TWO YOUNG CRIMINALS.

They Have Robbed Over One Hundred Stores and Offices.

NEW ORLEANS, June 29.—An exciting criminal career was temporarily suspended by the sentence to a term in the Parish Prison of Willie Martin and Edward Dixey. The first is 17 years of age and is from Parkville, Mo. Dixey is 21 and is from England.

About two years ago both youths were studying for the ministry in a theological institute in Missouri. There they learned to drink and gamble and their escapades culminated in their running away from the school.

They first went to San Francisco, then to Galveston, Texas, in each place committing numerous larcenies, and finally landed in New Orleans. In the last few months they have robbed over 100 stores and offices, taking anything they could realize a few dollars on. They confined their operations to the day time, and at night lived a fast and gay life with dissolute women. It was one of this class who eventually disclosed their doings to the police and caused their arrest.

With compassion for the youth of the offenders, Judge Baker did not consign them to the penitentiary, but gave Dixey six months in the Parish Prison and Martin one year.

DISORDER IN ROME

Exciting Scenes in the Chamber of Deputies.

A BIG FIGHT BARELY AVERTED.

Signor Cavallotti Tries to Assault Signor Martino.

Order Only Restored by Adjournment—Radical Says Italy Will Stick to the Triple Alliance—The Coming Fight in Carlow—Two Prominent Priests Openly Declare for Paronelli Since His Marriage.

ROME, June 29.—The sitting of the Italian Parliament yesterday was attended by great excitement. Premier Radici declared in the Chamber of Deputies that the government would adhere firmly to the Triple Alliance. He added that Italy and Europe might rest assured that, if these alliances were maintained, the peace of Europe would long be preserved.

The Premier's remarks were greeted with loud cheers from all except the Extreme Left. Later in the discussion the Radicals construed as offensive some allusions by Signor Martino. Angry Radicals sprang from their seats with violent gestures, drowning the voice of the speaker with shouts.

Signor Cavallotti rushed at Martino, and would have struck him but for the interference of friends. The utmost confusion prevailed, members acting in the wildest manner.

The president of the Chamber, after vainly attempting to restore order, was obliged to suspend the sitting in order to let members come to their senses.

When the Chamber was called together again the president appealed for order, and was joined in the appeal by Cavallotti, senior member of the Chamber and Bovio, Radical. The three speakers were each greeted with cheers. Parliament was then prorogued for the summer holidays.

ALL EYES ON CARLOW.

The Parnell-McCarthy Contest in that County Arouses Interest.

LONDON, June 29.—During the course of the next 10 days the County Carlow will be the point of political interest to which all eyes will be turned.

Carlow is the smallest county in the Kingdom, being only 20 miles long by 20 miles broad. It contains a population of upward of 46,000 and an electorate of 7,212, a thousand of whom are Tories.

Mr. Hammond, the candidate put forward by the McCarthy faction, is a prominent and popular merchant of the town of Carlow, and has been for 12 years chairman of the Town Commissioners, which during that time has been a model of municipal government. It is the only town in Ireland which is lighted by electricity.

Mr. Andrew Kettle, who is Mr. Parnell's nominee, is a stranger in the county, and is a tenant farmer in the County Dublin. He contested unsuccessfully a division of Cork at the general election in 1890.

The towns are for Mr. Parnell, but the rural districts are believed to be inclined to the McCarthy party.

The Tories of the district will vote for Mr. Parnell if they vote at all. There is a significant fact, to which Mr. Parnell's recent marriage has contributed, that two prominent priests have declared for him, while the McCarthyites are far less confident than they were at the recent elections.

They will certainly miss Mr. Michael Davitt's tremendous energy and widespread influence at the polls.

BARDSEY'S RASCALITY.

His Home in Germantown Purchased With Public Money.

PHILADELPHIA, June 29.—One of the most interesting and important discoveries made by the mayor's experts, who are re-overhauling city books and Bardsey's papers to test the truth of the ex-city treasurer's defense made in court, bears on the purchase of the house in Germantown. The house was purchased with public money.

In his pathetic statement read before Judge Wilson about his frugal life of self denial, Bardsey said that the purchase price—\$20,000—represented his wife's savings of her 10-cent pieces and his savings from all outside sources.

Mr. Graham will be able to show when Bardsey is brought up for sentence that instead of being bought with Mrs. Bardsey's 10-cent pieces, the house was paid for with a check drawn against public money. The experts will be ready for Mr. Graham in a day or two.

Lowell Sports in Luck.

