Lightning Strokes.

Fire-insurance men estimate that 50 per cent. of barn fires are due to lightning, 10 to 15 per cent. to carelessness, 8 to 12 per cent. to overheated flues, the balance to other causes, including incendiary. According to report of the weather bureau of the department of agriculture for 1900, the total number of strokes of lightning in 1899 which caused damage was 5,527, the number of buildings injured 6,256 value of property lost \$3,016,520, number of deaths by lightning 563, number of persons injured 820, number of live stock killed in the field 4,251.

Tall chimneys emitting smoke that carries moisture with it are more often struck than other objects, barns containing hay that gives off moisture by evaporation, and porous tree barks are frequently struck. For the same reason icehouses are more attractive to lightning than other storehouses.—Suburban Life.

PAIN.

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are restless, nervous, it's blood congestion—blood pressure. You find it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruse your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend
