THE WAR PORTFOLIO

Secretary Proctor Sends in His Resignation.

TO TAKE EFFECT SEPTEMBER 30.

It is Reported that Stephen B. Elkins Will be His Successor.

Germany's Strange Proceedings Regarding the Pork Embargo—The New Minister to Hayti—Imported Spirits to be Closely Watched—$1,000,000 Sent South to Move Cotton.

WASHINGTON, Sep. 5.—It is reported here on what is considered good authority that Secretary of War Proctor has sent his resignation to President Harrison, to take effect on September 30.

The same authority says that Stephen B. Elkins of New York and West Virginia will assume the duties of the War Office on October 1 by the appointment of the President.

STRANGE PROCEEDING.

Germany Ignores the State Department in the Pork Embargo Matter.

WASHINGTON, Sep. 5.—Secretary Rusk in a letter to the Hon. W. A. Hatch of Missouri, informing him of the removal of the prohibition of American pork by Germany, says the thanks of the farmers of this country are due to Mr. Hatch for his efforts in their behalf, and especially because of his advocacy before the House of Representatives of the Meat Inspection bill, without which the removal of the prohibition could not have been obtained.

The State Department has not been informed of the withdrawal of Germany's edict. The Department officials consider it somewhat strange that the German government, through its Embassy in Washington, should have informed the Agricultural Department of the removal and not have sent the news to the State Department.

England Playing a Double Game.

WASHINGTON, Sept. 5.—A Chilian high in the confidence of the insurgent leaders is authority for the statement that England has been playing a double game in the Chilian insurrection. While professing sympathy for the insurgents her Minister at Santiago went far in certain directions to keep on good terms with Balmaceda, and that this was really the motive for the Espeigle affair. The English really did not have much confidence in the success of the rebellion, and they wished to be on good terms with both sides in the interest of English commerce.

House Letter Boxes.

WASHINGTON, Sep. 5.—The commission which was recently in session at the Postoffice Department examining models of house letter boxes has made its report, recommending the adoption of two different kinds of boxes. Postmaster-General Wanamaker has been considering the report and models for some time and will in a few days decide which is acceptable to the Government.

To More Closely Watch Imported Spirits.

WASHINGTON, Sep. 5.—The Treasury Department has instructed the Collector at New York to carefully scrutinize the guage and proof of contents and the outward appearance of packages of spirits, with a view to ascertaining whether or not the spirits are returned in exactly in the same condition as when exported, as there are just grounds for suspecting some manipulation of the spirits while abroad.

Monument to a Hangman.

WASHINGTON, Sep. 5.—A Vienna correspondent says the plan to erect a monument to Mouravieff, the hangman of Poland, at Wilna, is attributed to a purpose on the part of the Russians to inspire terror in Poland by recalling the punishment of the Polish insurgents in 1863. The square in which the monument is to be put up witnessed the hanging of scores of Polish prisoners.

Minister Douglass' Successor.

WASHINGTON, Sept 5.—John S. Durham, who was appointed yesterday Minister resident and Consul-General at Hayti, is now Consul at St. Domingo. He is a colored man of education and general capacity. It was necessary to have some one appointed at once in view of the present state of affairs in the Black Republic.

The Cotton Movement Begun.

WASHINGTON, Sep. 5.—The movement in cotton has begun and during the past few days the Treasury Department has sent about $1,000,000 to New Orleans through exchange on New York for that account. The movement is later than last year and the demand for money not so great.

Sec. Noble Going to Cape May.

WASHINGTON, Sep. 5.—Secretary Noble will leave Washington next Manday for Cape May Point, where he will have a conference with the President in regard to opening lands to settlers in Oklahoma Territory, and other important matters connected with the Interior Department requiring the views of the President.

Arrested for Attempted Assault.

SING SING, N. Y., Sept 5.—Miss Nora Hassett, 16 years old, daughter of Wm. Hassett, superintendent of C. T. Titus' place at Scarborough, has had Mr. Titus' coachman arrested. He attempted to assault her Tuesday evening. He would have accomplished his purpose but for the timely arrival of two girls who were attracted by her cries. The prisoner waived examination and was placed under $1,000 bail.

Officers Elected at a Reunion.

GETTYSBURG, Pa., Sep. 4.—At a reunion of the 18th Pennsylvania Infantry and the 3d Heavy Artillery held here the following officers were chosen for the regimental association: President, Col. S. A. Given, Philadelphia; vice-president, Charles Schlecht, Philadelphia; secretary, H. T. Greeves; Treasurer, Joseph McGlathery, Philadelphia.

