THE SUREST ROAD TO WEALTH IS THROUGH LIBERAL ADVERTISING

CONVENTION CALL.

To the Republican Electors of Pennsylvania:
After consultation and correspondence with the members of the Republican State Committee, and by their direction, I hereby give notice that the Republicans of Pennsylvania, by their duly chosen representatives, will meet in State Convention at Harrisburg, Wednesday, August 19, 1891, at 10 o'clock A. M., for the purpose of placing in nomination candidates for the offices of State Treasurer and Auditor General, for the nomination of eighteen candidates for Delegates-at-Large to the Constitutional Convention provided for in the Act of Assembly approved June 19, 1891, and for the transaction of such other business as may be presented.

Notice is especially directed to the fact that, in accordance with the provisions of the last mentioned act, each Senatorial district is entitled to a representation of three delegates in said Constitutional Convention, two of whom only can be members of the majority party in said district. The electors of each district are therefore requested to make proper nominations for delegates to said convention, the rules governing the nomination of candidates for State Senator to be applicable.

In this connection the Chairman desires to call the attention of Republican voters to the recommendation of the State Convention of 1882, that "they allow the greatest freedom in the general participation in the primaries consistent with the preservation of the party organization."
W. M. H. ANDREWS, Chairman.

QUAY'S RESIGNATION.

Senator Quay has resigned the chairmanship of the Republican National Executive Committee. The new chairman has a thankless task before him. Senator Quay won one of the most notable victories on record in '88; and, as a result of his success, he has been the target for the Democratic abuse ever since. The Democratic papers of New York have fairly outdone themselves in coarse invective and mud slinging. Their intention was to drive Quay out of power and to prevent him from conducting another campaign. They succeeded in forcing him to retain the chairmanship for months—even years—after he intended to retire. It is no secret that he wished to relieve himself of the duties of chairman right after the Harrison campaign but he refused to go out under fire, and he has held on to the present time. That much the free traders have accomplished. Now that their fire has practically ceased he has declared his intention of severing his connection with all official management and another is to take his place.

Mr. Clarkson will succeed Senator Quay. A better selection probably

could not have been made. Clarkson is intimately acquainted with the duties of the committee. He has a knowledge of men and politics. He has the ability to conduct a campaign such as the next will be. Peculiar fitness is necessary for the office. He has it. The Democrats won't like the selection for that reason. They will continue to cry corruption. The free trade mud batteries will open and no matter how honestly he may direct the campaign he must expect to be plastered from head to foot. This is the only idea the free trade papers of New York have of conducting a campaign—flinging mud.

The resolutions adopted in recognition of Mr. Quay's services as chairman are truisms in every particular and are a deserved tribute to ability. Croakers may croak and Democrats may sneer, but the resolutions tell the truth about one of the greatest political leaders of the age.—*Phila. Inquirer*.

The Democratic press continues to insinuate that Auditor General McCamant is in the Bardsley mire. The Auditor General has denied the charges made by Bardsley under oath and his oath should be accepted in preference to the irresponsible slurs of political organs. During his career in public office Auditor General McCamant has demonstrated to the people that he is not only an honest and upright man, but that he is far above the level of such men as Bardsley and would never allow himself to be smothered by the doings the convict attempts to lay at his door. The Democratic press, in its political view, intimates to the contrary, but the Democrats should not fail to remember that if they accept Bardsley's charges as true, they put the stamp of guilt upon Governor Pattison, Alexander McClure, Slingerly and like men, whom they hold out to the people as the embodiment of purity. The shining Democratic lights stand charged with McCamant and thus far they have failed to make a denial. That McCamant is innocent there can be no doubt.

ARE YOU GOING?

A MEETING CALLED FOR THIS EVENING

TO ORGANIZE A BOARD OF TRADE.

It behooves Every Public-Spirited Citizen to Spare the Time and Attend the Meeting at the Ferguson House.

The article in last evening's HERALD, calling for a public meeting for the purpose of organizing a Board of Trade, was favorably commented upon, and seems to meet with the hearty approval of a large majority of our citizens. But the matter should not be allowed to rest at that. Sentiment is very well, but just now it is action that is wanted.

