

A Little Printer's Ink Makes Millions Think--Think--Think!

More truth than poetry. A little Printer's Ink prints a little advertisement in a little "magazine" that circulates at a little price...

The millions of people in these homes are caused by the Printer's Ink to think that they can get big bargains for their money by sending it away by mail...

Sometimes when they receive the stuff they order by mail they have another Think coming. They think, "What fools we mortals be," and apply the Think to themselves.

"Wonder why Mister Man, our local dealer in many things we need, doesn't advertise these things in our local paper? Maybe if he did we wouldn't be tempted to send to the big city for these same things..."

Now, Mister Man, what do you think--think--think?

State Railroad Commission Decides Against the P. W. & S. R. R.

Harrisburg, Jan. 25.—In a decision rendered, the State Railroad Commission finds that the various short line railroads that have been charging more than three cents a mile passenger fare on through tickets and 3½ cents on local traffic, have been violating the act of 1849.

The decision is in the case of the Pittsburgh, Westmoreland & Somerset Railroad, of which State Senator J. Henry Cochran, of Williamsport, is President. It operates a 25-mile line between Ligonier and Somerset, and contends that it is strictly a freight road and cannot carry passengers even at seven cents a mile without losing money.

The Commission sustains the complaint of G. T. Matthews, of Rector, Somerset county, against the company.

A HORRIBLE HOLD-UP.

"About ten years ago my brother was 'held up' in his work, health and happiness by what was believed to be hopeless Consumption," writes W. R. Lipscomb, of Washington, N. C. "He took all kinds of remedies and treatment from several doctors, but found no help till he used Dr. King's New Discovery, and was wholly cured by six bottles. He is a well man today..."

PRINT BY REQUEST.

Recipe Easily Prepared at Small Cost, and Many Swear By It.

Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime.

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple, harmless ingredients can be obtained at nominal cost from our home druggist.

The mixture is said to cleanse and strengthen the clogged and inactive kidneys, overcoming Backache, Bladder weakness and Urinary trouble of all kinds, if taken before the stage of Bright's disease. Those who have tried this say it positively overcomes pain in the back, clears the urine of sediment and regulates urination, especially at night, curing even the worst forms of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons.

Another Somerset County Murder.

George and Joe Andrako have been placed in the county jail charged with the murder of George Slick, a Slav, aged 28 years, who was shot near the Stein Hotel, at Jenners, last week. The Andrakos are both Hungarian miners, and are brothers. George is aged 30 years and is married, and Joe is aged 24 years and is single. Constable E. Arisman, of Boswell, arrested the men.

DON'T GET A DIVORCE.

Havoc Among Chickens.

Tuesday night a raccoon got into Dr. J. C. Pfeiffer's chicken-house and killed 20 of 21 chickens. Among the killed was the "Rhode Island Red" rooster which won for John Yungerman the first prize at the Cumberland poultry show, last year. The marauder is known to be a raccoon by his tracks in the snow.—Frostburg Mining Journal.

We have often heard of a plain, ordinary "coon" committing even greater havoc at a chicken roost in a single night than that related above, but it is seldom that a raccoon gets away with 20 chickens in one night.

A Store That Is Not Worth Advertising.

A writer with a gift for phrasing once wrote: "If your store is not worth advertising, advertise it for sale." His phrase runs trippingly, but his logic halts.

To sell a store that is "not worth advertising" would be to defraud the buyer—so that the advice is ethically unsound.

Of course there are not many stores that are not worth advertising—in this town perhaps none at all. The fact is that no store ever gets to be worth very much—beyond the mere open market value of stock and fixtures—until it has been adequately advertised. Until then it has exerted no influence as an organization, equipped for useful service to the people. It has simply been a place where certain things were kept for sale.

After it has had the breath of life put into it by advertising, it becomes a store, in the militant sense—intent upon winning friends, upon the problems of growth.

The dullest store can be rejuvenated in a month to a prominent place in the procession—but only through advertising. If, however, the store were not worth advertising, it would be more commendable to close up entirely than to try to "sell" it to somebody else.—Turkeyfoot News.

TOWNSHIP NOMINATIONS—DEMOCRAT.

Judge of Election, John Knecht. Inspector, Henry J. Christner. Auditor, Wm. Knecht. Township Clerk, Nelson Jones. Tax Collector, Dennis Wagner. Road Supervisor, Jer. J. Engle. School Directors, D. Compton, N. B. Hay.

CURES INDIGESTION.

All Distress from Stomach and Indigestion Vanishes in Five Minutes.

Take your sour stomach—or may be you call it Indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your Pharmacist and ask him to open a 50-cent case of Pape's Diapesin and let you eat one 22-grain Triangle and see if within five minutes there is left any trace of your stomach misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness and many other similar symptoms.

If your appetite is fickle, and nothing tempts you, or you belch gas, or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself, after your next meal, that your stomach is as good as any; that there is nothing really wrong. Stop that fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapesin.

Salaries Taken from Two U. M. W. of A. Lobsters.

Editor J. J. Robinson recently sent the following interesting communication from Meyersdale to his newspaper, the Lonaconing, (Md.) Star: "Messrs. Drum, Ford and McGinn, of the United Mine Workers, were here last week visiting the several localities. They were jubilant at the prospect of the defeat of National President T. L. Lewis and the election of Walker, but they left town when the word came from Indianapolis that Lewis is re-elected. It seems that Messrs. Drum and Ford, who are District officers, have not been receiving any salary the past year. The membership of District No. 16 is so small that they can't pay salaries, but when John Mitchell was National President he fixed it so the salaries were paid out of the National funds. When Lewis succeeded Mitchell, he stopped this, claiming that the money paid into the National treasury by the miners from other regions ought not to be spent in paying salaries of officers in regions and districts that cannot support themselves, and in this view he was upheld, and the salaries of Mr. Drum and Mr. Ford stopped. Now, if Walker had been elected over Lewis, this would have been changed, and the salaries would have come on again out of the National treasury. Hence their jubilation when they thought Walker was elected, and hence their dejection when the report came that Lewis was in again for another year. The only two who are sure of their salaries are Johnny McGinn, National Board Member, and Jimmie Wilson, National Organizer, who receives \$4.50 a day and expense from the National body."

Things have come to a pretty pass when two jawsmiths of the Drum and Ford stripe expect salaries for acting as generals without armies. The fact is they have neither followers nor sufficient executive ability to properly handle followers if they had them. They are mere parasites looking for a soft snap at the expense of those who earn their bread by the sweat of their brows.
