## Our Motto: "Don't Let Us Alone!"

That National Prosperity Association wants everybody to quit "agitating." Its motto is "Let Us Alone." Well, that may be all right for the immense commercial concerns of the country—but it is all wrong for the ordinary business house. You don't want people to let you alone. You want them to come around and buy goods, don't you? But they will let you alone unless you "agitate." And the way to agitate is to ADVERTISE. Our columns are open, and the space price is just right.

Cheer Up. "Don't kick because you have to button your wife's waist. Be glad your wife has a waist and doubly glad you have a wife to button a waist for. Some men's wives have no waists to button. Some men's wives' waists have no buttons on to button. Some men's wives who have waists with buttons on to button don't care a continental whether they are buttoned or not. Some men don't have any wives with waists with buttons on to button, any more than a rabbit."

### PROBABLY ANOTHER MURDER.

Another Boswell Negress Uses Revolver With Deadly Effect.

A news dispatch sent out from Boswell, dated Feb. 5th, tells the following story concerning a probable murder:

"Annoyed the greater part of the day, she said, by the actions of her husband, Nellie Patterson, colored, a domestic employed at the club house of the Merchants' Coal Company in this place, shortly before 3 o'clock this afternoon fired through the kitchen door a bullet which lodged in the abdomen of W. H. Patterson, her husband, who was knocking for admission. Patterson dropped to the floor of the porch, and physicians who were called immediately after the shooting, believe he is fatally wounded. The wife was given a preliminary hearing before Burgess C. S. Ickes, and committed to the Somerset jail to await the outcome of her husband's injuries.

"The couple, it is understood, has had frequent quarrels. She was employed by the late J. G. Logan, the Superintendent killed in the explosions here last week, and he was employed in the mine that claimed Mr. Logan. Patterson had not been working since the explosions, and according to those who have seen him frequently on the streets, he has been intoxicated most of the time while idle. It is said that he bothered the woman the greater part of the day, and when he knocked on the door she could not restrain herself any longer."

### PNEUMONIA FOLLOWS LA GRIPPE.

Pneumonia often follows la grippe, but never follows the use of Foley's Honey and Tar, for la grippe coughs and deep-seated colds. Refuse any but the genuine in the yellow package. Elk Lick Pharmacy, E. H. Miller, Proprietor. 3-1

### Lemons Grown in Somerset County.

Lemons have been grown in Somerset county, as the following from the Johnstown Tribune would show:

"The lemon is believed to be the largest ever seen in these parts, measuring 13 inches around the long way, 12 1/4 inches the short way, and weighing one pound and two ounces. And it was grown at Rummel, Somerset county, a few miles from Windber.

"The tree which produced this remarkable bit of fruit still flourishes in a room on the second floor of the farm house of J. M. Rummel. Mr. Rummel bought the tree when it was only a few inches high, planted it in proper soil in a half-bushel measure, and has looked after it so carefully that it is now nearly four feet tall, and nicely proportioned. About a month ago it was so covered with fruit that the branches threatened to break, and the tree became an object of interested curiosity for miles around. Only two of the lemons matured, however—the one which Mr. Rummel handed The Tribune, and one which Mrs. Rummel made up into a splendid lemon pie."

THE STAR wishes to inform its readers that Mr. Rummel isn't the only man in Somerset county who has been raising lemons. Salisbury has a thrifty German citizen in the person of Christian Horchler, who has in his house several lemon and orange trees that have borne several crops of very nice fruit, the lemons being especially fine.

None of them were as large as the lemon Mr. Rummel exhibited at the office of the Johnstown Tribune, but some of them were nevertheless as large as any lemons ever on sale at our stores, and Mr. Horchler's yields have been far better than Mr. Rummel's. When it comes to producing lemons, oranges, great men and handsome women, Salisbury always takes the lead in old Somerset county. And right here let us remind you that when it comes to raising fruit, vegetables or cereals, the Dutch beat the world. However, when it comes to raising potatoes and hell, the Irish are pretty hard to beat.
