BEWARE!

Americans! We warn you to beware of the false issues that will be sprung upon you between this and the election. Every means will be used, by the Locofocos, to induce you not to support the Union ticket. They know that the Presidential contest depends entirely upon the result of the State election. Let the State be carried against Buchanan on next Tuesday, and so sure will it be carried for Fillmore on November next.

Don't be deceived or misled into voting against a single one of them, but vote the whole Union State Ticket, and you will have no cause to regret it. But we warn you now, beforehand, be not deceived by the frauds, forgeries, and falsehoods of the enemy.

Attend the polls early, Americans, vote early, and work with a will the balance of the day.

FREEMEN TO THE POLLS!

America expects every Patriot to do his duty!!

RALLY! RALLY!! RALLY!!!

Freemen of Bedford County, next Tuesday is the election! Are you prepared for it? It is one of the most important contests that you were ever called upon to decide. On that day the contest for the Presidency will be decided for or against James Buchanan. If we carry Pennsylvania at the first election, Buchanan will be dropped, and FILLMORE will be elected! RALLY! RALLY!! RALLY!!! On Tuesday next. Let no American stay away from the polls. Our friends should see that every aged and infirm man who votes our ticket, is taken there.

DO YOUR WHOLE DUTY!

Don't go by halves! If we wish to be successful, we must

WORK WITH A WILL!

The Locofocos have got on from Washington and New York, about \$200,000 to carry Pennsylvania, and no one doubts but that they have one or two thousand of it in Bedford County, and they are using it wherever they think they can make a vote!

WATCH THEM, AMERICANS!

and wherever you can hear of, or see a man who attempts to bribe a voter, inform on him! The penalty against bribing voters is very severe!

THEY ARE GROWING DEP- PERATE!

and in order to carry Bedford County, they will stoop to anything! They know this is their last stand that if they are beaten, Locofocoism will be dead,—past resurrection in Bedford County.

Turn Out!

and Rally to the support of the whole

State Ticket!

and the District and County tickets also.

See that every ticket has on it the names of

- Thomas E. Cochran, Darwin Phelps, Bartholomew Laporte, Joseph Pumroy, W. W. Sellers, John Pringle, Adam Barnhart, Daniel Sams, Alexander Davis, John Blackburn, John Metzgar, Andrew J. Reighart, Jesse Akers, Samuel Snively.

Do not scratch a name on it, but

VOTE THE WHOLE TICKET!

Let Americans and all opponents of Locofocoism, let every lover of the Union,

RALLY! RALLY!! RALLY!!!

On Tuesday next, and a glorious victory will crown your efforts.

Don't put any faith in any of their

ELEVENTH HOUR LIES!

They are circulating a report that the Fillmore men are sold! This is a lie.

AMERICANS CAN'T BE SOLD!

Again we would say, let no American voter stay away from the Polls, but let every man who loves his country

TURN OUT! TURN OUT!!!

and vote the whole State and County Ticket.

RALLY! RALLY!! RALLY!!!

from your farms, your workshops, from mountain and valley, your country expects every man to give

ONE DAY

to its service, and a

Glorious Victory will be ours!

ANOTHER FALSEHOOD.

We understand that Wm. P. Schell, Esq., stated last Saturday night to the Locofoco Club in this place, that the editor of this paper at some time or other, stated that in two weeks he was going to take down the name of Fillmore and put up that of Fremont to the head of our columns! This is a falsehood! We never said anything of the kind, and we dare Mr. Schell or anybody else to make good the statement.—Mr. Schell, once before circulated a story of the same kind, which we proved to be false, by the young man whom he gave as his authority. Probably Mr. Schell is repeating this story wherever he goes, for the purpose of injuring us and our party. Americans, lying is their game—don't be deceived by anything they say!

Look Out!

We warn our friends to be on their guard, from this time until after the election. We understand that the Bedford Gazette of this week is to be filled with all manner of lies against our candidates. Believe none of them, as they are only got out at this late date so that we may not be able to answer or refute them. We also understand that the County is flooded with lying Locofoco pamphlets, pretending to be written by a Fillmore man, but without a name or the place where printed, attempting to prove that our candidate for Canal Commissioner, Thomas E. Cochran, our candidate for Auditor General, Darwin Phelps, and our candidate for Surveyor General, Bartholomew Laporte, are Abolitionists.—This is a base lie! Mr. Cochran is an old line Whig, Mr. Phelps is an American, and Mr. Laporte is an American Republican. On the success of this ticket will in a great measure depend the election of President on the fourth of November next. Let no friend of Mr. Fillmore, then, vote against any one of that ticket, but go to the polls on Tuesday next, and vote the whole State and County ticket, from Canal Commissioner down to Auditor.

