7-1

A Dastardly and Murderous Deed.

Last Friday a dastardly and murderous trick was discovered at the sawmill of R. Newman & Bro., in Greenville township, just in time to save great damage to property, and more than likely the loss of life.

The mill had not been in operation for some time, but the Newman brothers started it going again, last Friday. Just as one of them was about to proceed firing up, it occurred to him that it might be a good idea to examine the engine and boiler to see whether everything was all right.

While making the examination he discovered two sticks of dynamite in the flues of the boiler, with caps and fuse attached, and these were promptly removed. Had they not been discovered, a destructive explosion would have occurred immediately after the starting of fire under the boiler, and aside from a badly wrecked sawmill, it is more than likely that one or more persons would have been killed, or in other words, murdered.

Some months ago the belt at the same mill was cut by some unprincipled rascal or rascals, and the Newmans, who are exceedingly good-natured and kindly disposed persons, are at a loss to know why they are subjected to such treatment. They have no enemies that they know of, but it is evident that some black-hearted, cowardly, murderous rascal has a spite either at them or some one in their employ, and is bent on taking a coward's revenge.

We earnestly hope that the guilty person or persons will in time be found out and punished as he or they deserve. A prompt lynching of criminals of that class would not be much out of place, and most people could help string such villains up without any conscientious scruples whatever.

THE BEST PILLS EVER SOLD.

"After doctoring 15 years for chronic indigestion, and spending over two hundred dollars, nothing had done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold." writes B. F. Ayscove, of Ingleside, N. C. Sold under guarantee at E. H. Miller's drug store. 25c. 7-1

Dog Barks to Cost \$5 Per.

An ordinance to control barking dogs running at large was introduced by Councilman Charles H. Hartshorne, in the Montclair, N. J., council. Every time a dog barks after 6 p. m. the owner must pay \$5 for the first bark, and every following bark \$10 per.

We would like to see an ordinance of the New Jersey kind passed in Salisbury, where there are more worthless, dirty, stinking, howling, barking and trespassing dogs than any town has any moral right to have.
