BIG BANKING DEAL
 A Scheme to Circulate Five Million Dollars.

THE MONEY TO BE SENT WEST.
 New Plan to Help the Movement of Crops to the Seaboard.

A Big Block of Government Bonds to be Deposited for New Bank Circulation—No Large Profit in the Transaction—It is Said that it will Stimulate Trade in a Wholesome Way.
 NEW YORK, Aug. 29.—Financiers in Wall street are much interested in a movement, which is just assuming definite shape, to take about \$5,000,000 of Government bonds for the purpose of depositing with the United States Treasury for new bank circulation. The larger banks in this city are in the movement, and the proposition is to take this large block of 4 1/2's, extended at 2 per cent., under Secretary Foster's recent plan.
 Of course it is not the small profit of one-half of 1 per cent. on the transaction which induces the banks to go into the undertaking, but more particularly to provide for the issue of a large amount of new circulating notes to meet the enormous demand for money in the West. So much currency is needed to move the crops during the coming fall that the banks in this movement are endeavoring to supply the demand.
 The interested banks will deposit the bonds with the Treasury against new circulation, under the provisions of the National Banking act, and if the proposition is carried out, the new bank notes will be sent West on September 5, or perhaps a little later, to help the movement of the crops to the seaboard.
 From the most reliable sources it is learned that the consummation of the big transaction will depend largely upon the action of the National Bank of Commerce, American Exchange National Bank, Fourth National, Merchants' National, Western National and one or two others which have large capital and therefore are able to take such a big share of the whole.
 Money is comparatively plenty and cheap in this market, while the Western country is congested by the enormous crops, which are difficult to move without ready cash in very large sums. There can hardly be any very large profit in this transaction by New York banks, but they will get the credit of doing the right thing at the right time. If the arrangement can be carried through, Philadelphia, Chicago, Boston and other cities may follow the excellent example set them by New York bankers, and the general movement cannot but add to the prosperity of the country. Trade will be stimulated in a wholesome way and the pulse of industry quickened.

HOPE FOR HALLINGER.
 By a Peculiar Jersey Law He May Yet Escape the Gallows.
 JERSEY CITY, N. J., Aug. 29.—It is more than likely now that Edward W. Hallinger, the negro who pleaded guilty to the murder of Mary Paterson, and who was sentenced by Judge Knapp to be hanged, will escape the gallows altogether.
 It is due to the efforts of his lawyer, Charles J. Peshall, that his hanging, which was set down for a day last June, was prevented by a stay of execution. Mr. Peshall does not deny that Hallinger is guilty.
 He is making the fight on a peculiar point of Jersey law which has been in force there since April, 1898, and which provides that if a person who has committed a murder (no matter how deliberate or cold-blooded) confesses to the crime in open court, he pleads guilty to the lower degree of the crime, and by that confession saves his life. Hallinger, Lawyer Peshall claims, will escape hanging by means of this statute.
 Hallinger is now in the county jail in Jersey City awaiting the result of an application for a writ of habeas corpus made to the United States Supreme Court. As the day fixed for the execution is now past, and as there is nothing in the statutes providing for the resentencing of a criminal, Hallinger's chances for escape are largely in the majority.

Her Body Cut to Pieces.
 ST. PAUL, Minn., Aug. 29.—A dispatch from Gratton, N. D., says that a train going north to Cavalier frightened a yoke of oxen near Canton, and they ran away. They were attached to a binder and were led by a woman, the man who operated the machine being perched on the seat. The woman was literally cut to pieces by the binder, her legs being cut off, also her arms and head. The man escaped unharmed.

Wants the City to Pay \$25,000.
 HOUSTON, Tex., Aug. 29.—H. H. Bruns has sued the city for \$25,000 damages. The suit is based upon the fact that last winter he contracted smallpox, from the effects of which he is nearly blind. He charges that the city is responsible, in that the quarantine regulations were not established and that citizens did not have proper notice of the existence of the disease.

