JENNY CRAMER'S MOTHER.

CRAZED BY GRIEF AND SORROW SHE COMMITS SUICIDE.

New Haven, Conn., July 17.—Mrs Christian Cramer, the mother of beautiful, unfortunate Jenny Cramer, the story of whose tragic is known all over the land, committed suicide yesterday by hanging. The deed was committed in the same house which but few years ago the happy, contented family lived. To-day's tragedy leaves but one member of that home circle in the land of the living, namely, Mr. H Edward Cramer, the oldest son. Mrs. Cramer's body was found hanging to a closet door in her bed room, suspended by a clothesline, her feet being about eighteen inches above the floor. Near by lay an overturned stool, off which she stepped to commit the premeditated deed.

Among the idle crowd was Walter Malley, who was tried for the murder of Jenny, and is now at liberty on a $50,000 bond, owing to a disagreement of the jury on the case. James Malley who was also connected with the famous case, is in the West Indies.

Several reasons are given for the suicide. Mrs. Cramer's intimate friends state that she has never forgotten Jennie's death, and constantly talked of it. She has always believed that the Malley boys were the cause of her death. Then her husband died a year later, and still later her daughter Carrie died of consumption.

Blanche Douglass, the woman who figured in the famous case, died in a hospital near Chicago about two years ago. With Mrs. Cramer's death, all the important witnesses in the famous Malley trial have died, as old Asa Curtiss, who found her body on the beach at Savin Rock, died about a year ago.

What a Prominent Physician and Chemist says After Analysis and Practical Test.

Dr. J. Lyster, formerly of Bellevue Hospital Medical College and Long Island College, speaks as follows:

NEW YORK, October 25, 1889.

Alva s Brazilian Specific Co., 6 Wall str. et. —Gentle: The sample of your Cactus Blood Cure, which I bought for analysis, I have subjected to a very thorough test, and can find not a single trace of mineral or mercurial preparation in it whatever; and, as I have had considerable experience in its constitutional effect in certain diseases already known to you, I consider it the safest and best vegetable blood purifier in the market.

Yours respectfully,
D. J. LYSTER, Ph. D., M. D.

ARABIAN PRAYER.

"O Lord, be kind to the sick and poor; thou hast done enough for the rich and healthy, and the happy do not need thee."

The healthy do not need Cactus Blood Cure, but those who are suffering from rheumatism, gout, boils, carbuncles, ulcers, and the thousand ills of scrofula and specific disease, need the kindness of Providence to help them bear their troubles, and Cactus Blood Cure to cure their diseases.

A Veteran's Death.

Erie, July 17.—Frederick W. Beir came from Columbia Lancaster county, to Erie with a certificate from the Soldiers and Sailor's Home Commission for admission to the Home. The old gentleman drank considerably, and after spending a night in the city police station went to the Home. At a late hour Beir arose from his bed and, jumping from a second-story window, was killed. Deceased was a member of the Two Hundred and Ninth Pennsylvania Volunteers.

M'Camant's Denial.

A special despatch from Harrisburg says: "The report of the Committee of Experts on Bardsley's accounts has been the talk of the town to-day. The connection of Auditor General McCamant and ex State Treasurer Livezey's names with those who are alleged to have shared in the profits created a sensation. Mr. Livezey is not here but Mr McCamant denies in the most emphatic way that he ever received any money. He declines to enter into any discussion of the matter, but says he may have something to say hereafter."

SPECIAL NOTICES.

The vestibuled compartment sleeping cars recently introduced on the Chicago, St. Paul and Kansas City Railway are models of comfort, convenience and luxury. Any patron of the sleeping car is enabled, by the introduction of these compartment cars, to secure the same privacy and convenience that he would in the best hotel. No other line west of Chicago runs the compartment cars. In addition, the trains are equipped with the regular open Pullman sleeper, giving passengers their choice. The dining car service is fully up to the requirements of modern railway service. An excellent cuisine, promptly served amid elegant surroundings, at moderate charges, leaves nothing now to be desired. Any of our people contemplating a trip to any part of the west or northwest cannot possibly secure better accommodations or lower rates than by addressing W. P. Cooley, General Agent of the passenger department, 856 Chestnut St. Philadelphia, Pa.

WHITE PEAKS AND DARK CANONS.

Colorado is a land of sharp contrasts, of brilliant lights, of intense shadows; a land where heights and depths make obvious the meaning of the word antithesis; a land where every mood in mind can find an answering mood in nature. The high, white minarets of the mountains, from whose slender pinnacles float the wind-blown banners of the snow, appeal with silent eloquence to the lofty aspirations of the soul; the sombre chasms cleft by Titan forces through granite-hearted hills within whose depths dark shadows throng and swirling torrents dashspeak to the heart, a language that thrills, inspires and awes. It does not follow that these glories of white peaks and those glooms of dark canons preclude the pleasant intervals, the sunny meadows or the secluded nooks wherein the tired mind or wearied body may find peaceful rest and refuge from turmoil and toil. To one making a journey in Colorado, New Mexico or Utah, or taking a transcontinental tour from East to West, or vice versa, the Denver and Rio Grande Railroad offers accommodations equal in elegance, convenience and luxury to those of any other line with the added attractions of the unrivalled scenery along its line, abounding in a magnificent opulence of white peaks and dark canons. The month of November, 1890, witnessed one of the most important improvements in railroad facilities that has yet been made in Colorado and the West. The completion of the standard gauge of the Denver and RioGrande Railroad from Denver, Colorado, over the mountains to Ogden, Utah, which five years ago was deemed an impossibility, is certainly a triumph of daring and engineering skill. The new line is by the way of Leadville, tunneling Tennessee Pass, threading the canons of the Eagle and Grand Rivers, giving a view of the Mount of the Holy Cross, enroute, taking its trains through Glenwood Springs and down the Grand River to Grand Junction, thence to Salt Lake City, Ogden and San Francisco. By this route one is given an opportunity to behold the magnificence of Eagle River Canon and the marvelous beauty and grandeur of the Canon of the Grand. The overland train is a model in every respect. From the engine to the last first-class coach everything is bright and new, and of the most elegant style of workmanship and finish.

If any reader desires to know more about these stupendous works of nature, write to S. K. Hooper, General Passenger Agent, Denver, Colorado, and he will send you, free of cost, elegantly illustrated books, giving a full description of the marvels of the "Scenic Line."—Stanley Wood in the "Great Divide."