ANOTHER LOCOFOCO LIE!

We understand that the Locofocos have circulated all over the County that John S. Ritchey, Esq., and his son, Mr. William Ritchey, have left the Americans and gone over to the Locofocos. WE ARE AUTHORIZED by Mr. William Ritchey to deny this story on his own part; and also for his father. They are both good and true Americans, and fighting for the whole State and County tickets. This is the game the Locofocos are pursuing, according to their story, half the best men in the County have joined them, but when you sift them, they all turn out to be lies from the whole cloth like this one. We hear every day of Locofocos joining our ranks, and the Locofocos get up tales like this to counteract them. Again we say, believe none of their lies.

Another Locofoco Lie!

ADAM BARNHART.

We understand that the Locofocos are circulating a report against ADAM BARNHART, our candidate for Associate Judge, to the effect that he is a nigger catcher—that a year ago he helped to catch two or three runaway slaves! Only think! Adam Barnhart a nigger catcher! This is enough to make any one laugh who ever knew Col. Barnhart! It is true that there were several runaway slaves caught about one year ago in St. Clair Township. It is equally true that a man by the name of Barnhart of Bedford, was concerned in catching them! But he is a Locofoco, and never was anything else! His name is Samuel Barnhart, and he is not even a relation in the most remote degree of Adam Barnhart. Americans don't engage in such dirty business, and Adam Barnhart is the last man in the world that would do so. This story is on a par with the "Nimble-people's" witch story against William Griffith, and like it, it was their own men who were the guilty parties. Americans, believe none of the eleventh hour lies of the Locofocos, put out in this stage of the campaign, so that our friends may not have time to refute them. They are all on a par with this falsehood on Adam Barnhart, who is well known to be one of the best men in the County.

Have your Wagons ready!

Let our American friends in the Townships, have wagons on the ground at an early time on the election day, to bring out the aged, and the infirm, and the dilatory. It is important that not one vote should be lost to the cause of America.

In looking over the last Gazette,

we came to the conclusion that all the will contained in that number was taken from Walker's Dictionary. "Fine, thin" man! is the libel, and very "showy, splendid, beautiful" very, is the church member!—very!

A POLL LIST.

It is important that our friends of the Townships should have a POLL LIST of every voter, and mark out every one as he votes. By this means it can be seen who of our men have not voted, and before it is too late, let them be sent for.

We call the attention of our readers to the advertisement of Messrs. Blymire and Hartley. They have an excellent assortment of Hardware, Tinware, &c. Give them a call.

A WARNING TO AMERICANS!

We call the particular attention of our American friends to the following article from the "American Organ," the National Organ of the American party, published in Washington City, D. C. It will be seen from it the desperate means to which the Buchananers resort to carry the State ticket on Tuesday next. Money has been poured out like water for that purpose! Some time ago we informed our readers of the fact that fifty thousand dollars were raised in Washington for the purpose of carrying Pennsylvania. We last week noticed the fact that a number of New York merchants had subscribed seventy thousand dollars for the same purpose. And now we publish this article from a Southern American paper, showing in what way this money is to be applied—to defeat our Union State ticket.—We call on all our friends to beware of pretended Americans who electioneer against the State ticket, as they are not true friends of Mr. Fillmore. Every vote against any one of the Union State ticket, is as good as one vote for Buchanan, and Locofocoism knows it. We do not know if there are any one professing to be an American, in this County, who electioneers against either Mr. Cochran, Mr. Phelps, or Mr. Laporte, but if there be, watch him well, for the strong probability is, that he is a Buchanan man in disguise! Let us elect the State ticket, by a large majority, as we believe we will, and the whole South will see that Buchanan has no chance, and they will naturally fall into the support of Mr. Fillmore, and with the aid of New York, New Jersey, California and other Northern states, he will be triumphantly elected.