LOWELL, Mass., June 29.—The figure 2, on which a large amount of money was staked, turned up for the forty-third consecutive time at Mitchell's policy shop Saturday evening. The sports here won \$16,000 in the forty-three drawings. The bank paid out money until its funds were exhausted and then notified the other winners that they would have to wait for their cash until money was received from Boston.

Captain Shaw Resigns.

LONDON, June 29.—Captain Eyre Massey Shaw has resigned as chief of the Metropolitan Fire Brigade. Captain Shaw was born in county Cork, Ireland, in 1830. He served a short time in the army and was appointed superintendent of the Belfast constabulary. In 1861 he succeeded Superintendent Bradwood, who was killed in the great Tooty street fire, as chief of the Metropolitan Fire Brigade. He now retires after thirty years' service.

Grand Reception to Elks.

BALTIMORE, June 29.—The Baltimore Lodge of the Order of Elks gave a grand reception yesterday at Avondale, near Baltimore, to visiting brethren. About 500 members were present. Past Exalted Ruler Campbell delivered an address of welcome and then the members enjoyed themselves until 8 o'clock last evening, when they returned to the city.

HON JOHN B. ALLEY ASSIGNS.

The Announcement Creates a Sensation in Lynn.

BOSTON, June 29.—The Hon. John B. Alley, of Lynn, has assigned for the benefit of his creditors to Wm. A. Knowlton, who is one of the assignees of Alley Bros. & Place, the leather dealers who recently failed.

Mr. Alley owes the above mentioned firm \$500,000 or \$600,000, but aside from this indebtedness the liabilities are very small. Mr. Alley's indebtedness to Alley Bros. & Place is understood to be secured in whole or in part.

The announcement of the assignment made a decided sensation in Lynn. Mr. Alley's fortune, a few years ago, having been estimated at \$3,000,000. The famous Snow-Alley law suit cost Mr. Alley a large sum of money, and he has also met with heavy losses in the West, but no one supposed that he would have to assign.

ELOPED IN A BALLOON.

A Massachusetts Woman Looking for Her Sixteen-Year-Old Daughter.

PITTSFIELD, Mass., June 27.—A special from St. Louis says: "A singular story was developed here by the application at the City Hall of Mrs. J. F. Goodrich, of Pittsfield, Mass., for help to recover her 16-year-old daughter, Clara, who eloped in a balloon from Pittsfield Decoration Day with an aeronaut named Walter Cooper."

There was evidently a vein of sensationalism in the young people, because when they determined to elope the common-place methods which have been in vogue for centuries would not do.

"Decoration Day, dressing herself in a suit of her brother's, Clara eluded her parents and made her way to Pittsfield. Her father pursued and reached the fair grounds just in time to see his daughter borne into the air in a balloon with the young aeronaut."

"Mrs. Goodrich has been pursuing the couple ever since and swears to kill her daughter's betrayer on sight."

PIERCED BY AN IRON BAR.

A Pennsylvania Quarryman Meets a Terrible Death.

ALTOONA, Pa., June 27.—Shortly before noon at the large quarry at Piney Creek, Robert Calbert and a gang of men prepared two blasts and fired them. One failed to explode.

Calbert took a 16-foot bar and prepared to drill it out. He placed the end of the bar in the hole and let it drop when the explosion occurred.

Twelve feet of the bar was driven through his body, and it is said his screams were heard for half a mile.

The remainder of the bar was pulled through the wound, and after 20 minutes of agony Calbert died.

In happy round the fruits of the season are pursuing the even tenor of their way.

PRINCE GEORGE'S VISIT.

The Young Nobleman Expected in New York To-morrow.

NEW YORK, June 29.—Prince George of Greece is expected to arrive in New York from San Francisco to-day or to-morrow, and will remain here until Saturday, the Fourth of July, when he will sail on the Servia for Liverpool. The Prince arrived in San Francisco on Tuesday by the steamship Gaelic from Yokohama, to which port he was carried by the Russian gunboat Kolatz from Vladivostok. There he left the Gaelic, after accompanying him on his tour around the world, and distinguishing himself by defending the heir to the Russian throne from the Japanese assassin near Tokio.

The Greek consul at this port, Demetrios N. Houlas, with the managers of the large Greek cotton exporting firm of Ball Brothers and other prominent Greeks will give a dinner to Prince George at Delmonico's. As he is of a quiet and retiring disposition, it is probable that but few guests will be asked to attend. A visit will be made by him to the mayor and other city officers, and the principal places of interest in the city will be viewed.

