Old Animosities Gone. Jefferson Davis, name is to be put back on the tablet of the Cabin John bridge, near Washington, that span to carry the Washington aqueduct across a deep chasm having been completed while he was serving as secretary of war. The name was chiseled off in 1862. There is no good reason why it should not be restored, the animosities which it was once capable of inspiring having passed into history.—New York Tri-bune.

Professor Percival Lowell declares the end of the world will come when some dark star crashes into the sun, and he adds that such an occurrence is sure to come. However, the ca-tastrophe seems to be a little too far in the future to worry about, anyhow. —New York Herald.

In a scene of a balloon race, repro-duced in a New York moving picture show, R. J. Maller saw his younger brother, whom for three years he had been unable to communicate with, and, writing to the officials of the club conducting the race, was able to ob-tain his address.

Clarence B. Cralle, a policeman of Louisville, Ky., at a recent sale of rifles discarded by the government, purchased one which proved to be the identical gun he had carried through the Spanish war.

But first of all I would have to ex-amine your mouth. No charge is made for examination and there is no obligation to have work done. There is no two cases exactly allke, hence each case has to be ex-amined carefully before I could say whether you could be supplied with these Alveolar Teeth. When by examination it is found that you can have teeth put in that will give you absolute satisfaction, I will be ready to proceed with your work.

If you cannot call at this time, send for my booklet on "Alveolar Teeth" which explains my method fully. It is free on request.
