

MUST EGAN RETURN

Reported To-day That He Has Been Recalled.

ENEMIES AFTER HIS SCALP.

The Chilian Party Leavys Preparing Evidence Against Him.

Open in their hostility towards him—Statements said to have been laid before the President—Some very sensational developments promised regarding Minister Egan's career in Chile.

WASHINGTON, Sept. 4.—It is reported that Minister Egan has been recalled from Chile, and the report is credited by many here.

Acting Secretary of State Wharton, when questioned, declined to either deny or confirm the report. His only reply was that Egan had not been recalled by the State Department.

"Has the President ordered the recall?" asked the reporter.

Secretary Wharton evasively replied that he could not tell what the President had done. It is known that the President has been considering the case of Minister Egan, and that grave charges against the latter have been laid before him.

The envoys of the successful Chilian party have been diligently collecting evidence against Minister Egan, which they have already presented to the President. These envoys make no concealment of their hostility to Egan, and openly promise some very sensational developments concerning his career in Chile.

WAR SHIPS SURRENDER.

Chilian Vessels Turned Over to the Minister at Callao.

CALLAO, Peru, via Galveston, Sept. 4.—The torpedoed Almirante Condell and the armed transport Imperiale, the last armed vessels loyal to the late President Balmaceda of Chile, have formally surrendered to the Chilian Minister here, and word was immediately sent to the Junta de Gobierno, at Santiago, that the two vessels were at their disposal.

The Condell, under the command of Capt. Monzo, sailed from Valparaiso en route to the Imperiale on August 22, two days after the landing of the Congressional army at Quintero Bay.

The mission of the two ships was to transport troops from Coquimbo to Talcahuano.

EMBARGO ON PORK RAISED.

Secretary Rusk Receives Official Notice from Germany.

WASHINGTON, Sept. 4.—Secretary Rusk has received official notice that the German government has raised the embargo on American pork. The agreement relative to the admission of pork into Germany was signed at Cape May Point about ten days ago, but at the request of the German government the fact was withheld from the public press until official action could be taken by the home government.

The agreement not only provides for the admittance of our pork into Germany, but also affords the United States the same schedule with reference to our farm products as that enjoyed by Russia.

Secretary Rusk is confident that he will soon be able to extend our market for corn by introducing it into Germany for use as an article of food in the place of rye, the crop of which in Germany is this year exceedingly short. To this end, he has instructed his corn agent, C. J. Murphy, now in Europe, to proceed at once to Berlin, and lay the matter before Germany.

The Lottery Company's Business Broken.

WASHINGTON, Sept. 4.—John C. Maynard, the postoffice inspector in charge of the New Orleans district, has returned to Washington from New Orleans, where he has completed the work in some 25 cases against the president of the Louisiana Lottery Company for violation of the postal lottery law. Mr. Maynard says the chain of evidence in these cases is complete. He thinks the power of the company is broken and says the business is reduced to such a point that although it advertises a capital prize of \$300,000, yet it does not now sell more than half of any ticket, so it is impossible for the capital prize to be drawn.

Regarding the Union Pacific.

NEW YORK, Sept. 4.—The vehemence with which the Gould party deny that the Vanderbilts have, or will have, any interest in the Union Pacific leads to a suspicion that they do not feel the foundation very firm underneath. If the loan scheme is carried through, J. Pierpont Morgan will be practically receiver of the Union Pacific Company, and the Vanderbilts will have a voice in its affairs which will overpower anything J. Gould can say. The Vanderbilts, however, do not wish to antagonize Gould, only to see that the great Western railroad system operates in harmony.

Hamilton College Officers Elected.

UTICA, N. Y., Sept. 4.—At the meeting of the trustees of Hamilton College, held at Bagge's Hotel, Horace P. Sullivan, of Cobleskill, was elected president. Clinton B. Rolland was elected in place of Professor Hoyt, who has accepted a chair in Auburn Theological Seminary. W. D. Moore was made assistant professor of rhetoric and A. P. Merrill was elected professor of chemistry.