Whilst on this subject, we will simply remark, that in order to carry out the iniquitous schemes alluded to in this article, Locofocoism has hired emissaries now all over the State. Only last week one J. C. VAN DYKE, of Philadelphia, a perfect toady of Buchanan's, arrived in this place, and was cloaked with the Locofoco leaders, and immediately proceeded to Somerset.—All know the object of his visit! It was to leave money, levied on the office-holders in Washington and elsewhere, in this place, to be applied for the purpose of buying votes for the Locofoco State ticket. We again warn our American friends to beware of any one who will attempt to urge you to vote against the State ticket, as he is not an American or a friend of Fillmore, for the success of our gallant standard-bearer depends upon the triumph of all the Union State candidates.

The following is the article to which we allude.

Pennsylvania Election.

We warn our friends in Pennsylvania to be on their guard against the wiles and tricks of the sham Democracy. Nearly all the committee rooms of that party in Washington are closed, and the wire workers have gone hence with their pockets full of money and their plans well concocted to carry out one of the most daring schemes of trading villainy ever practised by corrupt politicians. The whole State of Pennsylvania is parcelled out into sections, and into each section one of the faithful and anti-Buchanan leaders, that the Democrats shall cast their votes for the central and Surveyor General if the anti-Buchananites will sustain the Buchanan candidate for Canal Commissioner.

The sham Democrats have ascertained, that unless some such intrigue can be accomplished in Pennsylvania, on the 14th of this month the whole Union ticket will be elected, and Buchanan will be shown so weak, in his own State, that he will be promptly abandoned by the whole South! But if by a surrender of the contest on the two minor offices of Auditor General and Surveyor General, they can secure the election of the Buchanan Canal Commissioner the sham Democrats will claim that the contest was made upon that officer, and that his election manifests the strength of Buchanan in Pennsylvania. And thus these wire workers expect to fool the Union men of that State into this trap—and to gull the South with the idea that Buchanan is strong in Pennsylvania, because, forsooth, the Buchanan candidate for Canal Commissioner has thus been elected!

We have it from men who are members of the sham Democratic Clubs—men who hold office under this administration—men who know what they say, but who despise the base trickery of their associates, that this is the game these political tricksters are trying to play out in Pennsylvania! In the public departments it is a common thing now, since the scheme above mentioned has been concocted, for the friends of Buchanan to offer to bet on the election of the Buchanan candidate for Canal Commissioner, and at the same time to refuse to bet on the Buchanan candidates for the two other offices!

It was this singular proposition, made by one of the clerks in the Treasury Department, that led us to suspect the trickery which we have unfolded. We knew, of course, that some scheme of chicanery would be resorted to, in order to make a show, if possible, of a greater strength for Buchanan in Pennsylvania, at the October election, than he really possesses, and fortunately we have ferreted out the whole plan, and now warn the Union men of that State, not to be entrapped by these sham Democrats into any such folly as to swap votes with any of the candidates. Money will be lavished freely to accomplish this purpose—promises of great advantage will be made—and every article of corruption will be essayed. STAND FIRM!

Let our Southern friends also look to it that no such result, should it be accomplished, as that of the election of one of the Buchanan candidates in Pennsylvania, on the 14th instant, shall be paid off upon the people of the South, as an evidence of Buchanan's strength in his own State. It cannot and he will not receive the electoral vote of Pennsylvania in November. Nor have we the least idea that with all the appliances of money, trickery, promises, threats, deception, and every species of political maneuvering, the sham Democrats can come within twenty thousand votes of electing even one man on their State ticket on the 14th instant! Still, it is impossible to know to what extent their schemes may have already secured votes for their leading candidate. Let Pennsylvanians beware that traitors in the camp of the Union men do not betray them.

We also copy from the same paper, the following extract from an article, showing the manner in which they tax the office-holders, all for the purpose of carrying Pennsylvania for the Buchananers at the State election to come off next Tuesday.—Honest voters of Bedford county what think you of these things? Must not the Democracy be hard pressed when they resort to this outrageous villainy to carry this great State. Spurn all their offers! Have nothing to do with a party who consider nothing too outrageous and dastardly to secure their success. But to the extract, read the article, and show it to your neighbor.

"Let the facts be laid before the country, and let this present local condemnation of a high-handed outrage upon the rights and feelings of our metropolitan community, spread to every section of the Union, and let every true American feel and act as if the shameful despotism practised upon the citizens of Washington had been visited upon himself!"