Rain Stricken Ireland.
 LONDON, Aug. 29.—Telegrams from all parts of England and Ireland say that the result of the continuous heavy rains is distressing. The crops are all under water and will certainly be spoiled unless saved by sunshine very soon. In several sections the potato disease has appeared.

General Revolt of Peasantry.
 ST. PETERSBURG, Aug. 29.—Details of the rioting at Vitsebsk in protest against the exportation of rye, show that the disturbance was of a serious nature. The Governor reports that there was evidence that a general revolt of the peasantry had been planned.

The North Carolina Disaster.
 GREENSBORO, N. C., Aug. 29.—There seems to be no room for doubt that all the bodies have been recovered from the Third Creek wreck. There is no evidence that any bodies have been overlooked.

Armour Has His Say.
 CHICAGO, Aug. 29.—Phil Armour emphatically denies he is to be a silent partner in Douglas Green's return to Wall street, and says he doesn't know Green. He pronounces the report as ridiculous.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 27, 1899.

Royal Baking Powder
 ABSOLUTELY PURE

BALMAGEDA BEATEN

The Chilean Insurgents Capture Valparaiso.

FIVE HOURS OF HARD FIGHTING.
 Fully Five Thousand Men Were Killed and Wounded.

President-Elect Vienna Seeks Refuge on Board a German War Ship—Balmageda Has Fled—A Belief That He Is Making His Way Out of the Country—The News in Washington.
 VALPARAISO, Chili, via Galveston, Aug. 29.—Balmageda's power in Chili is broken.
 His army has been crushed after five hours' hard fighting, and is scattered beyond all hope of reorganization. The revolutionists have taken possession of Valparaiso.
 The future of Chili for the time has been settled, and settled conclusively on the hills, the east of this city by the grim argument of war.
 With Balmageda practically a fugitive without resources in men or money; with the principal supports of the country in the hands of the Congressmen, and a consequent shutting off of all income from customs receipts; with President-elect Vienna a refugee on board a German war ship, and the country flooding en masse to the standard of the invaders, it is a matter of only a few days when the capital will fall into the hands of the revolutionary party.

A New Government.
 A new government, with possibly Judge Belsario Prieto, head of the last Parliamentary Cabinet of Balmageda, or Manuel Jose Irujo, head of the Congress Cabinet, at its head, will be formed and things will go along in about the same way in Chili as they did before January 7, when hostilities were formally begun.
 General Canto and his army won the battle by superior generalship, good hard fighting, assisted by good fortune in the killing of Balmageda's generals and the consequent demoralization of the army and the desertion of entire regiments.

Five Hours of Battle.
 The fighting lasted a little less than five hours, and its desperate character may be judged by the fact that fully five thousand men were killed and wounded. The country for miles around is filled with men, many of them wounded, who were in the morning the dependance of Balmageda.
 Balmageda Runs Away.
 Nobody here has any knowledge of the whereabouts of President Balmageda. The insurgent leaders are exceedingly anxious to find out where he is, and if they succeed in finding him it would go hard with him.
 The general belief here is that he is making his way out of the country, perhaps overland to Buenos Ayres.

THE NEWS CONFIRMED.
 Consul McCroary's Report to the State Department—The Bogus Dispatches.
 WASHINGTON, Aug. 29.—The official news of the insurgent victory in Chili, cabled to the State Department by the United States Consul at Valparaiso, settles beyond doubt the conflicting reports of the past few days concerning the condition of affairs at the seat of war.
 The receipt of dispatches from Valparaiso telling of a victory for the Balmagedaists is explained by State and navy officials as resulting from Balmageda's control of the cable line from that city.
 Doubt as to the absolute authenticity of these dispatches was expressed in official circles to-day for the reason that it is a custom in vogue, that of a diplomatic etiquette in fact, that when a Minister receives an important dispatch from his home government that is given out for publication, it is sent at once to the State Department for the information of this government. This was not done, and, as a result, the department officials and the members of diplomatic corps now in town discredited the stories and inclined to the belief that there was nothing more than some skinning. From Consul McCroary's dispatch it would seem that this belief is correct.

