STARTLING, BUT TRUE

Warning to Every Sensible Woman

Why Females Suffer in Health.

No woman of delicacy is willing to disclose the peculiar ailments incident to her sex, even to a most intimate family physician.

This modesty and delicacy is implanted by nature, and neither should nor need be subjected to the rude shocks of medicine in making known to her doctor these most intimate ailments exclusively to the female.

Except in extreme cases, her sensitiveness will enable her to bear rather than her delicacy. The consequences are syphilis, lameness and life-long suffering.

That what at first could have been easily remedied, or perhaps better still, not incurred, becomes a complication of diseases, not only ruining the health of the mother, and undermining by sickness and suffering, but entailing broken constitutions upon her children, and, contrasting, if not distressing, the business and pecuniary prospects of the husband. Let every delicate woman

TAKE WARNING IN TIME

(as thousands have done) by the bitter experience and sufferings of others, of the dreadful consequences she entails upon herself and those endeared to her, by her ignorance of the simplest and plainest rules of health as connected with the female state, the violation of which entails disease, suffering and misery.

How many are suffering from obstructions of irregularities peculiar to the female system which undermine the health, the effects of which are so constant, and for which their delicacy forbids seeking medical advice! How many suffer from prolapsus uteri (falling of the womb), or from fluxus albus (weakness, debility, &c.)! How many are in constant agony for relief, and who are ignorant of the means of relief, and for which their delicacy forbids seeking medical advice! How many have difficulty, if not dangerous deliveries, and slow and uncertain recoveries!

To the question, how are these to be prevented? I will tell you. The answer is simple. It is to have a constant guardian, and for which their delicacy forbids seeking medical advice! How many suffer from prolapsus uteri (falling of the womb), or from fluxus albus (weakness, debility, &c.)! How many are in constant agony for relief, and who are ignorant of the means of relief, and for which their delicacy forbids seeking medical advice! THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION.

BY DR. A. M. MAURICEAU.

PROFESSOR OF DISEASES OF WOMEN.

One Hundredth Edition (60,000) 18mo., pp. 270 (ON FINE PAPER, EXTRA BINDING, \$1.)

A standard work of established reputation, and the only one of its kind, published in the United States, and sold by the principal booksellers in the United States. It was first published in 1817, since which time

FIVE HUNDRED THOUSAND COPIES have been sold, of which there were exported ONE HUNDRED THOUSAND SENT BY MAIL, attesting the high estimation in which it is held as a reliable popular medicine.

BOOK FOR EVERY FEMALE

the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he has yearly consulted by thousands, both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, causes of, and the proper remedies for, her complaints.

The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, and will find such in this work, which is so plain and so highly spoken of, as containing some of the best reaching my case. On its receipt and perusal, I cannot express to you the relief it afforded my distressed mind, and the joy its pages imparted to my soul, in learning the great discovery of Dr. M. Mauriceau, provided for the relief of a prospect to me which I little conceived was possible. No pecuniary consideration can ever repay the obligations I am under to you, for having been the means of imparting to us the matters contained in "The Married Woman's Private Medical Companion." But for this, ere another year would have passed over my head, my sin human probability my wife would have been in her grave, and my children left motherless.

In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted by unscrupulous bookellers as on the public, by imitating the title, and by the use of the name of the author, in order to deceive and injure the public. In consequence of this, it has been found necessary to therefore

LETTER FROM A DRUGGIST.

New York, Oct. 10, 1852.

Dear Sir—Please send me two boxes more of your Vegetable Epileptic Pills. The persons for whom I procured them, is much pleased with their effects. They seem to have an excellent effect.

A PERFECT CURE OF EPILEPSY.

Pittsburg, November 22, 1855.

Dear Sir—It is now ten months since my wife had any of those nervous attacks. She thinks she is cured. She had not any symptoms of the disease for the last nine months. She took your Vegetable Epileptic Pills for about four months, and discontinued them four months ago. She is now perfectly well, and she writes me she is cured of the disease. It is to me a perfect cure, and I will be forever grateful to you for the use of them for my daughter who has cured.

