SHENANDOAH, PA., TUESDAY, JULY 14, 1891.

ONE CENT.

THE SUREST ROAD TO WEALTH IS THROUGH LIBERAL ADVERTISING

## CONVENTION CALL.

To the Republican Electors of Pennsylvania: After consultation and correspondence with the members of the Republican State Committee, and by their direction, I hereby give notice that the Republican electors of Pennsylvania, by their duly chosen representatives, will meet in State Convention at Harrisburg, Wednesday, August 19, 1891, at 10 o'clock A. M., for the purpose of placing in nomination candidates for the offices of State Treasurer and Auditor General, for the nomination of eighteen candidates for Delegates-at-Large to the Constitutional Convention provided for in the Act of Assembly approved June 19, 1881, and for the transaction of such other business as may be presented.

Notice is especially directed to the fact that, in accordance with the provisions of the last mentioned act, each Senatorial district is entitled to a representation of three delegates in said Constitutional Convention, two of whom only can be members of the majority party in said district. The electors of each district are therefore requested to make proper nominations for delegates to said convention, the vote governing the nomination of candidates for State Senator to be applicable.

In this connection the Chairman desires to call the attention of Republican voters to the recommendation of the State Convention of 1882, that "they allow the greatest freedom in the general participation in the primaries consistent with the preservation of the party organization."

Wm. H. ANDREWS, Chairman.

## Popular Excursion.

One of the most popular and cheapest summer excursions is the annual Heiler excursion over the famous and picturesque Lehigh Valley railroad, to Niagara Falls, which takes place this year on Saturday, July 25th. The fare is only \$5.00. Tickets are limited to 10 days and good to return on any regular train. Stop-off privileges are allowed at Buffalo and Elmira (returning) affording passengers an opportunity to take in Watkins Glen. This is certainly one of the best offerings for a summer outing, and as the fare is very reasonable, within the reach of all.

## COLUMBIA!

21ST ANNIVERSARY OF THE PIONEER FIRE COMPANY.

COLUMBIA H. & S. F. E. CO., No. 1.

Is Old Enough to Vote and Its Members are Making Merry at Columbia Park To-day—Its Interesting History.

Twenty-one years old and still alive and kicking.

To-day the 21st anniversary of the Columbia Hose & Steam Fire Engine Company, No. 1, of Shenandoah, Pa., is being celebrated by the members of the organization at Columbia Park.

FIREMEN'S PARADE

The company is rejoicing that it has attained its majority. And why should it not rejoice? For twenty-one years it has existed in the community as the pioneer volunteer fire company of the demon—Fire! For twenty-one years its members have kept a watchful eye upon the lives and property of the people of the town and their record is one to which they may point with pride.

Your health, Columbia! Long may you continue in our midst, and may the memory of your service in the past—in November, '88, when the fire demon held the entire town at his mercy and you gallantly, fearlessly wrested from his grasp that which was doomed—never grow dim. Rejoice, Columbia! Celebrate, Columbia! To-day is your day, so make the best of it.

On Monday, July 11th, 1870, a meeting of citizens was held in the old brown school house, corner of Lloyd and West streets, for the purpose of organizing a fire company, the following named citizens being present: Max Dietz, William Koch, H. D. Boas, Dr. F. J. Kern, Louis Hunzinger, John Bernhardt, Rudolph Messerle, John P. Hoffman, H. C. Boyer, Wolf Levine, C. C. Wagner, William Stauffenberg, William Giesel and Charles Henning. The election of officers resulted as follows: President, T. J. Foster; Vice President, Max Dietz; Secretary, F. J. Kern; Treasurer, Joseph Boehm; Chief Director, John Bernhardt. After the election H. C. Boyer, C. C. Wagner and

