"Fearless and Free."

DAVID OVER, EDITOR AND PROPRIETOR

The pious hypocrite of the Gazette cannot forgive Mr. Jordan, for aiding in the defeat of John W. Forney, of Forrest noteriety. The contest was between Forney and Cameron, and if he voted at all, it is plain that he had to vote for one or the other of the two men. Everybody that knows Mr. Jordan, is aware that he never could vote for a vile slanderer like Forney; they know also that no honorable man would the Pennsylvanian associate the name of vote for any scenndrel who would be guilty our gallant chief and his NOBLE vote for any scoundrel who would be guilty of an attempt to blast the reputation of a defenceless woman, as did Forney! Only a pious hypocrite, like the editor of the Gazette, could do such a thing! No matter what the political character of Cameron may be, we have the authority of the Gazette for saying that his private character is unimpeachable! Then between the two men, an American could do nothing less than to vote for him The editor is pious, be takes the sacrament, and prefers the assassin of female character, to one of whom he himself says, "In private life his acts all men. We deprecate the unfortunate are of an irreproachable character!" O, religion! what wicked acts are done in thy name

the Legislature. He as well as others then thought that with this large majority, we ought to secure one of our oldest member and most talented men. Now, the case is different; the Locofocos have the majority, and Gen. Cameron is the only man of the opposition that had the shadow of a hope of an election, and he being a man of fair talents, true to the interests of Pennsylvapia, and of "irreproachable character," Mr. Jordan, as well as every honest American and Republican, could do nothing else than vote for him. Americans and Republicans throughout the State, all say, to the members who secured the election of Cameron over Forney, "well done good and faithful servants !?!

MAN MURDERED.

On Friday morning last, at an early hour he body of a man was discovered lying by the railroad track about 24 miles west o Altoona, still alive but insensible. He was at once taken care of, and removed to the Hotel of Mr. Bowman in Altoona, where he died about 2 o'clock on the same day. He was a stranger in the neighborhood, and no one knew anything of him or of the manner of his fatal injuries. At first it was thought possible that he might have fallen from the platform of the night train nd so been injured; but a further investigation excluded this presumption, and left the correspondence between Mr. Menear no room to doubt that he was brutally murment upon them? The Pottsville Emporium, the organ of who voted for Gen. Cameron. It says :

"The causes which led to the defeat of Col. John W. Forney, the Democratic nominee, were manifold; and taken singly, many of the objections to him were sufficent to ensure his overthrew, even had they ot combined to produce this result.

In the first place, the announcement, month or two ago, that Mr. Forney would be candidate for the United States Senate, was received with surprise all over the State. Many good men had been named for that post, and many who had older claims upon the party were forced to stand back and make way for the Wheatland pet." The Emporium, in another article says:

"The election of Gen. Cameron over John W. THE PROTEST.

The following is the protest entered by s portion of the Locofoce members of the Senate and House, against the election of Gen. CAMERON

The undersigned members of the Senate of Pennsylvania, do hereby protest against the proceedings of the Joint Convention which met at 12 o'clock, M., on Tuesday, 13th inst., in the Chamber of the House of Representatives, for the purpose of electing a Senater to represent this State in the enate of the United States for six years from the 4th of Merch next: and they protest against the election of Simon Camer-on by said Convention, for the following reasons, viz:

Because there was not a concurrent ma ority of each House in favor of the candidate declared to be elected.

Because the Senate did not comply with the requirements of the act of the 2d day of July, 1839, entitled "An act relating to the elections in this Commonwealth," in this, that they did not appoint a teller, and make a nomination of persons to fill said office; nor give notice of said appointment and nominations at least one day previous to the meeting of said Joint Convention.

It sometimes makes a mighty deal of difference as to "whose ox is gored." The gentlemen who thus so lustily protest against CA MERON's election, were all in their seats in their respective chambers, and all voted to go into convention; they all knew that no teller on the part of the Senate had been elected the previous day; they each cast their vote for Col. Forney in the Convention; and we opine, if he had been elected, this protest on their behalf would never have been heard of It happens their ox is gored, and although caused by their own lowing pungent piece of satire act, they now protest against it. > No far as we have noticed, every American and Republican paper in out State has expressed entire satisfaction with the election of CAMEBON to the U. S. Senate. Good augury. The same bappy agreement about a candidate for Governor, would secure a like happy result-and we can have it, just as easy as we have had this. The American and Republican masses are as much disposed for a combination against the Pro-Slavery and Foreign Demooracy as these members of the Legislature are. Give them a good, sound, true open and manly American Republican to vote for and they'll do it. And they'll elect him. And the Buchaneers will be laid out flat. And the Blavery-extensionists will be rebuked again. And Foreign and Papal interference in our political affairs will be snubbed. And the good "Old Keystone" will go on her way rejoicing. So we hope and believe. What says the press generally !- Hot, Register,