Consul McCroary's Dispatch.
 WASHINGTON, Aug. 29.—Acting Secretary Wharton of the State Department received the following cablegram from U. S. Consul McCroary at Valparaiso:
 "Battle fought near city this morning. Government forces badly beaten. Heavy loss both sides. City surrendered to opposition, but in hands of Admirals of American, German, French and English fleets for good order. No communication with Santiago. Opposition forces now entering the city."
 A Complicated Case.
 ROCHESTER, N. Y., Aug. 29.—A close and complicated case, or rather series of cases, in which \$100,000 is involved, is awaiting decision by Referee Charles J. Bisell. In October, 1899, the firm of East Brothers of Hornellsville became financially involved. The firm conducted a large dry goods business and the stock was seized upon confessions of judgment in favor of Philip East, Jr., brother of the members of the firm, and the Citizens' National Bank of Hornellsville. The goods were replevined from the possession of the sheriff by 17 New York firms from whom they had been purchased. The papers were submitted to the referee yesterday and the case now awaits his decision.

Spain's Dignity at Stake.
 CAPE MAY, N. J., Aug. 29.—There has been no settlement of the case between the Spanish Legation and Alderman Ware who is charged with collecting illegal costs in the case of the arrest of

Manuel Soria of Minister Suarez's staff. Consul Gonzales had two conferences with Ware. He asked for a refund of the costs and an apology. Ware still holds out. Minister Suarez has returned to Washington. He will see that the dignity of Spain is maintained in the conflict of his countryman with a local court.

Impetuous Refugees.
 DETROIT, Aug. 29.—The Russian Jewish refugees have begun to arrive in this city. They were all penniless, and unfortunately handicapped by their inability to speak the English language.

Russia to Return the French Visit.
 ST. PETERSBURG, Aug. 29.—Russia will send a fleet under Admiral Kasnakoff to Cherbourg on September 25, to return the French visit.

TYPHOID FEVER RAGING.
 Newark's Health Board Withholding All Information About the Disease.
 NEWARK, N. J., Aug. 29.—The spread of typhoid fever in this city has become so alarming that the Health Board have decided to withhold all information concerning cases reported to the department from newspapers. Health Officer Titus preserves a non-committal style and will vouchsafe no answers to questions bearing upon the subject.

The health officer virtually admits, however, that the disease has taken a strong hold, and that a number of deaths have followed. Already 43 cases have been reported, a large portion of which have been removed to the three hospitals of the city.
 The pollution of the Passaic River, which at present supplies Newark with drinking water, is considered the real cause of the trouble, and the public has been cautioned to drink of it sparingly, if at all. The contractors upon the new \$5,000,000 water supply, to come from the Passaic-Norwalk Valley, are pushing rapidly forward with the work, and have announced, to the intense satisfaction of residents, that the new supply will probably be ready for consumption within three months.

CUBAN GIANTS IN A RIOT.
 A Disturbance at Trenton Which Caused Many Arrests.
 TRENTON, N. J., Aug. 29.—The Gorhams, better known as the Cuban Giants, were arrested here for rioting. They came to this city, their old home, to play the Trentons, whom they defeated by a score of 8 to 4.
 After the game a riot broke out, caused by Thomas the catcher of the visitors cutting a ball belonging to the Trentons, Selden, Thomas and C. Williams were the ringleaders in the row which followed. Some desperate head pounding occurred before the disturbance was quelled. The special officers arrested the members of the colored club and took them to jail, but no one appearing against them to make charges they were released.
 Later warrants were issued for Selden, Thomas and C. Williams, and officers are now looking for them.