F. J. Kern were appointed a committee on constitution and by-laws. The following names for the organization were then proposed: "Columbia," "Empire," "Washington," "Active," "Anthracite," "Never-sink" and "Shenandoah Excelsior." Out of 15 votes cast 11 favored the name "Columbia," which was adopted. The president appointed H. D. Boas, T. J. Foster and John P. Hoffman as a committee to wait upon Council and ask for the necessary apparatus and meeting room. At the next meeting the committee reported progress. The meeting then adjourned to meet on the following Monday in the Council room, on Lloyd street. At the 6th meeting of the company, held on August 22nd, 1870, an election of officers for the ensuing year was held and F. J. Kern was elected President; John Bernhardt, Vice President; H. C. Boyer, Secretary; J. P. Hoffman, Treasurer; T. J. Foster, Chief Director. At this meeting it was resolved to hold a picnic and ball on September 20th, 1870. This was the first held by the company. At the 12th meeting, Nov. 7th, 1870, of the company the title "Chief Director" was changed to "Foreman" and the office of Assistant Foreman was created. At the 14th meeting, held Nov. 14th, 1870, the committee reported that the new hose house on Market alley was ready for occupancy and the first meeting of the company was held in their new hose house on November 28th, 1870. The hose carriage was received by the company about December 1st, 1870. The exact date is not given by the minutes of the company. At the 23rd meeting, held April 10th, 1871, it was resolved that a committee of two be appointed, consisting of Dr. Kern and T. J. Foster, to wait on the Borough Council and ask for books and ladders, also more fire plugs. At the 35th meeting, held August 14th, 1871, the following officers were elected: President, F. J. Kern; Vice President, Peter Enders; Secretary, H. C. Boyer; Treasurer, John C. Hoffman; Foreman, T. J. Foster; Assistant Foreman, Louis Hunzinger. During the meeting held January 12th, 1872, we learn from the records, as indicated by the temporary secretary, who served in the absence of the regularly elected official, that T. J. Foster "mailed lenty and abie stump speech in favor of the new constitution and resignation of the com. which was adopted." The first mention of the company receiving new hose was at a meeting held March 27th, 1872. At the same meeting Peter Enders was elected President, Timothy Mahoney, Vice President; A. Lobred, Secretary; Peter Smith, Treasurer; T. J. Foster, Foreman, and Louis Lehe, Assistant Foreman. At the next meeting, held April 3rd, 1872, the Assistant Foreman reported, "the hose carriage still dirty from the fire at Lee and Grant's colliery, two sections of the new hose bursted and two others unfit for use." This is the first record of a fire on the books of the company. On August 21st, 1872, the charter of the company was received. An election of officers was held at a meeting of the company held on February 18, 1873, when R. B. Greenor was elected President; Jacob Lamb, Vice President; A. Lobred, Secretary; Peter Smith, Treasurer; Fred Grumm, Foreman, and Louis Lehe, Assistant Foreman. The first death among the members of the company, as recorded in the minutes of the company, is that of Walter Gibbs, who was killed at the Pink Ridge colliery and was buried on April 20th, 1873. At the next meeting, April 5, 1873, Fred Grumm and J. A. Lamb were appointed a committee of two "to go to Philadelphia and make arrangements to get a steamer." On the 2nd of June, following "the agreement for steamer submitted by Thomas Peto, of Philadelphia, was read and approved, properly signed, and a copy handed to the trustees for safe keeping." On the 4th of July the steamer was tested and at a special meeting the next day the engine was accepted. The following officers were elected to serve during the ensuing term at a meeting held February 11th, 1874: President, A. Lobred; Vice President, Peter Beck; Secretary, Richard Amour; Financial Secretary, Edward Amour; Treasurer, Peter Smith; Foreman, Lewis Lehe; Assistant Foreman, M. Laubach; Chief Engineer, William Hilson. On February 23rd, 1874, a committee of three was appointed to write up locals for the SHENANDOAH HERALD on the new hose house. What the committee did is not mentioned, but on Tuesday, December 23, 1874, the company moved into their new hose house on Jardin street. A parade and ball were held in the evening. The apparatus was not put in the house until January 28th, 1875. On February 10, 1875, the following officers were elected: President, A. Lobred; Vice President, Peter Beck; Secretary, Richard Amour; Financial Secretary, E. W. Amour; Treasurer, John Oliver, Jr.; Foreman, Louis Lehe; Assistant Foreman, William Owens; Chief Engineer, William Hilson. The two-wheeled cart was first used by the company at a parade held on July 5, 1875. The finances of the borough must have been pretty low about this time, for the committee on raise reported that the "borough could not raise enough money to pay the L. V. R. Co. its freight bill on the cart and the agent of the company is pushing for payment of the same." The report was accepted and an order was drawn for \$15.00 to pay the bill.

