TREATED SUCCESSFULLY

Have cured fifty thousand cases. Cure patients with medicine, as a means of procuring relief from suffering women.

W. BAKER & CO., Dorchester, Mass.

CARTER'S LITTLE LIVER PILLS

Her first appearance on the stage was made four years ago as *Ermine*, a delightful impersonation still remembered here with pleasure. The surroundings and associations of an opera company proved unpropitious to Miss Cheatham and after a brief season on the road she joined the Daly company and has since been with that organization.

Her public long very little regarding her, for it has long been Manager Daly's purpose to obliterate the individuality of the members of his company by forbidding them to be interviewed by newspapers. Miss Cheatham has played a wide range of roles from that of a prostitute to leading ingenue.

The public know very little regarding her, for it has long been Manager Daly's purpose to obliterate the individuality of the members of his company by forbidding them to be interviewed by newspapers. Miss Cheatham has played a wide range of roles from that of a prostitute to leading ingenue.

WOMAN

If you contemplate attending Commercial College, it will be well to visit the **WOMAN'S COLLEGE** before deciding where to go. FOR FOUR MILLIONS

Abraham Backer of New York Makes an Assignment.

DUE TO THE MONEY MARKET.
He Was a Dealer in Commercial Paper and Dry Goods.

The Assets Cleared by Southern Railroad Securities—He Owned a Large Mill in Connecticut—A Relief That Creditors Will Be Paid in Full—The Assignment a Surprise in Financial Circles.

New York, Aug. 4.—Abraham Backer, dealer in commercial paper at No. 283 Broadway, has made an assignment without preference, to Benjamin F. Einstein, of Townsend, Dyett & Einstein, lawyers, at No. 287 Broadway. This announcement of the assignment created a sensation.

Mr. Backer was a heavy dealer in commercial paper and also the capitalist of the firm of Backer & Co., dry goods commission merchants at No. 255 Broadway. He also manufactured goods at Glastonbury, Conn., where he had a large mill. These goods were principally for the Southern trade. Mr. Backer having been a Southern merchant for many years, coming to New York about 27 years ago. His original business in the South was principally in groceries and liquors. He then got into the cotton business, later into cotton goods and then into commercial goods in Philadelphia, but sold out five years ago and went to Glastonbury, Conn., where he purchased a mill. He sold the goods which he manufactured there through his own firm of A. Backer & Co. His assignment, it is said, does not affect this firm, although he was the principal partner and capitalist, his son N. C. Backer, being the "co."

Mr. Backer could not be found at his office during the day. The clerks said he did not come down to business on account of the assignment, and that it was a complete surprise to them. His liabilities are said to be about \$4,000,000, of which \$2,500,000 are direct and \$1,500,000 contingent. The latter, it is said, are all right, and he does not expect to lose anything thereby. The contingent liabilities are assignments on commercial paper discounted by the banks. The liabilities are principally to banks in this city and elsewhere, and there is also some to individuals.

A friend of Mr. Backer said to-day that although the liabilities were about \$4,000,000, Mr. Backer would not be called upon to pay the entire amount, as over one-third are notes of other parties which Mr. Backer endorsed, but which will be taken care of by the makers. These are considered good, and Mr. Backer does not anticipate any loss on that account. His assets, if they are properly taken care of, and paid out as expected, will more than cover his liabilities, and he was very hopeful that all his creditors would be eventually paid in full. The assets, the gentleman continued, include about \$1,500,000 of the bonds of the Georgia, Southern & Florida Railroad and the Macon & Birmingham Railroad, about \$750,000 Alabama State bonds and a large amount of other securities. His mill and plant at Glastonbury, Conn., is very valuable, and he owns real estate in New York city worth from \$150,000 to \$200,000.

THE SUMMER CAPITAL.

President and Mrs. Harrison Attend a Concert at Chalfonts.

Care May, N. J., Aug. 4.—Last evening the President, Mrs. Harrison and Mrs. Eaton attended the concert at Chalfonts, given for the benefit of St. Margaret's House.

A number of children from the Seaside Home called on the Summer Capital children and entertained them with songs and recitations.