Almy Not Likely to Be Tried This Term.

LACONIA, N. H., Sep. 5.—The present prospect is that Almy, the murderer of Christie Warden, will not be tried at the September term of court at Woodsville, on account of his physical condition.

IN EVERY Receipt that calls for baking powder, use the "Royal." Better results will be obtained because it is the purest. It will make the food lighter, sweeter, of finer flavor, more digestible and wholesome. It is always reliable and uniform in its work.

"I regard the Royal Baking Powder as the best manufactured. Since its introduction into my kitchen I have used no other.
"MARION HARLAND."

Chamberlain Heywood a Harvard Man.

BOSTON, Sep. 5.—J. C. Heywood, who has been named by the Pope as one of his private chamberlains, is a graduate of Harvard, class of 1855. Most of his life has been spent abroad. In 1882 he published a book entitled "Salome, the Daughter of Herodias," and he is the author of "Lady Morton" and numerous other poems of merit. The office to which he has been appointed is not actually a religious one.

Minister Phelps Congratulated.

NEW YORK, Sep. 5.—As a consequence of the removal of the embargo on American pork, Mr. Phelps, the Minister of the United States to Germany, is receiving many congratulatory telegrams. Mr. Phelps has cabled Secretary of State Blaine, at Bar Harbor as follows: "May I, through you, congratulate the President upon the fact that under his auspices a long struggle to secure this right has successfully ended."

Sudden Deaths.

Heart disease is by far the most frequent cause of sudden death, which in three out of four cases is unsuspected. The symptoms are not generally understood. These are: lying on the right side, short breath, pain or distress in side, back or shoulder, irregular pulse, asthma, weak and hungry spells, wind in stomach, swelling o ankles or dropsy, oppression, dry cough and smothering. Dr. Miles' illustrated book on Heart Disease, free at C. H. Hagenbuch, who sell and guarantee Dr. Miles' unequaled New Heart Cure, and his Restorative Nervine, which cures nervousness, headache, sleeplessness, effects of drinking, etc. It contains no opiates.

This is the time to fill your coal house or bin.

Miles' Nerve and Liver Pills

Act on a new principle—regulating the liver, stomach and bowels *through the nerves.* A new discovery. Dr. Miles' Pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unequaled for men, women, children. Smallest, mildest, surest! 50 doses, 25cts. Samples *Free*, at C. H. Hagenbuch's drug store.

Ministers are rounding up their scattered folds.

Oh, What a Cough.

Will you heed the warning? The signal perhaps of the sure approach of that more terrible disease, Consumption. Ask yourselves if you can afford for the sake of saving 50 cents, to run the risk and do nothing for it. We know from experience that Shiloh's Cure will Cure your Cough. It never fails. This explains why more than a Million Bottles were sold the past year. It relieves Croup and Whooping Cough at once. Mothers do not be without it. For Lame Back, Side or Chest, use Shiloh's Porous Plaster. Sold by C. H. Hagenbuch, N. E. corner Main and Lloyd streets.

Now for the oyster.

A Cure for Constipation and Headache.

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick headache. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents a package

Labor day next Monday.

Ask Your Friends About It.

Your distressing cough can be cured. We know it because Kemp's Balsam within the past few years has cured so many coughs and colds in this community. Its remarkable sale has been won entirely by its genuine merit. Ask some friend who has used it what he thinks of Kemp's Balsam. There is no medicine so pure, none so effective. Large bottles 50c and $1 at all druggists'.

School attendance is good.

Shiloh's Consumption Cure.

This is beyond question the most successful Cough Medicine we have ever sold. A few doses invariably cure the worst cases of Cough, Croup, and Bronchitis, while its wonderful success in the cure of Consumption is without a parallel in the history of medicine. Since it's first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a Cough we earnestly ask you to try it. Price 10 cents, 50 cents, and $1.00. If your Lungs are sore, Chest or Back lame, use Shiloh's Porous Plaster. Sold by C. H. Hagenbuch, N. E. corner Main and Lloyd streets.

Counterfeit twenty-five cent pieces are afloat.

Startling Facts.