Commander Lomon of the Russian Navy accompanies the Prince, who is just twenty-two years old, as his naval instructor, and under his guidance the royal visitor will easily make himself at home in New York, as the Commander has been in this city before. From here they will proceed immediately to St. Petersburg, where the mother of the Prince, the daughter of the Grand Duke Constantine, is to meet him. The czar has desired personally to thank the Prince for his aid to the Czarvitch when the latter was murderously attacked and it is for this reason that the visit will be made.

Prince George is said to be of striking appearance, six feet two inches in height, and to have a taste for athletics. He holds the position of Lieutenant in the Greek Navy, to which he was appointed on the 26th of last July, being at the head of the torpedo department, in which branch of the service he is reported to have attained much efficiency. So far his parents have signified no desire for him to marry.

THE SAMOA VICTIMS.

Imposing Ceremonies in the Cemetery at Mars Island.

VALISO, Cal., June 29.—The remains of the 19 sailors who were drowned at Samoa during the great hurricanes of March, 1889, were interred with imposing ceremonies in the naval cemetery on Mars Island yesterday.

The bodies were taken to the cemetery, seven in one hearse, and 12 on a caisson constructed of gun carriages, and were escorted by a battalion from the Marine Corps, a company of sailors from the Independence, members of Farragut Post, G. A. R., Commander Benson, of the French frigate Rabouillard, Admiral Irwin and staff and Commander Wilson, a survivor of the disaster. Commander Clark was in charge of the escort.

At the graves the religious services were conducted by Chaplain J. K. Lewis, and at their conclusion a parting salute was fired and the last call was sounded by the bugles.

TROUBLE FOR NEWSPAPERS.

They May be Sued for Connecting Lady Brooke with the Baccarat Scandal.

LONDON, June 29.—The "Pall Mall Gazette," in referring to certain statements published by society papers, connecting the name of Lady Brooke with the recent legal inquiry arising from incidents occurring at Trauby Croft, says: "It is understood that Lord and Lady Brooke have instructed Mr. George Lewis to take criminal proceedings against any paper which circulates these unfounded and malicious libels."

Mr. George Lewis is the distinguished London solicitor who prepared the case for Mr. Parnell and the Irish party, which was tried by the Parnell Commission.

The Vice-President's Outing.

BRINEBECK, N. Y., June 29.—Vice-President Morgan has just completed all arrangements for a very pleasant midsummer outing in the Adirondacks. Mr. Morgan has secured the camp owned by Anson Stokes Phelps on a picturesque island in Upper St. Regis Lake. This is near Paul Smith's well known hotel in the most celebrated part of the North Woods. The party will comprise the Vice-President, his private secretary, R. S. Chilton, his two eldest daughters and their governess, and they will be joined soon after their arrival by Miss Rachel Sherman, daughter of General Sherman. They will probably remain in the Adirondacks a month or more.

Berlin Bricklayers' Fund.

LONDON, June 29.—Berlin advises state that public sympathy is generally with the bricklayers in their demand for sixty pence an hour (about fourteen cents). The bricklayers are collecting for a fund they call their "war fund" and which is intended to support them should a prolonged controversy with the employers make necessary an appeal to the public.

Clothiers Said to Be Indicted.

ROCHESTER, N. Y., June 29.—Twenty-one sealed indictments have been brought in by the Grand Jury. It is rumored that the clothing manufacturers concerned in the recent lockout have been indicted for preventing the clothing cutters getting work. The truth of the report cannot be confirmed.

NEWS OF THE DAY.

A clerico-monarchical society has been formed in France.

Reports of famine in parts of Russia owing to crop failures cause some excitement there.

Cardinal Gibbons denies emphatically that foreign Catholics are not properly cared for in this country.

Mrs. Charlotte Smith, of Washington, alleges that there is an extensive system of office brokerage and blackmailing of employees in some of the government offices.

Mrs. Belle Callaghan, of New York, claims that she is rightfully the owner of the great Scottish estate occupied now by the Earl of Arden. A lawyer will investigate the claim.

Weather Indications.

WASHINGTON, June 30.—For New England, Eastern New York, Eastern Pennsylvania, New Jersey and Delaware: Fair; warm; variable winds; showers Tuesday.

For Western New York and Western Pennsylvania: Showers; warmer; southerly winds.

Macbeth's "pearl top" and "pearl glass" lamp-chimneys are made of tough glass that costs four times as much as common glass; and the work on them costs a good deal more than the work on common chimneys, just as the work on a dress is proportioned to cost of stuff.

The dealer is right in saying he can't afford to sell them at the prices of common glass chimneys.

And what will become of his chimney trade if his chimneys never break? He is apt to be wrong there. He can afford to charge a fair price and give new chimneys for all that break in use.

Have a talk with him.