[TO BE CONTINUED.]

## BOYD AND HARRISON.

A Test of the Pennsylvania Railroad's Management.

An interesting anecdote is told of George W. Boyd, the Assistant General Passenger Agent of the Pennsylvania Railroad, in connection with President Harrison. Mr. Boyd had personal charge of the recently highly successful transcontinental tour. Many years ago he knew the President as General Harrison, Senator Harrison, United States Senator Harrison and "Ben" Harrison, one of the brilliant members of the Indianapolis bar. When contemplating his recent tour the President's first thought was of the Pennsylvania's brilliant representative and his old time acquaintance, George W. Boyd, and summoned him to Washington to take his advice on the proposed journey. The summons was responded with Mr. Boyd's customary promptness. The schedule was soon mapped out and then the President urged that Mr. Boyd prepare himself to see it, personally, carried out. Mr. Boyd consented, the trip was undertaken and it resulted in one of the most phenomenally successful tours ever projected and carried out in this or any other country. The President's confidence was not misplaced. From start to finish there was not the slightest accident or the least displeasing feature. All that the brain of man could conceive for safety, speedy and comfort was accomplished and another brilliant triumph was added to the credit of the great Pennsylvania Railroad Company.

## PERSONAL.

Max Reesels doing business in New York to-day.

John Mieldsz spent to-day fishing in the Catawissa Valley.

Miss Anna Dengler is spending a month vacation in Watsonstown.

Assistant Postmaster Dengler was a visitor to Mahanoy City last evening.

L. A. Bamberger has become a commercial tourist and is in Ohio this week.

Mr. and Mrs. George Werner, of Orwigburg, are the guests of Chief Burgess Leasing.

Miss Mary Pawick, of Wilmington, Delaware, is the guest of her brother, Rev. Wm. Pawick, pastor of the M. E. church.

Frank Charles and wife, of Hazleton, are the guests of Mrs. Charles' parents, Mr. and Mrs. H. B. Hawley, of East Coal street.

Supt. A. P. Blakeslee, of the L. V. R. R., Dr. P. H. Dudley and Wm. Casan, of the Bethlehem Iron Works, R. Caffrey, roadmaster, and Geo. Brill, dispatcher, L. V. R. R., were in town to-day.

Dr. Thomas Cowan left town last evening for Denver, Colorado, with a view to locating there if he should find an opening in his line. His family remains here to await the result of the trip.

## School Reports.

The Democratic School Board of East Mahanoy township has "fired out" seven teachers whose friends are Republicans and have elected eight friends of Democrats. If the firing had been done by Republicans there would be great hue and cry about politics being allowed to creep into school affairs.

The "nigger in the wood pile" will stick out his head occasionally.

The local school term will open on August 31st.

John E. Davies, who left town after being re-elected a teacher by our School Board, writes to friends that he has secured a school in Butte City, Mont., and will not return here.

## Miners Educate Yourselves.

The Primary Educational Department of The Colliery Engineer intended for the use of candidates for mine foremen's certificates and students of mining contains everything any miner needs to learn to pass an examination for a certificate. A miner can learn to write; can learn arithmetic, square and cube root; mechanics applied in mining; the principles of ventilation, etc., by reading it. Send to The Colliery Engineer Company, Scranton, Pa., for a sample copy. Subscription \$2.00 per year.

