### BUSH & GERTS PIANOS

The prestige of age and the high-born honor of a good name are precious things in keeping the name good, "making good" with a high art product is quite a potential and essential in this pre-eminently practical age. The first and best Piano has been before the public twenty-one years, has consequently attained its majority, and has never been found wanting in possessing all the essentials of a high-grade instrument. The fact that over forty thousand BUSH AND GERTS PIANOS have been placed in American homes, and in a large number of educational institutions East and West, indicates its admirable appreciation and its vast sphere of influence.

Send for a list of 20,000 patrons, also Catalogue and the name of nearest dealer handling our Piano. Always insist upon the Manufacturer's name being cast in the plate and placed on the fall-board of any Piano you buy. A postal will bring you a beautiful souvenir free.
