\$150 FOR BEST ARTICLE.

The Republican Congressional Committee offers \$150 for the best article not exceeding 1,000 words, on the subject:

"Why the Republican Party Should be Successful Next November."

The competition is open to all. In judging the merits of contributions, consideration will be given not only to style, arguments and facts presented, but to the convincing power, and it should be borne in mind that Members of Congress are to be elected as well as President and Vice President.

No manuscripts will be returned, but will be the property of the Committee. The best article will be widely used, both in the newspapers of the country and in pamphlet form.

The award will be made, and check sent to successful contestant about August 15th. Manuscripts must be mailed not later than July 15th, to

A BARREL OF WHISKY.

With a barrel of such stuff, I agree, on two hours notice, to put husbands in a condition to reel home, break the furniture, beat their wives and kick their children out of doors; I shall also fit mechanics to spoil their work, be discharged and become tramps. If one of the regular customers should be trying to reform, I will, for a few pennies, take pleasure in inducing him again to take just one glass and start again on the road to hell. The money which he has been wasting in bread and books for his children will buy luxuries for me.

Orders promptly filled for fevers, scrofula, consumption or delirium tremens. In short I agree to help bring upon all my customers, in this world, debt, disgrace, disease, despair, and death. Having made a league with hell and sold myself to the devil, and having paid for my license, I have a right to bring all of the above evils upon my friends for the sake of gain.

Some have suggested that I display outside my door assorted specimens of my art. But that would blockade the street. A fine assortment of my manufactured wrecks may be seen inside, or at the city station house every morning, and in the poor house, the asylums, the prisons and on the gal-lows.

The voters of this state may some day be called on to vote for a prohibition amendment. Please don't vote for it, for if it should be carried, what shall I do? My business will be closed up, and I will have to work for my living, which I don't want to do. So sayeth many a saloon-keeper in his heart.

Five Pupils of Miss McKinley Pass Junior Examination at State Normal.

The following named Salisbury young ladies, all pupils of Miss Janet McKinley, went to California, Pa., last week, to take the Junior course examination at the Southwestern State Normal School: Harriet Haselbarth, Florence Rayman, Edith Deal, Alma Livengood and Mabel Newman. Their teacher accompanied them, and we are pleased to learn that the young ladies all succeeded in passing the examination, which will enable them to graduate from that splendid institution in one year less time than otherwise. The girls deserve congratulations, and we understand it is the intention of all of them to enter the aforesaid school as students, next year.

The following letter received several days ago from Principal Theo. B. Noss, is very creditable to Miss McKinley and her pupils, and they have a right to feel very proud of it:

CALIFORNIA, PA., June 20, 1908.

DEAR MISS MCKINLEY:—Your five young ladies were all recommended by the faculty and were all passed by the State board. You and your town are to be congratulated on maintaining so good a high school as you have.

Yours Very Truly,
 THEO. B. NOSS.

American Railroad Ties in Honduras.

A railroad in Honduras which has just been opened to traffic as far as Ceiba, 35 miles, was built with creosoted pine ties from the United States.

The increased value of wood thus preserved is now well recognized by railroad men. The life of a railroad tie may be greatly lengthened and sometimes more than doubled by preservative treatment. In a humid climate like that of Honduras, a pine tie in its natural state would be quickly destroyed by fungus.

Large railroads of the United States treat with preservatives many, or all, of the new ties put in. One road is said to treat 10,000 a day. The increasing difficulty of procuring new ties, with the advancing prices, compels railroads to make them last as long as possible. It has been estimated that the railroads of the United States demand in a single year the ties growing on a forest strip one mile wide and three thousand miles long.

It is worthy of note that while creosoted pine ties are being shipped from the United States to Honduras, hardwoods are coming to the United States from that country. Americans are doing the shipping both ways. A tract of 8,000 acres in Honduras has been secured by an American company, which will cut the mahogany and other valuable hardwoods and ship them to the United States.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effects are charming, pleasantly delightful. Gently though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Brise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend
