WHITE FEARS AND DARK CANONS.

Colorado is a land of sharp contrasts, of brilliant lights, of intense shadews, a land where heights and depths make obvious the meaning of the word antilibesis; a land where heights and depths make obvious the meaning of the word antilibesis; a land where every mood in mind can find an answering mood in nature. The high, white minarets of the mountains, from whose slender pinnacles float the wind-blown banners or the snow, appeal with slient eloquence to the lotty aspirations of the word; the sombire chasms cleft by Titan forces through granits-hearted bills within whose depths dark shadows through and swirling forcents dashapeak to the heart, a language that thrills, maybres and awes. If it does not follow that these glories of white peaks and those glooms of dark cunons preclude the pleasant intervals, the samy meadows or the secladed nooks wherein the treat and reinge from turnoid and tolt. To one making a journey in Colorado, New Mexico of Und, or taking a transcontinentatiour from East to west, or sie versa, the bonver and Rio Grande Rathroad offers accommodations equal in eleganeo, convenience and luxury to those of any other line with the added attractions of the univalled scenery along its line, abounding in a magnificent cyalence of white pears and dark canons. The mouth of November, 1890, witnessed one of the most important improvements in railroad facilities that thus yet been made in Colorado, over the standard gauge of the Denver and RioGrande Hallroad from Denver, Colorado, over the mountains to Ogden, Utah, which they years ago was deemed an impossibility, is certainly a trains through Glenwood Springs and down the Grand River to Grand Junction, thenes to Sait Lake City, Ogden and Sanny Francisco.
