A SECRET NO LONGER

Ex-Cashier Lawrence Makes a Confession in Prison.
EXPOSING THE BANK FRAUDS.
He Tells How Easily it Was to Deceive the Examiner.

Unfolds the Methods Pursued by Officials to Rob the Keystone Bank of Philadelphia—The Operations Carried on for Twelve Years—Almost Impossible to Detect the Fraudulent Transactions.
PHILADELPHIA, Aug. 28.—Charles Lawrence, the assistant cashier of the Keystone National Bank, who is undergoing a sentence of seven years imposed by Judge Butler, more than a week ago in the United States District Court, has made a full confession.
Since his confinement in the Eastern penitentiary the disgraced official has been doing some thinking, and has come to the conclusion that it was his duty to tell all he knew, and how the frauds were perpetrated in the Keystone Bank.
Lawrence, it seems, placed the confession in the hands of his counsel, who, by the request of the prisoner, turned it over to ex-Bank Examiner Drew. The confession is represented as being a most remarkable document, inasmuch as it fully unfolds the method pursued by the bank officials to deceive the examiner and all others having anything to do with the government and the institution.
It sets forth that from 1880 down to about the time of the closing of the bank in March, 1891, methods were adopted to deceive the keenest official.
From what is said of the document, a state of affairs existed that was marvelous, and that the means employed for deception could only be suggested and the fraudulent transactions carried on only by shrewd men. The confession fully describes everything, and when made known will be read with interest by every bank official.
Nothing has been held back, and the revelations, while astounding, were of such a character that it was possible for the guilty parties to continue their operations for a series of years without being detected.

MARYLAND REPUBLICANS.
They Nominate a State Ticket—Text of the Platform.
OCEAN CITY, Md., Aug. 28.—The Republican State Convention nominated the following ticket:
Governor—William J. Van Nort, of Kent County.
Attorney-General—George M. Sharp, of Baltimore.
Clerk of Court of Appeals—E. F. Abell, of Leonardtown.
Comptroller—John McDonald, of Montgomery County.
The platform adopted by the convention reaffirms adherence to the Republican platform of 1888, and endorses the 13th Congress; commends the administration of President Harrison; denounces the Democracy of Maryland for its meaningless party of the State for its wilful and persistent violation of its most solemn pledges; condemns the methods by which the Democratic majority of the last Legislature disregarded its pledges; demands the repeal of the registration law; recommends a law providing for taxation of mortgages where the property mortgaged may be, and charges the deplorable condition of the oyster industry to the neglect of duty and opportunities of the Democratic party.

THE DAM OVERFLOWED.
Hotel Guests Forced to Go to the Top Floor for Safety.
ALBANY, N. Y., Aug. 28.—A special from Glass Lake House, a resort 12 miles east of Troy, tells of the overflow of a new dam at 2 p. m.
The heavy rains caused the water to rise rapidly and the strain was so great that it broke, the water rushing down the valley.
The guests of the hotel were forced to go to the top floor, the water reaching up to the second story.
A barn and the hotel stables were carried away, being lodged one mile away. Six horses and several cows were drowned.
There is no report of loss of life, but much alarm is felt.

Watching American Cattle.
OTTAWA, Ont., Aug. 28.—Premier Abbott, in a speech in the Senate, assured that body that the utmost precautions would be taken in regard to the importation of American cattle in bond for slaughter in Canada and shipment to Great Britain, adding that if it was found that the privilege endangered Canada's cattle trade with Great Britain the Government would, if necessary, cancel it.

Window Glass Deadlock.
PITTSBURGH, Pa., Aug. 28.—Sub-committees of the window glass manufacturers and workers conferred last evening. The manufacturers withdrew the demand previously made for an all around reduction of 10 per cent. in the wages. The men would make no concessions. The result is a deadlock, and it is impossible to say how long the fire may be deferred.

WENT DOWN WITH THE BRIDGE.
The Workmen Ran for their Lives, But Two Were Caught.
CUMBERLAND, Md., Aug. 28.—Shortly after noon while workmen were engaged in repairing the Cumberland street bridge, which spans the Baltimore & Ohio Railroad tracks at that point, the bridge began to sway.
All the workmen ran for their lives, but two, Tolbert Minnick, aged 20 years, and Walter Miller, aged 24. They were unable to get off in time, and as it fell with a crash the men went with it and were buried in the debris.
When their companions recovered from their fright and hurried to them, they found that Minnick had been instantly killed and Miller seriously injured. The latter was with great difficulty gotten out from under the wreck.
The bridge was a wooden structure, 150 feet long, and was built in 1872. It had been condemned, and was closed for some time past.