## A Great Railroad Spectacle.

The general contracting agent for W. C. Coup's six enchanted rolling palaces, is arranging for the production of this spectacle in all the important towns in this region. It is contained in six railroad cars, handsomely decorated and carpeted, 400 feet long, and the visitor in seeing the entertainment walks through these cars, which will be on the railroad track. The entertainment consists of an Eden Musee, aquarium and auditorium and is said to be a \$1,000,000 enterprise.

## Miles' Nerve and Liver Pills

Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles' Pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unexcelled for men, women, children. Small, neat, pleasant-tasting pills. Samples free, at C. H. Hagenbuch's drug store.

## \$300,000 Colliery Fire.

LONDON, July 11—A fire in the West Stanley colliery at Consett, near Durham, yesterday, wrecked the pit head and destroyed most of the machinery. The loss will exceed \$300,000. About five hundred men are thrown out of work.

## AN INDIAN WAR.

NAVAJOS ALREADY CAUSING TROUBLE IN ARIZONA.

THEY ATTACK CATTLE RANGES

And Slaughter Cattle—The Chippewas Ready to Revolt—Dissatisfaction With the Failure of Government Promises.

SAN FRANCISCO, July 14—The Chronicle's Flagstaff, Arizona, special says: During the last month the Navajo Indians have been acting in a defiant manner toward the whites, and it was the general belief that they were only awaiting a favorable opportunity to drive them from their ranches. A courier has just arrived here from the Little Colorado, thirty miles north-east, with intelligence that a band of six hundred Navajos have taken possession of William Rodden's ranch, driving out the herders and slaughtering large numbers of his cattle.

The Indians are well armed and can get large reinforcements from the reservation. Sheriff Francis will leave for the scene to-morrow with thirty armed cowboys to arrest the leaders of the band.

If Francis fails to arrest the chiefs and get the Indians back on their reservation, the War Department will be appealed to and troops probably be ordered out. The Navajos number 18,000, well fixed financially, and are the largest tribe in the territory.

## CHIPPEWAS TO REVOLT.

Dissatisfaction With the Failure of Government Promises.

WHITE EARTH, Minn., July 14—The situation here is so serious that it is feared General Merritt will have to send two or three companies of the Third Regiment to the White Earth Reservation to prevent a riot and possible massacre.

The Chippewas have been in a state of open revolt for several weeks. A delegation of Leech Lake Indians came here to confer, and soon after their arrival, joined in a wild dance with the White Earth red men. The police became alarmed at the threatening outlook and to stop the dance, tore down the hall in which the orgy of the savages was taking place. The Indians were highly incensed over the interference, and have been holding meetings to-day with a view to getting even.

The dissatisfaction of the Indians has resulted from the tardiness of the Chippewa Commission in the matter of the allotment of land and the non-payment by the Government of several thousands dollars damages occasioned by big overflows in the construction of the upper Mississippi reservoirs. A certain amount of cash per capita was promised the Indians, and the Government's intimation that it proposed to settle the debt in stock and agricultural implements has so incensed them that they are in a mood to commit any outrage.

Chief White Cloud is on the ground trying to prevent an outbreak, although he has written the Interior Department that his tribe will not submit to the payment of anything except money for their ruined rice fields.

## \$10,000 for a Wife.

She preferred a "handsomer man," did Edna Patterson, the pretty young wife of Henry Ward Patterson, a Chicago banker.

And that his wounded heart may be healed, Mr. Patterson has sued Marcus S. Steinman, an Englishman of good family, and reputed to be wealthy, for \$10,000. Some six months ago the Pattersons arrived in Chicago from Indiana. The husband thought it well to locate in Chicago and opened a bank. About that time his wife was introduced to Steinman, who was in this country on a business trip.

Then the trouble began. The husband says Steinman robbed him of Mrs. Patterson's affections and induced her to leave him. They have not been living together for some time although Mrs. Patterson is said to be in Chicago. Steinman represents a Liverpool house. He is expected to reach Chicago in a few days and the husband hopes then to serve him with notice of the suit.