Yours, respectfully,

A VERY REMARKABLE CURE.

Milledgeville, Ga., December 17, 1852.

Dear Sir—I wish to inform you that one of my family has been afflicted with FITS for a number of years, and seeing an advertisement in a newspaper, concerning your Vegetable Epileptic Pills, I came to the conclusion, that I had better try them, as I had heard of their efficacy, and I had heard that in relieving my child of the disease, to send for six boxes of your pills, which proved an effectual cure for my daughter, who has now about ten years of age. I think there is no other medicine to use equal to them, and I will be forever grateful to you for the use of them for my daughter who has cured.

Yours, respectfully,

Nervous and Constitutional Diseases.

These pills possess a specific action on the nervous system, and although they are prepared especially for the purpose of curing Fits, they will be found of especial benefit to all persons afflicted with weak nerves, or whose nervous system has been prostrated or shattered, from any cause whatever; in fact it is almost impossible to convey an adequate idea of the speed and almost miraculous results which these pills effect in the diseased, broken down or prostrated nervous systems. Persons who were all lassitude, weakness and debility, before their use, at once become robust and full of energy. No matter whether the constitution has been broken down by excess, weak by nature, or debilitated by sickness, their effect on the unstrung and shattered nervous organization is equally certain and apparent. In cases of neuralgia, headache, vertigo, pain in the nerves of the face, and the various train of nervous affections, palpitation of the heart, periodical headaches, cold and shivered state of the frame, frequent fits of abstraction, total inability to society, melancholy, religious mania, nervous habits and nerves of the face, which sometimes terminate; they will produce a cure in an astonishingly short period of time, and it will also remove depression, excitement, a tendency to hysteria, restlessness, sleeplessness, incapacity for study or business, loss of memory, confusion of the mind, blood to the head, mental debility, hypochondria, indigestion, wretchedness, thoughts of self destruction, fear of insanity, &c., &c. They will increase and restore the appetite, strengthen the enfeebled, renew the health of those who have been destroyed by excess, and induce continual cheerfulness and equanimity of spirits, and prolong life.

Persons of pale complexion and consumptive habits are restored by a box or two, to bloom and vigor, changing the skin from a pale, yellowish color, to a beautiful florid complexion.

As these Pills are composed of some of

VIGES FITS; FITS!

THE VEGETABLE EXTRACT PILLS.

FOR THE CURE OF

Fits, Spasms, Cramps, and all Nervous and Constitutional Diseases.

PERSONS who are laboring under this distressing malady, will find the Vegetable Epileptic Pills to be the only remedy ever discovered for curing Epilepsy or Falling Fits.

These pills possess a specific action on the nervous system, and although they are prepared especially for the purpose of curing Fits, they will be found of especial benefit for all persons afflicted with weak nerves, or whose nervous system has been prostrated or shattered, from any cause whatever. In chronic complaints, or diseases of long standing, unimproved by nervousness, they are exceedingly beneficial.

Testimony in favor of the Vegetable Extract Epileptic Pills.

In the publication of the following testimonials of cures, the names have been suppressed, as the testimonials were voluntarily offered, and would be improper to publish them without the consent of the parties, and who would be unwilling to publish to the world that they or their children or friends, ever had Fits, when the circumstances are always regarded as one of the family secrets.

Reina, Berks County, Pa., Decembar 29th, 1852.

I have five dollars, for which I wish you to send me immediately two boxes more. I have been troubled many years with FITS, and have tried the skill of many physicians, but nothing which I have taken appears to have met the requirements of my case, as well as your Epileptic Pills.

CLARKSBURG, Va., November 15th, 1852.

To Seth S. Hance, Baltimore, Md.

I believe them to be a first rate article, for as I have attended to your former letter, I was attacked every two weeks, but since I have been using them I have not had an attack.