Effect of a Proposed Wage Reduction.

FALL RIVER, Mass., Sept. 4.—The decision of the manufacturers to cut down wages in October has caused a feeling of depression among business men and operatives all over the city. It means a loss of \$10,000 weekly to operatives and consequent loss to all kinds of trade.

Pennsylvania Democratic Nominations.

HARRISBURG, Sept. 4.—The Democratic State Convention unanimously nominated A. L. Tilden for State Treasurer and R. E. Wright for Auditor-General. The Bardsley scandals were made the chief issue of the campaign.

The Humor Discredited.

NEW YORK, Sept. 4.—Nothing more has been heard here of the report from Omaha, Neb., that reciprocity papers for the Union Pacific Railroad would be filed very soon. The report is totally discredited.

PITTSBURG PHIL'S LUCK.

The Plunger Makes a Princely Winning for His Colt King Cadmus.

NEW YORK, Sept. 4.—The winnings of G. E. Smith, the plunger, widely known as Pittsburgh Phil, on his colt King Cadmus, who won the Sapphire Stakes at Sheepshead yesterday, are the largest that have been recorded on the American turf in several years.

He bet \$5,000 in the ring, \$2,000 in New York and \$2,000 between the pool rooms in Baltimore and Washington.

He got all the way from 30 to 8 to 1 for his money, and he is from \$75,000 to \$125,000 richer now than he was before the race.

His exact winnings cannot now be told until he shall have heard from his Southern backers.

He put one bookmaker out of business, and that one was Ike Thompson, one of the nerviest men in the ring. The latter accepted a big bet from the plunger, and after the race he turned his slate and did not do any more business.

A Mob Tried to Release Prominent Exiles at Nicaragua.

NEW YORK, Sept. 4.—Advice from Corinto, Nicaragua, state that on Aug. 28d, the steamer Colima carried away to Costa Rica six prominent Nicaraguans sent into exile by President Sarcaza, who accused them of plotting against him. The exiles all lived at Granada, and while they were being taken from that city a mob attempted to rescue them.

The soldiers fired, without injuring anybody, and the mob repaid with a volley which killed several men, including the Governor of the district, the lieutenant commanding the troops, three soldiers and two bystanders.

Re-enforcements arrived, the mob was dispersed and the prisoners taken to Corinto. Among the exiles are ex-President Favalta and several members of the Senate.

SQUADRON, Pa., Sept. 4.—The annual reunion of the veterans of the Squadron, Lackawanna, Luzerne, Wayne, Wyoming and Columbia counties of Pennsylvania, and of Broome county, New York, which took place yesterday was attended by a large number of veterans and others. With a charge of 51 pounds of powder a 4-1/2 inch solid plate set into the sand at an angle of 65 degrees, 105 feet from the mortar, was smashed into fragments. The test proved that a shell from the mortar could penetrate the deck armor of any war vessel afloat at a distance of six miles.

CHICAGO, Sept. 4.—About 200 advocates of a closed World's Fair on Sunday were given a hearing by the National Commission yesterday. They represented nearly every State in the Union, and most of them were divines or laymen of national repute. Lengthy petitions were presented and strong arguments made against opening the fair on Sunday. No action will be taken in the matter by the Commission for some time.

The delegates to the State convention, with the exception of Mr. Houghran, are non-committal on their choice for Governor. Mr. Houghran expressed a decided preference for Mr. Burleigh.

Why He is Cool Towards England.

LONDON, Sept. 4.—Constantinople advices state that one cause of the Sultan's coolness toward England is the recent discovery by the Turkish authorities in Arabia that the rebels in Yemen are armed with rifles of the latest English make, imported by way of Aden. The insurrection is spreading throughout Arabia, and the Turks have shown themselves entirely unable to cope with the rebels, who are rapidly growing in numbers through the accession of other tribes.
