W. S. Coxklin told me—if hal taken nine bottles of Christic's Ague Balsam, and continually ran down while using it until my lungs and liver were Congested to that degree that blood discharged from my month and bowels, so that all thought it impossible for me to live through another chill. The doctors too did all they could for me, but though I must die. Nothing did any good until I got Rhodes' Fever and and Ague Cure, which at once relieved me of the distress and nausea at my stomach and pain in my head and bowels, and produced a permanent cure in a short time. H. M. Conklin says: "I had been taking medicine to say on East Put airect. Bedfiend, Pa.

the of RHODES' FEVER AND AGUE CURE, which effected a permanent cure by using two thirds of a bottle."

S. M. Conklin was not here, but both the other brothers say his case was the same as H. M's. I sold the medicine to both the same day, and the cure was as speedy from the same small quantity, and I might so specify. Yours with respect,

A. HUNTINGTON.

The above speaks for itself. Good proof as it is, it is of no better tenor than the vast rumber of like certificates I have already published, and the still greater amount that is continually pouring in to me.

ber of like certificates I have already published, and the still greater amount that is continually pouring in to me.

One thing more. Last year I had occasion to Caution the Public in these words:—
"I motice one firm whe have laken one of my general circulars, substillated the name of their nostrum for my medicine, and then with brazen impudence end their pamphlet with the exclamation, Let the proprietor of any other medicine say as much if he dares,?" &c.

Now I take pleasure in saying that the Caution referred to the same "Dr. Christie's Ague Balsam" that is mentioned in the above certificate.

There are several other industrious people who are applying to their poisonous trash alithat I publish about my Fever and Ague Cure, or Antidote to Malaria, except the certificates of Cures, and the Certificate of the celebrated Chemist, Dr. James. R. Chilton of N. Y., in favor of its perfectly HARMLESS CHARACTER, which is attached to every bottle. These will always serve to distinguish my medicine from imitations.
