Do You Want to Make The Women Happy?

Shopping by Mail is vastly unsatisfactory to the Female.

There isn't a woman in Christendom—or in Islam—who doesn't prefer ten times over the trip through a store to the trip to the postoffice.

Why, Lord bless their hearts, the ladies love to shop! It's just as unsatisfying and artificial to shop by mail as to make love by mail—and that's the limit.

But, while the women love to walk through aisles of bargains, they love also to read about the bargains. When a newspaper comes to the house, which page does the woman peruse first? The page with the biggest shopping ads. Sure thing! Won't fail one time in ten. Test it and see.

In communities where the merchants don't advertise big enough to tempt the women, what happens? The Mail Order Catalogue comes along, full of attractive ads., with prices put down in black and white. The women read the catalogue; they are tempted by the bargains offered; they send their money by mail.

Thus they miss nine-tenths of the glory and joy of shopping. But what else can the poor ladies do?

Now, Mr. Merchant of Our Town, be good to the ladies. Give them some interesting reading matter. Print some of your bargains in your home paper. Put the prices there in black and white.

Isn't it really a pity to deprive the ladies of one of their supreme delights—shopping, seeing things, inspecting before taking?

BE GOOD TO THE LADIES AND YOU'LL BE PROSPEROUS.