FLEEING FROM JUSTICE.
A Massachusetts Justice of the Peace in Trouble.
FOXBORO, Mass., Aug. 28.—A criminal process has been issued against Robert W. Carpenter, a trial justice, law practitioner and Chief of the Fire Department, who is wanted for misappropriating \$300 of the town's money. He is also charged with embezzlement. He has left town and his hiding place is not known.
He is one of the Commissioners of Insolvency for Norfolk County. He is said to have made preparations to locate in the South. A wife and son remain here.

News from the Bowdoin Expedition.
PORTLAND, Me., Aug. 28.—The latest advices received from the Bowdoin Expedition to Labrador, state that the exploring party had started to ascend Grand River to discover the falls. A rival party from Philadelphia was found at the mouth of the river, but the Bowdoin men got six days' start of them. At last accounts the vessel of the expedition was cruising in Lake Melville, engaged in scientific searches and awaiting the return of the explorers. They are expected back Sept. 10. All are well.

Refugees Ordered Out of Germany.
LONDON, Aug. 28.—In consequence of the great scarcity of food in Eastern Germany, the Russian Jewish refugees who have been staying temporarily in that region most of them for lack of means to go farther, have been ordered to go elsewhere, either back to Russia or to the seaports, where they can take passage for other countries. Most of them are being aided to go to Hamburg by the Hebrew relief committees.

Several Ball Players Signed.
BOSTON, Aug. 28.—Contracts have been signed by Hugh Duffy, Morgan Murphy, John Fitzgeral, Hardy Richardson, John Stricker, Paul Radford, Thomas J. Brown and John O'Brien to play with the Boston Association club for the season of 1892. It is said that Brown will receive an increase over this season's salary.

No Tidings of Mr. and Mrs. Marsh.
NEWARK, N. J., Aug. 28.—The

rate of Mr. and Mrs. Gray G. Marsh, who left Salisbury in a small boat Sunday afternoon, is still a mystery. There is a bare possibility that they may have been picked up by some outward bound vessel.
TORN BY A SAVAGE DOG.
ELIZABETH, N. J., Aug. 28.—Six-year-old Willie Blawcock was terribly mangled yesterday by a savage dog owned by James Hill of North Elizabeth. The child will probably die, and the dog has been killed.

Crops Damaged by Frosts.
WINNEPESKA, Minn., Aug. 28.—The much feared frost came last night in rather formidable shape. The thermometer was from 2 to 5 degrees below freezing all over the province, and there can be no doubt that much damage was done.

ON BOARD THE CONQUEROR.
Custom House Officers in Charge of Vanderbilt's Foreign Yacht.
NEW YORK, Aug. 28.—Custom House officers were placed on board of Mr. Frederick W. Vanderbilt's steam yacht Conqueror to-day. Mr. Vanderbilt has owned the yacht but a few months, having bought it in England for about \$75,000. It is very likely that the vessel will cost him considerably more than this sum by the time the Custom House authorities have done with him.

As soon as the Conqueror was reported to have reached this country, the Custom House prepared to collect port duties, amounting to \$700 at each port touched. The Collector-General, however, stepped in and said that the Conqueror must be treated as manufactured iron, on which the tax would be 45 per cent. This would compel Mr. Vanderbilt to pay the tidy sum of \$30,000 for the privilege of establishing his floating palace in these waters.
Protest was entered by Mr. Vanderbilt's lawyer, and there the matter stands at present.

INTERNATIONAL BANQUET.
President Harrison and Governor-General Stanley May Meet.
SARNIA, Ont., Aug. 28.—The Grand Trunk Railroad tunnel under the St. Clair River, at Sarnia, will be formally opened on Saturday, September 19.

Arrangements are now being made for an opening, which will include a banquet in the tunnel, at which President Harrison, many of the American State Governors, the Governor-General of Canada, Sir Henry Tyler, president of the Grand Trunk Railway, and other Grand Trunk officials will be invited to be present.

The tables will be laid across the boundary line, and during the banquet the Thirteenth Battalion band, of Hamilton, will play. On the Canadian side the band will play "God Save the Queen," and on the American side "The Star Spangled Banner."

NO DECISIVE BATTLE

Contradictory Reports About the Chilian War.
BOTH ARMIES READY TO FIGHT.
A Rumor Current that the Insurgent Troops Are Completely Surrounded.

Still Another Dispatch that the Rebels Have Surrendered—The Chilian Minister at Washington Thinks the War is Over—Nothing Official About a Final Struggle Received from the Seat of War.
VALPARAISO, Chile, via Galveston, Tex., Aug. 28.—Another day has passed and still there has been no decisive battle about Valparaiso.
The active operations, so far as fighting is concerned, have been confined to sharp but unimportant skirmishes between scouting parties of the insurrectionists and Balmaeoa's cavalry.
While neither army has as yet seen fit to make an attack, the tension is too great to last many hours.