Private Secretary Halford and Miss Sanger are working hard to catch up with the big official correspondence of President Harrison.

The President took a walk over to the Cape during the day, returning by the Delaware Bay road.

A Clergyman Buried in Death.

FALCON, Mass., Aug. 4.—At 2 a. m. the Week's House on South Main street was burned to the ground and the thirty-five guests in the house had barely time to escape in their night clothes. The Rev. Mr. Williams, a retired Congregational minister who preached last year in Holland and who had been boarding at the house for about a month, was burned to death. His body was found about 6 o'clock in the front entrance burned beyond recognition, nothing but the charred trunk remaining.

ABSOLUTELY PURE

WILL WED HIS HALF-SISTER.

A Young Man From Danbury Finds His Father's Other Wife.

DANBURY, Conn., Aug. 3.—Thirteen years ago Erastus Beckett came to Danbury and soon built a prosperous business as a hatter. He left in England a wife and four children. Indifference finally led to complete abandonment of them, and six years ago Beckett married a Danbury girl. Last year his oldest son, John Beckett, went to England on a pleasure trip and met the oldest daughter of Erastus Beckett and his deserted wife.

The young man, unconscious of their relationship to Erastus, fell desperately in love with the girl and secured her promise to marry him. He came back to Danbury and continued the correspondence without any hint of the matter reaching Erastus. A month ago the young man sent for Emily and her mother to cross the ocean and join him in Danbury. The bride-elect arrived in New York yesterday, accompanied by her mother, the discarded wife of Erastus. The news has spread throughout the town and everybody is waiting in great curiosity for the moment when Erastus meets his deserted wife. The young man proposes to wed Emily whether her father likes it or not.

Agreed to the Glass Workers' Scale.

MILWAUKEE, N. J., Aug. 2.—An official of the American Flint Glass Workers' Union in this city today received a telegram from President Smith of Pittsburgh containing the information that the Manufacturers' and Blowers' Committee had agreed to the entire wage scale adopted at Steubenville, Ohio, in July, with the exception of the demand for a Saturday half holiday in the prescription branch. Another conference on the question will be held between the Manufacturers' and Workers' Wage Committee in August.

Disappointed by the Prince.

LONDON, Aug. 3.—Disappointment reigns in Carlsbad to-day over the announcement that the Prince of Wales will not go there about the middle of August, as announced, but will take his pleasure at Homburg. The statement that he would go to Carlsbad has already caused a rise of fifty per cent. in prices there, and half of the upper aristocracy of London, intending a continental vacation, had engaged rooms there. Now they lose the Prince after all.

Mr. Platon's Niene Injured.

WASHINGTON, Aug. 3.—Miss Maggie Blaine, a niece of Secretary Blaine, was seriously injured last evening by jumping from a carriage while the horse attached to it was beyond the control of the driver. Miss Blaine in her fall struck her forehead on the pavement, causing concussion of the brain. The young lady was badly cut about the head, but the physicians think the injuries will not prove fatal.

A CHARMING SOUBRETTE.

Pretty Betty Cheatham, a Fair and Versatile Dancer of the South.

Here is the latest photograph of Miss Betty Cheatham, the sparkling little soubrette whom the public regard as one of the best entertainments of Manager Daly's company of clever players. She is a Southern girl, and was born in Nashville just a score of years ago.

Her first appearance on the stage was made four years ago as *Ermine*, a delightful impersonation still remembered here with pleasure. The surroundings and associations of an opera company proved unpropitious to Miss Cheatham and after a brief season on the road she joined the Daly company and has since been with that organization.

ERIE MEDICAL CO. BUFFALO, N. Y.

GLENDALE'S VICTIM

The Murdered Girl Identified by Her Uncle.

SAID TO BE MATILDA HABER.

She Left Her Home in Connection With Her Lover.

She Took Over \$100 With Her—The Money is Missing—It is Supposed She Was Riddled Before Being Killed—A Search for the Missing Lover Now Being Made by the Police.

New York, Aug. 4.—The body of the girl who was found murdered at Glendale, L. I., Sunday, has been identified by Charles R. Weber of New York as his niece, Matilda Haber, of North Haven, Conn., who left that place Saturday morning in company with a man named John Haber.