It behooves every public-spirited citizen of Shenandoah to attend the meeting this evening in the parlors of the Ferguson House, for the purpose of organizing a Board of Trade. Let no excuse keep you away.

Inquire of the majority of the business men in this borough as to the state of business to-day, and the answer you will receive is dull, very dull. And why is it so? No work for the laboring classes.

We are all aware of the evil effects felt here when there is nothing doing in the coal trade, and yet our business men—the ones who will reap the greatest amount of benefit to be derived from the location of industries in our midst—are apparently doing nothing to remedy this evil.

It is useless for us to enumerate the many instances in which the organization of Boards of Trade in certain towns and cities have been the means of building up those localities. Our readers are perfectly familiar with that fact. The HERALD, we believe, has presented sufficient evidence to prove the urgent necessity for a Board of Trade in Shenandoah.

There are a number of gentlemen in this town who have on several occasions publicly expressed themselves as in favor of the organization of a Board of Trade. They have also boasted of their willingness to put their money in almost any enterprise. To all such we say, now is your opportunity. Be on hand this evening, and bring your neighbors with you. Do not depend on the "other fellow" to do the business. Every one interested in the welfare of Shenandoah and its citizens should make it a point to be present. If this meeting proves a failure, then we might as well abandon all hope of ever seeing Shenandoah a manufacturing town.

Now, let one and all give the project a start.

Will you be there?

Notice.

A special meeting of the stockholders of the Citizens' Electric Light Co., of Shenandoah, will be held August 29th, 1891, between the hours of two and four p. m., at the office of said company, No. 24, N. Jardin street, for the purpose of voting on the question of increasing the capital stock of said company. By order of the board, JOHN GRUBLER, Sec'y.

What a Prominent Physician and Chemist says After Analysis and Practical Test.

Dr. J. Lyster, formerly of Bellevue Hospital Medical College and Long Island College speaks as follows:

New York, October 29, 1890.
Gentle: The sample of your Cactus Blood Cure, which I bought for analysis, I have subjected to a very thorough test, and can find not a single trace of mineral or mercurial preparation in it whatever; and, as I have had considerable experience in its constitutional effect, in certain diseases already known to you, I consider it the safest and best vegetable blood purifier in the market.

Yours respectfully,

THE HOMEOPATHS.

Met at Pottsville Yesterday and Elected Officers.

The Schuylkill County Society of Homeopathy met at 8 o'clock yesterday afternoon at the Pennsylvania Hall, Pottsville. This was the annual meeting at which the officers for the year were elected.

Dr. D. W. Straub, of town, the president, occupied the chair. There were present: Drs. J. S. Kistler and brother, Douglas, a student of town; Drs. H. A. Klock, Mahanoy City; L. A. Snyder, Ashland; Deitz, Hazleton; Dreher, Tamaqua; W. S. Kistler, Minersville; E. L. Straub, Minersville; Weist, Schuylkill Haven; Kiefer, Frackville; Steckel, Orwigsburg; Bashore, Pinegrove, and Boyer and Swain, of Pottsville.

Essays prepared by Drs. D. W. Straub, Francis W. Boyer and Weist were read and discussed. The subject of epidemic diseases was treated by Dr. Bashore. It was an able paper and brought forth general approval.

One of the most interesting parts of the day's programme was the reading of Dr. John S. Kistler's "History of Homeopathy in Schuylkill County." Dr. Kistler had spent much time and gone to a great deal of trouble in the preparation of this article and it will be preserved by the society as a historical record. Copies will be sent to the other societies of the state.

The president, Dr. Straub, of town, read an essay on the papers prepared during the eight years of the society's existence. Dr. Boyer's paper was on the "Uses of Peroxide of Hydrogen." He dwelt particularly on its application in cases of diptheria.

POLITICAL POINTS.

Republican primaries to-morrow.
John F. Grossang, of Pottsville, will not be a candidate for sheriff this year. So says the *Chronicle*.

