GUARD YOUR KIDNEYS

Does your back ache? Is your skin leathery and yellow. Is your urine murky? These symptoms are sure signs of the dreaded kidney trouble. Nine out of ten persons have kidney trouble. They don't always have it bad. That's why they neglect it. The kidneys have few nerves. They are ailing a long time before the terrible pain begins. In fact, kidney trouble may be well advanced before you feel it. That is why it is so necessary to notice the slightest irregularity. If anything is wrong with your kidneys it should be attended to at once. Don't take strong, drastic drugs. They are dangerous.

You will be perfectly safe and sure of a permanent cure by taking

DR. THACHER'S LIVER & BLOOD SYRUP

This great home remedy cures kidney trouble by removing the cause and driving the inflammation and the disease out of the affected organs.
