### EXCITING STRUGGLE

#### Washington Secures the Next G. A. R. Encampment.

#### WON AFTER A HARD BATTLE.

The Grand Army Interest Now Centered in a Commander-in-Chief.

New York's Veterans Unite on Gen. Palmer-Wessert as a Formidable Candidate—The Color Question Still in Abeyance—Ex-President Hayes Forgets the Counterparty and Had to Halt.

DETROIT, Mich., Aug. 6.—The 29th annual Encampment of the Grand Army of the Republic will be held in Washington.

The other leading matters, the color question and that of Commander-in-Chief Venzey's successor are still in abeyance.

The contest over the place for holding the next encampment was the most bitter in the history of the G. A. R. Just before a vote was taken Pennsylvania asked for permission to rotate for a few moments. This action took the delegates by surprise.

Confusion reigned supreme, the noise of the gavel was drowned in the roar of voices, intermingled with which were sounds of warm disputes.

When the Pennsylvania delegation filed in again it was with the announcement that they had voted 25 to 18 in favor of Lincoln and that it had been decided to enforce the unit rule in favor of the will of the majority.

An Exciting Scene.

Amid a scene of excitement unparalleled in the history of encampments this roll was called. Illinois, Pennsylvania and Wisconsin and other large delegations voted for Lincoln, and when the last State had been called the tally sheets apparently showed a majority for Lincoln. Paul Vandervoort jumped upon a chair and shouted: "The day is ours." Thereupon President Oakley, of the Lincoln Board of Trade, and a dozen others rose off to the telegraph office to spread the good tidings. Meanwhile the apparently defeated delegates had been clamoring for a verification of the vote, and when this had been done it was found that the 96 votes of New York had gotten into the wrong column, and the corrected vote stood: Washington, 809; Lincoln, 830.

When the corrected count was announced the Western men were for the moment stunned, while the supporters of Washington yelled themselves hoarse. In the midst of the confusion an adjournment was taken.

For Commander-in-Chief.

The location of the next encampment having been settled, the interest of the encampment is now chiefly centered in the election of the commander-in-chief. Capt. John Palmer, of New York, A. G. Weisert, of Wisconsin, and Col. W. R. Smeberg, of California, are the leading candidates, and it is safe to say that one of these will be elected. The long and stubborn contest in the New York delegation between Palmer and Hodges ended in a victory for Palmer. It is also well understood that Pennsylvania, Massachusetts, New Jersey, Rhode Island and Maryland will caucus in favor of Palmer.

Before the New York delegation united on Palmer the chances were decidedly in favor of Weisert, and even now he is a formidable candidate. Maine and Illinois have already succeeded in his favor, and it is well understood that Michigan will declare for him in the morning.

Ex-President Hayes Had to Halt.

At the morning session ex-President Hayes was halted by the entry because he had forgotten the password, and was compelled to remain in the lobby until Gen. Alger came along and vouched for him as a true and loyal ex-commander-in-chief.

At the opening of the afternoon session a resolution was passed that hereafter the route of the encampment parade shall not exceed two miles.

### RAILWAY DISASTERS

#### An Excursion Train Ran Into by a Fast Express.

#### TWO KILLED AND MANY INJURED

The Engineers and Firemen Jumped and Saved Their Lives.

Over 700 Pleasure-Seekers on the Excursion Train—The Air-Brakes Failed to Work—Nineteen Persons Injured in an Accident in Maryland—Three Seriously Hurt in New Jersey.

CHAMPLAIN, N. Y., Aug. 6.—A train conveying a Sunday school excursion from Ellenburg and House's Point and intervening stations on the Central Vermont Railroad ran into a mail train, which had the right of way, just east of this station at 7 o'clock last night.

The excursion train had about 700 persons on board and was returning from Wellborough Point, William Angell, aged 17, son of a merchant of this place, and Jim Venetta, a laborer, of Chateaugay Lake, were killed outright, and some 20 people more or less injured.

The more seriously injured are: Henry Lamontaigne, of Champlain, both legs cut off; it is thought he will die; Sydney W. Moore, both legs broken; Henry Sweet, of Ellenburg Centre, arm fractured and body and limbs bruised; John Patterson, of Perry Mills, leg broken; Mrs. Lewis, of Moira, head and limbs bruised; Miss A. Bateman, of Perry Mills, hip dislocated; H. Levy, of Albany, commercial traveler, wrist broken, seriously bruised. Several other passengers were more or less slightly injured.

#### The Engines Telescoped.

The excursion train had orders to meet the mail here and should have gone on the sliding a few rods back of where the accident occurred. The engines telescoped and two cars were badly smashed, one on each train. John E. Beatty, an excursion manager for the Central Vermont, experted himself for the injured, and the physicians and citizens of Champlain were prompt to render assistance and open their houses.

Physicians from Champlain, House's Point and St. Albans, and a wrecking train soon arrived from the last named place.

The engineer of the mail backed his train when he saw the train coming up on the track over 100 rods ahead. The engineer and fireman of the two engines jumped before the collision occurred.

#### BURNED AND CRUSHED.

#### Nineteen Persons Injured by the Overturning of an Engine.

CUMMINGS, Md., Aug. 6.—News has just reached here of a frightful accident which occurred at a point called Switchback, on the West Virginia Central Railroad, about 60 miles from here.

Early in the morning, as usual, the men, 17 in number, boarded the trainway engine to go to their work in the lumber regions. Two women asked permission to ride out a short distance to a berry patch. Their request was granted and the engine containing the 19 passengers started on its journey.

It had hardly gotten under good headway when the engine struck a piece of timber that was lying on the track, turning it over. The occurrence was so sudden that none of the people on the engine had a chance to escape, and all were more or less injured, either by escaping steam or the fall of the engine.

In an instant everything was in an uproar. Women screaming, men moaning, and the escaping steam from the broken pipes of the engine presented a terrible sight. As soon as the men who were the least injured could extricate themselves they went to work to release their more unfortunate comrades, whose condition was pitiable to behold.

The first person taken out was Alice Robinson. The escaping steam had cooked the flesh on her face, arms and hands in a horrible manner, and her injuries are considered fatal. John McCann, who lives at Frostburg, was caught under the engine and scalded so badly that he died. Several others were seriously, but not fatally, hurt.

As soon as word could be sent the physicians of Elk Garden, the nearest station, were telegraphed for, and they responded promptly, relieving, as far as possible, the sufferings of the injured.

The flagman jumped in the Rahway River to save his life. Trackman Peter McCann's back was broken by a projecting truck and he was fatally injured. Thomas McDonald had his arm broken and his breast injured.