A coroner's jury at Louisville, Ky., has found that Mrs. Kezeon Guthrie, who died a few days ago, came to her death from poison partaken of at a wedding.

## Capt. Dougherty Dead.

Captain Charles Dougherty, of Crossons, who served in the 9th Regiment, Pennsylvania Volunteers, under Col. H. L. Calk, dropped dead just as he was about to enter the cars to go to Pottsville on Sunday. He was in his sixty-fourth year.

## DANGEROUS EAR-RINGS.

Among the first of Dr. Koch's patients with consumption was a young girl lured from the care of a devoted friend, Barbara's (her name and specific disease are then derived from nature, bronze, toxic, etc. Vigorous healthy blood in the face, safeguard against all poisons, and Caster's Blood Cure, the one only vegetable blood purifier known. No trial, no reward, no return.

Waters' Wine Beer is the best. John A. Reilly sole agent.

## CHRISTINE NELSON'S WEDDING

She Is Now the Wife of Denmark's Vice Consul at Chicago.

Otto A. Dreier, vice consul of Denmark, located in Chicago, and Miss Christine Nelson were married at the residence of the bride's parents, Madison, Wis., last week, in the presence of the immediate relatives of the families. The bride and groom have been acquainted about six years. The latter's father, Emil Dreier, consul of Denmark, has been a prominent resident of Chicago since 1854. The son

CHRISTINE NELSON.

was appointed vice consul in 1885, when twenty-one years old. He was born in Chicago twenty-seven years ago. The bride is contrasted in the choir of the New England Congregational church and formerly sang in Clarence Eddy's choir in the First Presbyterian church, Chicago. She will not give up her musical work. In personal appearance she is a striking brunette. She received her musical education in Chicago in the school of Mrs. Sara Hurshey Eddy. Her advancement was so rapid that she was soon chosen a member of the Eddy Ladies' Quartet and was in frequent demand for amateur recitals and concerts. In June, 1889, she accompanied Clarence Eddy's Organ Concert Company to Europe as one of the associate artists. She was well received in London and called a second "Swedish Nightingale." In Paris she appeared at the Trocadero, with remarkable success. Thence she became a pupil of the celebrated Henschel in London. She is only twenty-five years of age, but already is one of the favorites of the lyric stage.

## GRASSHOPPER INVASION.

THEY NOW COVER AN AREA OF 450 SQUARE MILES IN KANSAS.

TOPEKA, July 14.—Startling reports from Eastern Colorado and Western Kansas about the reported grasshopper invasion were received here yesterday. The grasshoppers cover an area of 450 square miles where the Santa Fe Road crosses the Colorado line. They are young and not able to fly, but are hopping eastward at the rate of two miles per day. They will have matured sufficiently within two weeks to enable them to fly, and as it is certain they will move in an easterly direction, much damage is anticipated.

The hoppers are of a brownish yellow color and are not readily seen from passing trains because of their resemblance in color to the soil and grass. Little damage has been done in the region infested by the hoppers, because few crops are grown there, but pasturage has been destroyed. The few fields of corn, wheat and sorghum have been swept clean. Every west-bound train that passes through the swarm during the night is stopped.

Far in the night, when it is cold, the rails are warm, and they cluster about the track, almost hiding the rails from view, and when a train attempts to climb the up grade near Azbba, Col., it is like climbing a greased pole. The driving wheels revolve but slide helplessly upon the rails.

The vast area of grasshoppers is made of the young of those that were in the region last year, and more anxiety is felt because of the large increase which is certain to be hatched there next year than from any damage which may be done this year.

If you want to drive away Dyspepsia, Biliousness, Constipation, Poor Appetite and all evils arising from a disordered liver use Dr. Lee's Liver Regulator. Trial bottles free at Keiter's drug store.

## Don't Pay 5 Cents

For what you can get for half the money. Our Spanish Panettas at two for five are better than half the Cigars you pay five cents for. Try them. \$1.10 a box.

GRAF'S,

No. 122 North Jardin Street.