Suit to Recover \$50,000.
 NEW YORK, Aug. 29.—A suit has been begun in the United States Circuit Court by Irving A. Evans, Nathaniel S. Simkins, George E. Armstrong, Bayard Taylor, Edwin Morey and Charles B. Lancaster, all of the State of Massachusetts, against Nathan H. Hand of White Plains, N. Y. The suit is for the purpose of recovering \$50,000 paid to Hand under an agreement, the conditions of which he failed to carry out, in connection with some gold mining property in Lumpkin County, Georgia.

Smuggling on the Irish Coast.
 LONDON, Aug. 29.—The authorities are much concerned by the increase of smuggling on the Irish coast. A considerable quantity of smuggled tobacco and liquors has lately been seized from shopkeepers at Cape Clear and other places near the sea. The old spirit of smuggling, once rampant in extensive districts of Ireland, is again attracting people, who find it an easy mode of living.

Refused to Arbitrate.
 HAVERTHILL, Mass., Aug. 29.—A committee of the locked-out lasters of Chick Brothers' shoe factory waited on the firm yesterday and requested that the proposed evidence question be submitted to the State Board of Arbitration. The Messrs. Chick replied that they would not give the advance nor submit the matter to outside parties.

Distress in England from Rain.
 LONDON, Aug. 29.—The news from all parts of England and Ireland is to the effect that the result of the long-sustained heavy rains is distressing. The crops are all under water, and will be spoiled unless sunshine comes speedily. In some sections the potato disease has made its appearance.

Investigating the West Shore Disaster.
 SYRACUSE, N. Y., Aug. 29.—Railway Commissioner Ricard has begun taking evidence here in the matter of the West Shore disaster at Montezuma. After hearing several witnesses he adjourned the hearing until Engineer Ryan of the passenger train is able to testify.

To Commence Printing a New Note.
 WASHINGTON, Aug. 29.—The Bureau of Engraving and Printing will next week begin the printing of the "Window note." This note which will be of the denomination of \$2, will be printed on the new distinctive paper and will take the place of the "Hancock \$2 note."

Grand Army Appointment.
 ALBANY, N. Y., Aug. 29.—Commander-in-Chief John Palmer, of the Grand Army, appointed David M. Quick, of Brooklyn, to be assistant adjutant-general. Mr. Quick now holds the position of inspector of New York State G. A. R.

THE WAR PORTFOLIO

Gen. Wells of Vermont May Succeed Proctor.

HE HAS A GOOD ARMY RECORD.
 It is Not Believed in Washington that He Will be Appointed.

The Impression Still Prevails that Ex-Governor Cheney is the Man—A Movement Started in Behalf of Stephen B. Elkins—His West Virginia Friends Will Present His Name.
 RUTLAND, Vt., Aug. 29.—Gen. William Wells, of Burlington, Vt., will be the successor of Hon. Redfield Proctor as Secretary of War. The news that the President intends to make this appointment comes from a source whose reliability cannot be questioned.
 General Wells was formerly Collector of the port of Burlington, and is the head of the firm of Wells & Richardson, of that city, the largest wholesale manufacturing drug house in Northern New England. He was a young man in the war for the Union, and was brevetted brigadier general for bravery on the field, and Gen. Philip Sheridan always spoke of him as one of the very best of his cavalry officers. He is a man of education and refinement.

Not Believed in Washington.
 WASHINGTON, Aug. 29.—Very little credence is given by members of the administration here to the reported selection of Gen. William Wells, of Burlington, Vt., as Secretary of War to succeed Mr. Proctor. The impression still prevails that ex-Governor Cheney is the man the President is thinking about the most seriously at the present time, but the officials of the War Department having close relations with Secretary Proctor do not believe that any one has yet been actually slated for the position.

Stephen B. Elkins in the Field.
 WHEELING, W. Va., Aug. 29.—News comes from Washington, from a source close to the administration, that a movement has been started in favor of Stephen B. Elkins of this State, as the successor to Secretary of War Proctor. It will be urged upon the President that it makes a selection with special reference to strengthening the party West Virginia must be considered.

