Richard Newman, so far as heard from this fall, wears the belt as the champion potato raiser. Last week we were shown eight potatoes of his raising that weighed 11 pounds and 3 ounces, the largest of them weighing a little over 1½ lbs. Now, if any other potato raiser can show up anything in that line to beat Uncle "Dick's" big tubers, we'd like to see the goods.

Hardly had we written the item to be found elsewhere concerning Richard Newman's big potatoes, when into our sanctum walked Uncle Peter J. Livengood with eight potatoes raised in his garden that tipped the beam at 11 pounds and 5 ounces. Newman's tubers are therefore beaten by two ounces, and his largest one by a quarter of a pound, Uncle Peter's largest one tipping the beam at 1½ pounds. Next!

Kodol will, without doubt, make your stomach strong and will almost instantly relieve you of all the symptoms of indigestion. It will do this because it is made up of the natural digestive juices of the stomach so combined that it completely digests the food just as the stomach will do it, so you see Kodol can't fail to help you and help you promptly. It is sold here by E. H. Miller. 10-1

And here is big potato item No. 3. We have been shown five potatoes raised by Dennis Wagner, which tipped the beam at 8½ pounds, the largest one weighing 2 pounds and 7 ounces. This beats the record, so far, and puts our end of town in the lead for big potatoes. However, for potatoes both large and handsome, Uncle Peter J. Livengood is easily entitled to first prize, so far. But let us hear from others. It's up to Stewart Simpkins now.

Many people suffer a great deal from Kidney and Bladder troubles. During the past few years much of this complaint has been made unnecessary by the use of DeWitt's Kidney and Bladder Pills. They are antiseptic, and are highly recommended for weak back, back-ache, rheumatic pains, inflammation of the bladder and all other annoyances due to weak kidneys. They are sold by E. H. Miller. 12-1

The October number of The Ladies' World is without question the best issue of that popular monthly that we have yet seen. It is about equally divided between fiction and practical departments, with some excellent special articles thrown in, notably that on The Holy Land of To-day, by Allan Sutherland; The Boy and His Parents, by Priscilla Wakefield, and What Women Can Do to Earn Money, by Laura A. Smith. The short stories are by Harriet Rowland, B. M. Burrell, Edith Robinson and Anna E. Finn, while there are serials by Mary Mears and Albert Bigelow Paine. The Fashions and Dressmaking department is notably good in this number, and those looking for pretty designs to make up the Autumn wardrobe cannot do better than consult this. The dressmaking hints alone are easily worth the subscription price. Taken all in all, this is a good specimen of a good magazine. —[New York; Fifty Cents a Year]

Drive Rheumatism out of the blood with Dr. Shoop's Rheumatic Remedy and see how quickly pain will depart. Rub-on's never did reach the real disease. Rheumatism isn't in the skin. It's deep down—in the constitution. Getting rid of the pain is after all, what counts. That is why Dr. Shoop's Rheumatic Remedy goes by word-of-mouth from one to another. And here—in lies the popularity of this Remedy. It is a winning defender everywhere. Tablets or liquid. Sold by all dealers. 10-1

Uncle Jere J. Livengood, Salisbury's veteran carriage builder, is one of the many brawny and brainy old men to explode the Dr. Osler theory, which would have it that men are fit only to be chloroformed after reaching the age of 60 years. Mr. Livengood is rapidly approaching his 74th birthday anniversary, yet he continues to make the avil ring in a manner that would do credit to any younger son of Vulcan. One day last week a man drove into his shop yard and asked to have his buggy equipped with new tires. In the language of the late Captain Samuel Fok, the quadruped was forthwith extricated from the vehicle, and Uncle Jere fell to work making the tires. In just three hours and 45 minutes the old tires were removed, the new ones made and put on in a most substantial manner, the horse hitched up and ready to be driven away, and \$5.00 earned by the gray-bearded workman. For an old man of nearly 74 years, that is pretty hard to beat, but Uncle Jere equals it every now and then.

Kodol will, in a very short time, enable the stomach to do the work it should do, and the work it should do is to digest all the food you eat. When the stomach can't do it, Kodol does it for it, and in the meantime the stomach is getting stronger and able to take up its regular, natural work again. Kodol digests all you eat. It makes the stomach sweet and it is pleasant to take. It is sold here by E. H. Miller. 10-1

Miller, proprietor. 10-1

### Another Labor Leader for Taft.

Ben Chapin, editor of the Railroad Employee, a labor organ, is out for Taft. This will no doubt call for additional explaining from the great Samuel Gompers, who promised to deliver the solid labor vote to William Jennings Bryan.—New Britain Record.