The Shenandoah candidates for sheriff on the Democratic side have not given up hope but are making a vigorous canvass.

The fight for the Judgeship between Lawyers Nash and Wadlinger is becoming interesting, so much so that Congressman Reilly has been suggested as a compromise candidate. Nash says Wadlinger "isn't in it" and the inference is thrown out that Wadlinger's connection with Ex-Congressman Brumm in the law business has given him a black eye. Let the hand play; the circus will soon commence.

The politicians were out in full force at the Young Men's Republican picnic at Lakeside yesterday.

Ex-Postmaster Maurice Litch, of Mahanoy City, has joined with Lawyer Kinck, of Tamaqua, in the fight for delegates to the Constitutional Convention on the Democratic ticket. J. O. Ulrich, of Tamaqua, and James J. Franoy, of town, is the other combination.

Hon. Elias Davis, who has been so often favorably mentioned by the press and people for sheriff, has not consented, as yet, to be a candidate. He can have the nomination if he wants it, judging from the comments heard on every side.

From present appearances there will be plenty of harmony in the Republican convention on Tuesday next. There ought not to be any difficulty in nominating a good, strong ticket, one that will win in November, and make way for another and grander victory in '92.

Delano Victorious.

The return game between the Delano and Hazleton clubs was played on Wednesday at Hazleton, and was one of the most hotly contested games of the season in this section. At the start it seemed as if it was to be a walkover for Delano, Hazleton making a goose egg in the first inning and Delano scoring six. At the third inning Hazleton began to make up and at the beginning of the 7th inning the score was tied. Hazleton came first to the bat and scored another goose egg while Delano got in three runs, thus making the score for seven innings 9 to 12 in favor of Delano. On the return to Delano the club was met by the enthusiastic townsmen at the depot, with the Delano Cornet band and escorted in triumph around the town.

NOTES.

The deciding game will be arranged to be played at Ashland at a near date.

Mulvey, who is suffering from a strained ankle, hit a hard ball between center and right, and Reilly, who ran for him, made a circuit of the bases; Mulvey then recognizing the fact that the captain of the opposing team didn't signify his willingness for Reilly to run, started out with his game leg and made 2d base, virtually making a 6 base hit. It was one of the longest hits ever made on that ground.

NEW BALLOT LAW.

A FULL TEXT OF ITS PROVISIONS GIVEN.

HOW YOU ARE REQUIRED TO VOTE.

The "Herald" Presents to Its Many Readers the New Election Law Recently Adopted by the State Legislature.

An act to regulate the nomination and election of public officers requiring certain expenses incident thereto to be paid by the several counties and certain other expenses to be paid by the commonwealth and publishing certain officers in regard to such elections.

Sec. 1. Be it enacted by the senate and house of representatives of the commonwealth of Pennsylvania, in general assembly met, and it is hereby enacted by the authority of the same: That from and after March 1, 1892, all ballots cast in elections for public officers within this commonwealth shall be printed and distributed at public expense as hereinafter provided. The printing of the ballots and of the cards of instruction for the elections in each county and the delivery of the same to the election officers, as hereinafter provided; and all other expenses incurred under the provisions of this act shall be a county charge, unless heretofore otherwise provided, the payment of which shall be provided for in the same manner as the payment of other election expenses. It shall be the duty of the secretary of the commonwealth to prepare forms for all the blanks made necessary or advisable by this act; and to furnish copies of the same to the county commissioners of each county, who shall procure further copies of the same at the cost of the county and furnish them to the election officers or other persons by whom they are to be used in such quantities as may be necessary to carry out the provisions of this act.