The girl, who was infatuated with Haber, inherited several thousand dollars from her mother, and had with \$5,000 to her credit in the First National Bank of this city.

When she left North Haven she had \$700 on her person, and Weber believes she was murdered for the money.

The New York and Brooklyn police are looking for Haber.

According to Weber's description Haber is a stout, dark complexioned man, aged 35, about five feet ten inches tall, with heavy eyebrows, eyes close together, black mustache and goatee. He was dressed in a light gray suit, standing collar, striped necktie, a light colored flat top derby hat, and wore a heavy watch and chain.

The description of Haber tallies very closely with that given by William H. Lake, of Glendale, of the man whom he saw with a woman resembling the dead girl, near the scene of the ghastly discovery of last Sunday.

All attempts to locate the actual scene of the murder have proven fruitless. There is no sign of a struggle anywhere in the vicinity. The woman was undoubtedly killed as a distance and carried to the spot where her corpse was discovered.

KENTUCKY'S ELECTION.

The New Constitution Adopted by a Large Majority.

LOUISVILLE, Ky., Aug. 4.—Yesterday's was the last election by viva voce vote that will ever be held in Kentucky. The new constitution, despite its powerful opposition of railroads, banks and corporations generally, has been carried by an overwhelming majority, and the last State constitution that still recognized slavery is a thing of the past.

The new constitution will tax railroads, banks and stock companies, abolish the office of Public Printer, provide for a secret ballot system and municipal reforms, and also carries an anti-lottery clause which will wipe out the half-dozen lottery charters now being operated, with semi-daily drawings at Covington and Louisville, in the interests of "olney" games throughout the United States generally.

Reports from the cities and towns throughout the State indicate that the Democrats have about the usual majority, probably 30,000. Indications are that the Alliance, or People's Party, vote is very small, despite the fact that every effort was made for two months preceding the election to organize the Alliance men in this State, all the leaders of that movement of national reputation, including Senator Tappan and Jerry Simpson of Kansas, Tammock of Illinois, and Davis of Texas, having stamped the State thoroughly. The greater part of the Alliance vote seems to have been drawn from the Republican party. The vote for and against the Constitution was without partisan significance.

Murderer Webster Not Yet Captured.

New York, Aug. 4.—No trace of Webster who shot Charles E. Goodwin, has yet been found. Goodwin died at the Roosevelt Hospital during the morning. He made the following statement to Dr. Schultze, the house surgeon of the hospital: "I was sitting in my room when a man named Webster knocked me off my chair and shot me." Mrs. Webster has been arrested. She says her husband went to Goodwin's apartments to demand an apology for insulting her. Goodwin threw a cuspidor at him and he then shot him.

The Baker-Anderson Tragedy.

CHOTON LANDING, Aug. 4.—Isaac Newton Baker, who was shot by Orellis Anderson in the duel here, was alive at noon. Anderson was arraigned during the morning for an examination before Coroner Sutton. The Coroner, after listening to the testimony of the witnesses, who told substantially the same story of the tragedy as that which has already been printed, committed Anderson to jail to await the result of Baker's injuries.

Smallpox Raging in Lima.

WASHINGTON, Aug. 4.—Reports from Lima, Peru, state that smallpox is spreading there and the authorities have not the slightest idea how to check the spread. Not only is it seen in children, even elderly persons are subject to it and yet very little activity is employed by the Sanitary Board against infection. In fact the doctors seem to say they cannot get vaccine matter at any price for their patients.

A Prosperous Farmer Commits Suicide.

FRANCON, N. J., Aug. 4.—Enoch Tindall, aged 60, a well-to-do farmer of Hamilton Township, committed suicide by drowning in a small creek near his home. His body was found tied to the bridge with a rope, by two boys. It is thought Tindall was deranged and tied his body to the bridge to prevent its washing away.

A Depot Safe Blown Open.

New Haven, Conn., Aug. 4.—The depot of the New York & New Haven Railroad at North Haven was broken into during the night, the safe blown open and robbed of \$100 and 1,000 tickets.