DR. HOLMES' BIRTHDAY.
 The General Autocrat of the Breakfast Table Troubled With Poor Eyesight.
 BOSTON, Aug. 29.—This is Dr. Wendell Holmes' 82d birthday. No quotation could be made that would more thoroughly show forth Dr. Holmes' chief characteristic—that of unfailing good humor and cheerfulness—than the piquant one of his own, "It is better to be 70 years young than 40 years old."
 Dr. Holmes' health is excellent. "I am very well and very happy," he said. "My eyesight troubles me somewhat, so that I am very glad to avail myself of the services of a secretary, and I am a little troubled at times to recognize my friends and acquaintances on the street. Perhaps some of them may have thought that I have intended to cut them, but it is only a little trouble with my eyes which causes me to pass them. Other than that I have no physical trouble."

Patti Sang for Charity.
 LONDON, Aug. 29.—Patti sang during the afternoon at Swansea, Wales, for the sake of charity, in behalf of the Swansea Hospital. The mayor and the corporation, in their official robes, met the singer at the railway station and conducted her in state to the hall, while the church bells rung out a welcome. The leading society of Swansea and South Wales was assembled, and the sum of \$4,000 was realized for the hospital.

The R. & O. in Chicago.
 CHICAGO, Aug. 29.—A morning paper makes the statement that within 40 days the Baltimore & Ohio trains will enter this city over the tracks of the Northern Pacific Railway Company, and find a terminus in the new depot recently erected by that company. The matter has been fully settled, it is said, and the contracts will be signed as soon as President Mayer, of the Baltimore & Ohio, returns from Europe.

An English Syndicate Has the Call.
 RACINE, Wis., Aug. 29.—The J. L. Case Threshing Machine Company has given an English Syndicate option on the entire plant, and there is a possibility of its being sold. F. K. Bull, secretary of the company, said that an option was given on the plant to New York parties a year ago last July, and that time option has not run out. He did not know whom the New York parties were acting for.

An Absconder's Whereabouts.
 CHATHAM, Ont., Aug. 29.—It is probable that J. M. Henry, who absconded from here last fall with \$20,000 belonging to the Bank of Montreal, will soon be in the tails of the law. The defaulter is now living among the California mountains, and the authorities there will soon effect his release.

Europe Looking to America.
 LONDON, Aug. 29.—Ted Standard, in discussing the grain shortage, advises the consumption of maize, saying that the United States could export 400,000,000 bushels of maize, and that an extra shilling per bushel would attract all the maize in America necessary to supply Europe with wholesome, nutritious food.

Hanlan and Gaudaur to Row.
 TORONTO, Ont., Aug. 29.—Hanlan and Gaudaur have agreed upon a three-mile race for \$500 or \$1,000 a side, to be rowed at Burlington Beach. As Hanlan is going to New Westminster, the race cannot be rowed until about the middle of October.

Carmen Sylvia in Danger.
 VENICE, Aug. 29.—The condition of Carmen Sylvia, Queen of Roumania, has become so critical that Dr. Charcot, the celebrated Parisian physician, has been telegraphed for. King Charles is reported on his way to this city from Roumania.

Anarchists Sentenced.
 PARIS, Aug. 29.—The trial of the May Day anarchists has just concluded. Desamps has been sentenced to five years and Dardere to three years for firing at the police. Leveille was acquitted.

Ladies Think—then Act.
 That
Wolff's ACME Blacking
 IS CHEAPER than any other dressing at any price, be it 5 cents, 10 cents, or 25 cents, you can convince yourself by wearing one shoe dressed with Acme Blacking and the other shoe dressed with whatever happens to be your favorite dressing. While Acme Blacking will reduce a month through wear or rain, and can, if the shoe is soiled, be washed clean, the other dressing will not last a single day in wet weather.
 Your shoes will look better, last longer and be more comfortable if dressed with Wolff's Acme Blacking.