Sec. 2. Any convention of delegates or primary meeting of electors, or caucus held under the rules of a political party, or any board authorized to certify nominations representing a political party, which, at the election next preceding, polled at least 3 per cent. of the largest entire vote for any office cast in the state or in the electoral district or division thereof, for which such primary meeting, caucus, convention or board desires to make or certify nominations may nominate one candidate for each office which is to be filled in the state or in the said district or division at the next ensuing election by causing a certificate of nomination to be drawn up and filed as hereinafter provided; provided that any political party which polled 3 per cent. of the entire vote in the state at the election next preceding at which a state officer was voted for, may make and certify nominations according to the provisions of this section for any electoral division or district of the state, notwithstanding that such political party may have polled less than 3 per cent. of the entire vote at the last preceding election in said electoral district or division. Every such certificate of nomination shall be signed by the presiding officer and the secretary or secretaries of the convention or primary meetings or caucus or board, who shall add thereto their place of residence and shall be sworn or affirmed to by them before an officer qualified to administer oaths, to conform to the best of their knowledge and belief, and a certificate of the oath shall be annexed to the certificate of nomination.

Sec. 3. Nominations of candidates for any public office may also be made by nomination papers signed by qualified electors of the state or of the electoral district or division thereof for which the nomination is made and filed in the proper office, as provided in section 5 of this act. Where the nomination is for any office to be filled by the voters of the state at large the number of qualified electors of the state signing such nomination paper shall be at least one-half of 1 per cent. of the largest vote for any officer elected in the state at the last preceding election at which a state officer was voted for. In the case of all other nominations the number of qualified electors of the electoral district or division signing such nomination paper shall be at least 3 per cent. of the largest entire vote for any officer elected at the last preceding election in the said electoral district or division for which said nomination papers are designed to be made. Each elector signing a nomination paper shall add to his signature his place of residence and occupation, and no person may subscribe to more than one nomination for each office to be filled. The signatures to each nomination paper and the qualification of the signers shall be vouched for by the affidavit of at least five of the signers thereof, which affidavit shall accompany the nomination paper; provided that nomination papers which are not signed and made out in strict compliance with all the requirements of this act shall be invalid.

NOMINATION PAPERS MUST BE EXPLICIT.

Sec. 4. All certificates of nomination and nomination papers shall specify: One (1). The party or policy which such candidate represents expressed in not more than three words; in the case of electors of president and vice president of the United States the

Last Tuesday a Pole named Joseph Skielton, while drunk at Makezeville, indulged in the exhilarating amusement of pelting a neighbor's house with rocks, breaking doors and windows, and driving the occupants out into the cold, cruel world. Our gallant police force were quickly marshaled on the scene and making a skillful flank movement descended upon the enemy in a body. The suddenness of the movement threw Joseph into confusion, and before he could recover he was heavily froed and marched off to "Squire Reynolds, who promptly sent him to jail on the charge of house-breaking.

The Continental Hose Company, of Gilberton, has determined to have a steam fire engine and is actively engaged in the work of raising the necessary funds. A picnic will be held at Gilberton park on Aug. 23d to help the cause along. There is no reason why they should not have a steamer, as the water pressure at Gilberton is hardly sufficient for fire service, and it would be well for Maizeville and Mahanoy Plane to join hands with Gilberton and make the steamer a certainty. For it would undoubtedly be of great service to all towns inside of Gilberton borough. The water supply from Mud Run has been steadily falling off for two or three years, owing to increased consumption, and as this increase is likely to continue, the pressure will ultimately fall below the limit required for efficient fire service. It will thus be seen that a steam fire engine will be a necessity, sooner or later, and might as well be obtained now as at some future time.

At about the same time as that at which the above accident occurred, but in another part of the mine, a Pole, whose name we could not learn, was seriously burned by an explosion of powder. He was preparing a blast at the time and it is supposed that the powder was ignited by a spark from a pipe which he was smoking. He was taken to the hospital where he now lies in a precarious condition.

Wrestling News.

Miss Alice Williams, of Baltimore, Md., the female champion wrestler, engaged in a wrestling match at Stapleton, S. I., May 30, with Louis Seely, the light weight champion of Stacia Island. The conditions were Graco Roman, best two in three falls for a purse of \$200. Seely was the favorite, and the majority of the audience did not believe Miss Williams would stand a ten to one chance of defeating him. The match was a very exciting one, and to the surprise of nearly everybody Miss Williams won the first fall by a front half Nelson and half strangle lock in five minutes, and the second fall by the hammer lock in eight minutes. Max Lutberg, the wrestler, was referee.
