HORRIBLE DISCOVERY.

Balrty Skeletons Found in an Ice House is Chiengo.

Curcaoo, June 29.—Thirty skeletons were found in an old lee house at the corner of Archer avenue and Hough

For several days numerous complaints have been under to the health office and to the Decring street police by residents in the vicinity of Arches avenue and Hough pince, who asserted a nutsance of most agaravated form made life almost miendurable. Investigation was made by both departments, but without locating the trouble.

Yesterday the mystery was solved. Several boys found near the corner a human skull and several thigh bones bleached white. The boys told the first policeman they met of their discovery, and he notified the health office. Dr. Ware and several assistants visited the scene and made a more thorough search thas had before been made. A bad odor was detected from Schineman's old ice house on the corner. The searchers ripped up a part of the floor and were horrified to find rows of skeletons, some of which the flesh still clung to. Who placed them there is not known, and the authorities will make every effort to find the well-searchers.

the gullty parties.

The theory advanced by the health officers is that some attache of a medical college brought the subjects there to bleach. The hones were sliowed to re-main in the building until the matter can be more fully investigated.

WORK OF DESPERADOES.

A Rumor That an Indian Agency Was

Attacked by an Acmed Band-Kansas Crrv, Mo., June 29.—A special from Wichits, Kan., says a sensational rumor is current there to the effect that sn attack was made upon the Sac and Fox agency by an armed mob of des-peradoes, who are reported to have cap-tured a large treasure and to have made

their escape with it.

AUnited States marshal who arrived here from Guthrie, Oklahoma, says that he has heard the same story at Guthrie. The story which came to his ears was to the effect that the Dalton gang made the attack and intimidated the people at the agency with drawn weapons, robbed them

and made their escape.

It is reported that the Indian traders who have been doing a big business with the Sec and Fox Indians since the latter sold their lands to the government, were the heaviest losers. No verification of the report has been received.

A RAIN MACHINE.

The Inventor Says He Will Produce the Article To-morrow.

CANTON, O., June 20 .- Frank Molbourne, who professes to have invented a machine by which he can produce rain at will, has predicted a rain for to-morrow, and a number of hundreds of dollars have been put up by local sports that the rain won't fall. In response to a letter from the Agri-

cultural Department stating that the government would adopt his invention in case he demonstrated its efficiency, he states that he will go to Kansas and there operate his machine. He asserts our limals the great with an area of 200,000 square miles in from three to six hours.

From Pulpit to Stage

CINCINNATI, O., June 29.—Rev. John A. Jayne, pastor of the Christian Church A Jayne, paster of the Christian Church at Falmouth, Ky., has announced his intention of leaving the ministry for the stage. Mr. Jayne is a popular young man and is said to be a good orator. Before entering the ministry he was a member of the stock of a Western company. His reason for leaving the church is that he cannot preach orthodoxy, as his yiews have undergone a chance his views have undergone a change during the past year. The retiring min-ister will be married before beginning his career on the stage.

The Jersey Harbor Lines.

Washington, June 29.—The Acting Secretary of War has granted the request of the Governor of New Jersey and the State Commission for a hearing in regard to the establishment of West Shore to the establishment of West Shore har-bor lines. These lines were established by the Engineer Corps, but do not meet the approval of the New Jersey officials, and accordingly Assistant Secretary Grant decided to hear the case on July 8.

WHITE FEARS AND DARK CANONS.

CURIOTRIO IS IN 18 IN 19 OF STRAYE CONTRACTS, OF DETILIANT LIGHTS, OF INTERSE STRAIG WE'R I AND WHERE LEIGHTS AND depths make obvious the meaning of the word antithesis; a land where every mood in mind can Bind an maswering mood in nature. The high, white minures of the mountains, from whose slender primaches float the which blown banners of the know, appear with silent edoquence to the folly aspirations of the soul; the somber chasms cieft by Titan forces through grantic-hearted this within whose depths dark shadows through and switting forcents chashapeak to the heart, a language that thrills, longives and awes. It does not follow that these glories of white peaks and those glooms of dark canons preclude the pleasant intervals, the sumly meadows or the secuded nooks wherein the lived mind or weirfed body may find peaceful rest and refuge from turnoulland tell. To one making a journey in Colorado, New Mexico or Urals, or taking a transcontinentaliour from East to West, or efecters, the Dehver and alto Grande Railroad offers accordingles for the unityaffed scenery along its line, abounding in a magnificant optione cof while peaks and dark canons. The mount of November, 1880, witnessed one of the most important improvements in railroad facilities that has yet been made in Colorado and the West. The completion of the The month of November, 1820, witnessed one of the most important improvements in ratiood haddities that has yet been made in Colorado and the West. The completion of the stindard gauge of the Denver and RisGrande Baircoad from Denvey, Colorado, over the mountains to Ogden, Utahi, which five years ago was deemed an impossibility, is certainly a triumph of daring and engineering skell. The new line is by the way of Leadville, tunneling Tennessee Plass, threading the canons of the Eagle and Grand Rivers, giving a view of the Maunt of the Holy Cross, enroute, tailing its trains through Glenwood Springs and down the Grand River to Grand Junction, thence to Sall Lake City, Ogden and San Francisco. By this route one legiven an opparamity to behold the magnificence of Eagle River Canon and the marvelous beauty and grandeur of the Canon of the Grand. The overland train is a model in every respect. From the engine to the last first-class coach everything is bright and new, and of the meest elegant style of workmanship and hotsh.