Do it then know, (and we hold ourselves responsible for the truth of the statement,) that a few weeks since, a meeting of sundry leading friends of Mr. Buchanan, holding high positions under this administration, was held at the room of one of said friends, high in office, in the Treasury building, at which meeting it was made known, by information communicated by certain other Federal dignitaries of this city, that funds were required to meet the exigencies of the pending crisis, and thereupon an officer of the Treasury offered a resolution to the following effect, to-wit:

"That the Heads of Bureaus should be 'required' to subscribe \$50 each—those receiving salaries of \$1,800 or \$2,000 should subscribe \$20 each—those receiving salaries of \$1,400 should subscribe \$15 each—those receiving salaries of \$1,400 should subscribe \$12.50 each—and those receiving \$1,000 should subscribe \$10 each, and so on."

This resolution was amended by substituting the word "solicited" for the word "required," and in this shape it passed unanimously. We have the names of the dignitaries then present! These sums were to be paid out of the salaries for the month of September.

In accordance with this resolution, the various parties subject to this "Black mail" were waited upon at the end of the month, and "solicited" to subscribe the amount assessed upon them; and in all cases the solicitation was repouled to, efficaciously, and thus about \$6,000 were "subscribed" in the Treasury Department alone to the campaign fund, to provide for the pressing wants of the "great Democratic party!" It is estimated that about \$20,000 have thus been "subscribed" during the present week in the several Departments.

MR. OVER:—Publish it not in Gath, proclaim it not in the streets of Bedford, that the little man with the white hat is not himself any more. To day he has heard exclaim, in the bitterness of his soul, after their grand and magnificent fizzle at this place. "Plots have I laid dark and dangerous. With boracians who are my only friends, 'To set the Americans in swift and deadly hate. Against my bitter enemies the Republicans. 'And if the 'Bovary Boys' had been as true and just, 'As I am subtle, false, and treacherous, 'The day would now be ours.' "But alas, alas, what a fizzle, is this my friends, where is the people that were to hang on my burning chesapeake to day?—Where is the O'Shees, the O'Garrahs?—Oh! where tell me, where have my BORDEN REFFIANS gone?"

Yes, the little man, (barring the white hat this time,) Schell, accompanied by Cessna, and an old Mr. Os! In pursuance to quite an extensive notice, met to-day in Tricker's Bar Room, and fizzled out. Not another soul was present, save John Long. This was one of the most magnificent fizzes of the season, it has effectually extinguished, yes, blotted out every vestige of Locofocoism, out side of the Catholic Church, in this part of God's creation.—Truly every dog has his day, so thought these claps, so to drown their sorrow, they all took a little mountain dew, and then sneaked out of town like dogs that had been after sheep without success.

Poor fellows, what a pity, what a shame, that these Bovary Boys received such a cool reception. So effectual was this fizzle, that there was not even one O'Shees, nay, not even a McFerry, or a dog to shout for Buchanan.

If those two Esq's have any friends in Bedford, we would advise them for God's sake, to keep them at home, put them under medical treatment as soon as possible, shave their heads, blister, bleed, cup; do any thing that may possibly restore them to common sense.

A JACKSON DEMOCRAT.

REMEMBER,

That G. Nelson Smith is a papist, and as such, voted in the last Legislature to charter a Jesuit Monastery in Cambria County. Remember, that G. Nelson Smith voted in the last Legislature for the present Jug Law!

TUSCARORA VALLEY JUNIATA COUNTY.

I have a few words to say in regard to Wilson Reilly, and Joseph Pumroy, the opposing candidates for congress, in the 17th district. The one is a lawyer of Chambersburg, and the other an Old Farmer of this Valley. The farmers being as much interested in regard to our officers, as any other class of men, (as one of their number.) I shall endeavor to speak of the claims of the two men. Mr. Pumroy has been living in this valley for some five or six years, having emigrated to this place from Path Valley, Franklin county, where he was born and raised. He is of humble parentage, cradled in adversity and by his own untiring exertions has worked his way to the high position he now occupies. He started in life a poor boy without perhaps a dollar, and to day he stands at the head of the Agricultural Society of this county. This position has been gained by his own perseverance, by close attention to business, and by a strong determination to succeed in the vocation he had chosen. Mr. Pumroy first commenced the business of life by selling goods, which he carried in a small pack on his back travelling, from house to house.—From this he set up a small store, and subsequently engaged in farming, and (one of the noblest of all occupations,) milling, which business he is still engaged in yet. During the time he resided in Franklin county, he was elected to the legislature, one or two sessions, and has in his possession now many tokens of regard from his old constituents. So we see that the Old Farmer Mr. Pumroy has been successfully engaged in tanning, Merchandizing, Mill-