When you have a cold you may be sure that it has been caused indirectly by constipation, and consequently you must first of all take something to move the bowels. This is what has made Kennedy's Laxative Cough Syrup so successful and so generally demanded. It does not constipate like most of the old-fashioned cough cures, but on the other hand it gently moves the bowels and at the same time heals irritation and allays inflammation of the throat. Sold by E. H. Miller. 10-1

### Sent to Reformatory for Indefinite Period.

William Budd Mason Brown, a step son of Scott Brown, (colored) was arrested a couple of weeks ago, on a charge of larceny. The crime was committed at Mr. Holly, N. J., about three years ago, when the festive William Budd Mason robbed another negro of \$93.00. He eluded the officers until a short time ago, when he was arrested in Meyersdale and taken to New Jersey, where he plead guilty, and on the 17th inst. was sentenced to the State Reformatory, at Rahway, for an indefinite period.

Tickling or dry Coughs will quickly loosen when using Dr. Shoop's Cough Remedy. And it is so thoroughly harmless, that Dr. Shoop teaches mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub give the curative properties to Dr. Shoop's Cough Remedy. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress Demand Dr. Shoop's. Accept no other. Sold by all dealers. 10-1

It's a pity when sick ones drug the stomach or stimulate the Heart and Kidneys. That is all wrong! A weak Stomach means weak Stomach nerves. Always. And this is also true of the Heart and Kidneys. The weak nerves are instead crying out for help. This is promptly helped by Restorative explains why Dr. Shoop's Restorative is promptly helping Stomach, Heart and Kidney ailments. The Restorative reaches out for the actual cause of these ailments—the failing "inside nerves." Anyway, test the Restorative 48 hours. You won't cure so soon as that, but you will surely know that help is coming. Sold by all dealers. 10-1

### HOPELESS.

A Congressman has said that Taft is running on and Bryan from his record, which is not gaudy, but neat. As a condensation, it is perfect. As a truth, it is unimpeachable. As an epigram, and it is susceptible of no improvement, but Mr. Bryan could do worse. In fact, he could do no better. For, the faster he runs from the issues he has taken and dropped, the further he will get away from them, and—too far he cannot get. At the same time, it is worth bearing in mind that one of his present propositions is to bring back calamity by exterminating all the large corporations, which is to say, what he now advocates is as witness as the Silver lunacy. There are hopes for those who change from bad to good, but none for those who go from bad to worse.—Brooklyn Eagle (Dem.)

### WILL INTEREST MANY.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Remedy will cure kidney and bladder disease in every form, and will build up and strengthen these organs, so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Remedy is taken in time. Elk Lick Pharmacy, E. H. Miller, Proprietor. 10-1

### A SURE-ENOUGH KNOCKER.

J. C. Goodwin, of Reidsville, N. C. says: "Bucklen's Arnica Salve is a sure-enough knocker for ulcers. A bad one came on my leg, last summer, but that wonderful salve knocked it out in a few rounds. Not even a scar remained." Guaranteed for piles, sores, burns, etc. 25c. at E. H. Miller's drug store. 10-1

### Three Kansas Items.

Jewell county, Kansas, where our friends Mr. and Mrs. Milton J. Beachy reside, must be somewhat of a corn county, judging from two of the following items taken from the Esbon Times, their home paper:

The Wagner Commission Co., of Chicago, the great corn specialists, in their corn report, this week, place Jewell county at the head of all the corn counties in the United States. The Wagners rank Jewell county at 100, and with it head the list.

B. P. Frost brought in a sample of his corn, Tuesday, one stalk of which measured over fourteen feet in height and bore two perfectly developed ears, the lowest one of which was over ten feet from the ground. Now, "By" isn't a first class farmer, or his corn would have been at least five feet taller, there would have been three ears on each stalk instead of two, and the lowest would have been at least four feet higher up; but this sample is fully up to the average of the corn grown around Esbon, and we have given it a place in our exhibit.

M. J. Beachy was looking after his real estate interests in Sheridan county, last week. He returned Sunday and gave in some pretty extravagant stories about how he jumped into the farm work for a few days, while out there, but from the absence of tan on his face or blisters on his hands, his friends were reluctant to accept his report without some modification. However, we are afraid that they are not inclined to give him full credit for what he might accomplish as a farm roustabout. "The way he looks after keeping his lawn mowed and his residence premises fixed up, leads us to believe that he gained some practical experience at some time or other, on the farm, and if he saw fit to do so could give many of the younger generation some valuable information along agricultural lines.

WANTED, MEN AND WOMEN TO SWEAR and affirm before the undersigned, when they have documents to which lawful affidavits are required. I also draw up all manner of deeds, leases, mortgages, etc., neatly and accurately, according to the requirements of the law. Typewritten work a specialty.

A full line of legal blanks always on hand.