General Canto, commanding the Congressional army, with Colonels Holley and Korner as his chiefs of staff, has devoted much time in strengthening his position on the hills above the race track at Vina del Mar.
The rebel cruisers Emeralda and O'Higgins have been steaming about off the entrance to the bay all day, but they have shown no disposition to come inside and risk an attack from the torpedo boats Condell and Lynch, or the fire of the big guns in the forts.
President Balmaeoa still has command of the forces about Valparaiso in person. He has as his chiefs of staff Generals Alzoreca and Harbosa, both able and experienced soldiers.

There is a rumor current that the troops from Copiapo and Santiago are marching toward Valparaiso with the idea of completely surrounding General Canto and compelling his surrender. It is only a rumor, however, and has no official source.
REPORT OF A BATTLE.
A Dispatch from Buenos Ayres Says the Insurgent Army Has Surrendered.

PARIS, Aug. 28.—A dispatch has been received at the Chilian Legation in this city, from Buenos Ayres stating that the troops of the Chilian government have had another engagement with the insurgent forces, near Valparaiso, and were completely victorious.
This dispatch also says that it is reported in Buenos Ayres that the insurgent forces had surrendered to the victorious Balmaeoa's army.

THE NEWS IN WASHINGTON.
Chil's Minister Enthusiastic Over the Insurgents' Defeat.
WASHINGTON, Aug. 28.—Senator Lanza, the Chilian Minister, is elated over the news of Balmaeoa's victory in Chile. The war began more than six months ago, Senator Lanza explained, and the insurgents were led by Col. Canto who had been dismissed from the Chilian army. He had succeeded in securing the Chilian navy, and on this account had been able until now to maintain his army.
The Chilian government had no navy, and because of this disadvantage had been unable to hem in the insurgents.
"Had we had ships," tracing positions of the government and insurgent forces on a rough map he had drawn so as to explain himself, "we would have succeeded long ago."
The despatch received here by the Chilian Minister, was shown to Mr. Foster, one of the Insurgent representatives, and that gentleman was asked if he had heard anything from his party. He replied that he had received the following cablegram from their agent, dated the 26th:
Iquique, Chile, Aug. 28.—The Constitutional forces continue advancing. We have confidence in the defeat of Balmaeoa. Contradict the newsgiven by the Dictator's agents.
(Signed) ENRIQUETA.

WHAT BLAINE SAYS.
Should His Friends Nominate Him He Could Not Decline.
BANGOR, Me., Aug. 28.—The latest version of Mr. Blaine's attitude respecting the nomination for President, is contained in this fragment of a recent conversation between the Secretary and Postmaster Manly of Augusta.
"I was a candidate for the nomination once, and was beaten. I shall never be a candidate again before the convention. Should my friends nominate me I could not decline, but I shall not in any way announce my candidacy beforehand, nor shall I authorize my friends to speak for me."
Every politician and newspaper editor in Maine, of whatever party, regards Blaine's nomination as a foregone conclusion.

Judge Daniels' Position.
BUFFALO, N. Y., Aug. 28.—Judge Daniels during the morning stated his position with reference to the nomination for the Supreme Court judgeship, Eighth District. He said that if the nomination was tendered to him he would accept it, but he preferred to lose the position rather than dishonor the bench by putting forth one foot in an undignified manner to secure a re-nomination.

Suit for \$1,000,000 Damages.
NEW YORK, Aug. 28.—James E. Lynn has brought an action in the Supreme Court against Senator William M. Stewart of Nevada for \$1,000,000 damages. The suit grows out of complications over mines, among them being the Emma of Utah. Lynn claims that Stewart, while acting as his attorney, conspired with Turner W. Park and others to deprive him of his mining rights.

Strike for Fresh Air.
NEW HAVEN, Conn., Aug. 28.—Two hundred boot makers have struck work in the big rubber factory of L. Candee & Co. because the superintendent ordered the windows closed, claiming that the air damaged the material. The atmosphere in the shop was suffocating. The strike is virtually one for fresh air.

CHEATING IN HORSE BLANKETS
Nearly every pattern of $\frac{3}{4}$ Horse Blanket is imitated in color and style. In most cases the imitation looks just as good as the genuine, but it hasn't the warp threads, and so lacks strength, and while it sells for only a little less than the genuine it isn't worth one-half as much: The fact that $\frac{3}{4}$ Horse Blankets are copied is strong evidence that they are THE STANDARD, and every buyer should see that the $\frac{3}{4}$ trade mark is sewed on the inside of the Blanket.