ing, and Farming, and from his varied experience in the different callings of life would be well and ably qualified to represent the views of the taxpayers of this district. As a miller he would represent their interests, and as a merchant he would represent their interests, and last (though not least) he would represent the interests of the honest old farmers who comprise the majority of the inhabitants of this district. From this we turn to his competitor, Mr. Reilly, and who is he! An able lawyer of Chambersburg, whisper Reilly's friends, and for one I am not going to dispute about his opinions, but the question comes up, who does Mr. Reilly represent—why the lawyers, and do they compose the great part of the people of this district? I think not. Mr. Reilly if elected would represent the views of those who are engaged in the practice of law, while Mr. Pumroy would represent the views of the farmers together with those enumerated above. When we look back for the last twenty years, how many farmers do we find, have found their way into the halls of congress? Comparatively but few, while the other professions have been well represented, and the law in particular, and now when an honest old farmer is presented for our suffrages who shall we choose? Shall we choose one who has spent nearly all his time in his office, or one whose every interest is identified with the farmer's, the laborer's and the mechanic's. In the language of Mr. Pumroy's opposers in this county, "He is a good citizen, a good business man, a common man," and what more do we want, a good citizen is one that is wise, prudent, honest, firm to his purpose, enlightened, liberal-minded, public spirited, patriotic and generally virtuous, a good business man, is one that is upright in all his transactions, industrious in his habits, facile in his manners, judicious in his plans, energetic and successful in accomplishing them, a common man, is one that is not too proud to stoop to account of his wealth, nor too much stuck up on account of his standing in society, to shake a poor man by the hand in any company, and to treat all people with due courtesy and civility." In the above, you have a definition of the language of our opponents in regard to Mr. Pumroy. In this county he is highly respected and loved by all, for his plain unassuming manners. And now I leave you, on the one hand Mr. Wilson Reilly, a lawyer of Chambersburg, on the other you have Mr. Pumroy, familiarly known by the name of the "Old Farmer of Tuscarora Valley. Which will you choose? We will look for the answer at the ballot-box.

Your's with respect,

AN OLD FARMER

October 3, 1856.

GO IT, YE CRIPPLES.

An office holder on yesterday told a friend of ours that fifty thousand dollars had been assessed upon Washington City Democrats, to help carry Pennsylvania—and that the different States had been called upon for funds to help carry that State, as it was necessary to carry it to keep up the confidence of their friends; that if Pennsylvania should be lost at the October election, all confidence in Buchanan's election would be lost.

Postscript.—A letter was received last night or this morning from Senator Broadhead by one of the faithful, informing him that the battle was fought and won in Pennsylvania, for Buchanan, by which we understood that the intrigue to which we have referred has been successful. Don't count chickens before they are hatched. The eggs may be added—who knows? Watch the sham Democrats, ye citizens of the Keystone State.—Washington Organ.

FRIGHTENED.

A Buchanan Democrat, who is a clerk in the Treasury Department, made a bet of \$200 some time since, that Pennsylvania would cast her electoral vote for Buchanan. This week, the Buchananite has besought a personal friend of his, who is an American, to take \$200 for him, and bet it, that Buchanan would not carry Pennsylvania.—Washington Organ.

NEW GOODS!

JUST RECEIVED and for sale at REED'S NEW STORE, a large and well assorted stock of Fall and Winter Goods. He is now prepared to accommodate his friends and customers, and the public generally. To attempt to enumerate his stock in a news paper advertisement, would be folly, or a list of the prices, needless, for the public would not believe that goods were selling as they offer them, unless they call and see for themselves. We don't wish to boast, but merely remark that for variety, texture, and cheapness, his stock cannot be excelled, and it is calculated to please all.

We cordially invite the public to call at
