What is Pe-ru-na.

Are we claiming too much for Peruna when we claim it to be an effective remedy for chronic catarrh? Have we abundant proof that Peruna is in real-ity such a catarrh remedy? Let us see what the United States Dispensatory says of the principal ingredients of

says of the principal ingredients of Peruna.

Take, for instance, the ingredient hydrastis canadensis, or golden seal. The United States Dispensatory says of this herbal remedy, that it is largely employed in the treatment of depraved mucous membranes lining various organs of the human body.

Another ingredient of Peruna, corydalis formosa, is classed in the United States Dispensatory as a tonic.

Cedron seeds is another ingredient of Peruna. The United States Dispensatory says of the action of cedron that it is used as a bitter tonic and in the treatment of dysentery, and in intermittent diseases as a substitute for quinine.

The World's Wheat Supply.

The possibilities in increasing the world's supply of wheat, as well as that of the United States, are manifold and impossible of estimation. Vast regions of land in South America, North Africa and Asio are awalting the demand for "still more wheat" which shall bring to them the steel plow and the self-binder, and cause them to yield a food-product sufficient to feed a new population of untold millions. And were modern agricultural implements and agricultural knowledge in the hands of the Rpssian and European peasants, another addition, the extent of which can hardly be guessed, could be made to the world's wheat supply.—September Century.

HER GOOD FORTUNE

After Years Spent in Vain Effort.

Mrs. Mary E. H. Rouse, of Cambridge, N. Y., says: "Five years ago I had a bad fall and it I had a bad fall and it affected my kidneys. Severe pains in my back and hips became constant, and sharp twinges followed any exertion. The kidney secretions were badly disordered. I lost flesh and grew too weak to work. Though constantly using medicine I despaired of being cured until I began taking Doan's Kidney Pills. Then relief cama quickly, and in a short time I was completely cured. I am now in excellent health."

TRAMPS HAVE GOOD MINDS

Vagrants Are Said by Investigators to Keep in Mental Condition by Travel.

by Travel.

London.—Dr. A. F. Tregold, who made expensive investigations in behalf of a royal commission on the feeble minded, makes the astonishing statement that tramps as a class are the sanest people in the community. He says the percentage of feeble minded among the tramps is less than any other class. This he attributes to the method and the fixity of purpose that must be employed by an itinerant in getting about from place to place.

The general conclusion of the conmission is that the American methods of dealing with feeble English methods, which are behind the times.

Girls Suffered with Itching Eczema—
Baby Had a Tender Skin, Too—
Relied on Cuticura Remedies.

"Some years ago my three little girls had a very bad form of eczema. Itching eruptions formed on the backs of their heads which were simply covered. I tried almost everything, but failed. Then my mother recommended the Cuticura Remedies. I washed my children's heads with Cuticura Soap and then applied the wonderful ointment, Cuticura. I did this four or five times and I can say that they have been entirely cured. I have another baby who is so plump that the folds of skin on his neck were broken and even bled. I used Cuticura Soap and Cuticura Ointment and the next morning the trouble had disappeared. Mme. Napoleon Duceppe, 41 Duluth St., Montreal, Que., May 21, 1907."

Teetotal Bartenders.

Teetotal Bartenders.

Chicago has a novel organization in the Bartenders and Saloonkeepers' Total Abstinence Society, which is now said to have 2,000 members. Many saloonkeepers in the Windy City, it is reported, are bound by an agreement not to employ men who drink. While New York grog sellers have no such society and no such agreement, so far as the public has ever heard, all the better class of drinking places strictly enforce rules against employes drinking while on duty, and there are scores of bartenders in this city who never drink adrop of the liquids they dispense. The head drink mixer in a downtown cafe—an expert on liquors of all kinds—has been in the business for 25 years and does not know the taste of his own wares.—New York Tribune.

Tea for Travelers.

Essence of tea is the new product claimed by an Edinburgh firm. Its preparation is the result of twenty years of research, as the fixing of the volatile constituents that give tea its aroma and cheering qualities has been a difficult problem to solve, and had been previously given up. The brewing of the fragrant beverage now becomes a matter of dropping a teaspoonful of essence into a cupful of water. Tea for Travelers.

Flood Helps Town.

Flood Helps Town.

The flood has been kind to one town. For years Missouri City, about 15 miles east of Kansas City, in Claycounty, has been off the river map and the steamboats couldn't get within miles of it because of a change in the channel. But reccally the high water began to flow through an old channel. A few hours later the steamer Chester passed the old landing, and Missouri 'City's cup of joy was full.

Mrs. A. Gregory, of 2355 Lawrence St., Denver, Col., writes to Mrs. Pinkham:

A friend advised Lightan Pinkham's Vegetable Compound and it restored me to perfect heath, such as I have not enjoyed in many years. Any woman suffering as I did with backache, bearing down pains, and periodic pains, should not fail to use Lydia E. Pinkham's Vegetable Compound."

In the promotion of Skin Health, Cuticura Soap, assisted by Cuticura, the great Skin Cure, is undoubtedly superior to all other skin soaps because of its influence in allaying irritation, inflammation, and clogging of the pores, the cause of disfiguring eruptions. In antiseptic cleansing, in stimulating sluggish pores, in emollient and other properties, they have no rivals.