The American people are rapidly becoming a race of nervous wrecks, and the following suggests the best remedy: Alphonso Hempfling, of Butler, Pa., swears that when his son was speechless from St. Vitus dance Dr. Miles' great Restorative Nervine cured him. Mrs. J. R. Miller, of Valparaiso, and J. D. Taylor, of Logansport, Ind., each gained 20 pounds from taking it. Mrs. H. A. Gardner, of Vistula, Ind., was cured of 40 to 50 convulsions a day, and much headache, dizziness, backache and nervous prostration by one bottle. Trial bottles, and fine books of marvelous cures, free at C. H. Hagenbuch, the druggist, who recommends and guarantees this unequaled remedy.

STEEL RAILROAD TIES.

Now Being Given a Practical Test By an Eastern Railroad.

PHILADELPHIA, Sep. 5.—The Philadelphia & Reading Railroad Company is making a novel experiment in testing the thorough practicability of having steel railroad ties instead of wooden ones. A section of track constructed of steel rails and ties on a stone ballast has been laid on Ninth street, in the neighborhood Barks street, and another section has been introduced but a little further out on the line. If these experiments prove satisfactory, it will, in all probability, be the beginning of a general use of steel ties on all the lines of the company.

There has been a considerable portion of steel-tie track laid on the New York or Round Brook divison for several months, and no better opportunity could be offered to compare and test it with the old style, as the road is unquestionably a fine one. The tie is steel and about the usual length. It is flat and hollowed out like an inverted trough, which permits the stone ballast to work up solidly under it, and it is claimed that the longer and harder the wear the more solid and stable the tie and roadbed become.

These ties were made in this city on the principle of those used on railroads throughout Great Britain and parts of Europe. Although the primary cost is about three times as much as wooden ones it is claimed that they last 40 years, whereas those now in use endure not longer than seven years. In addition to the additional stability of the metal ties they secure a much smoother ride for travelers. Their appearance is also in their favor.

Experiments have previously been made by other companies in the United States, but the cost has hitherto operated against their general adoption. A party of railroad men from New York witnessed the laying and first tests of the new bed. It is stated that they were much impressed with the experiment.

FORCED TO CUT WAGES.

Print Cloth Makers Deny that They Desire to Break Existing Contracts.

FALL RIVER, Mass., Sep. 5.—The manufacturers deny that there is any desire on their part to break existing contracts by determining to reduce wages.

A majority of the contracts now held by print cloth mills will have run out by October and there was no prospect of renewing them at this time at fair prices. Manufacturers of odd goods would not consent to a curtailment of production, because they had contracts extending beyond the time held by those of print goods corporations, and the only alternative left was to produce goods at a lower figure than they now cost.

The Swiss Perpetual Alliance.

NEW YORK, Sep. 5.—The Swiss of this city began this morning the grand celebration of the 600th anniversary of the Swiss Perpetual Alliance. The celebration will continue throughout Sunday and Monday, at Washington Park. Today's celebration opened with a historical parade. This afternoon the park is the scene of a grand volks festival. On Sunday there will be a big sacred concert, games for the children, and in the evening a fireworks illuminative concert. On Monday the great shooting contest will occur and the prizes distributed.

A Monster Locomotive.

ALTOONA, Pa., Sep. 5.—The Pennsylvania road has just commenced the building of a monster locomotive at its shops here. It will be about three times as long as the average locomotive, will have two sets of driving wheels, one set being in front and one set of pony wheels being under the pilot. The wheels will be under trucks, so that the locomotive can go around curves. Two firemen will be necessary to supply the coal. The locomotive, it is alleged, will be powerful enough to haul a train of cars a mile in length.

Brig.-Gen. Wild's Death.

BOSTON, Sep. 5.—Brig.-Gen. Edward Augustus Wild, late of Brookline, Mass., whose death was reported from Medellin, Colombia, South America, last evening, was a graduate of Jarvard and Harvard Law School, and of Jefferson Medical College, Pennsylvania. He was a medical officer in the Turkish army in the Crimean, war and was presented a medal at its close by the Turkish government. He served through the rebellion, rising from the rank of captain to brigadier-general. He has been largely interested in mining of late. He was 66 years old.

White is Still a Candidate.

NEW YORK, Sept. 5.—Ex-Senator Platt said to-day that he would go to Rochester to-morrow night, although the Republican State Convention there does not begin until Wednesday. He refused to discuss the question as to who would be nominated for Governor, but he did authorize a positive denial of the story published that Andrew D. White was entirely out of the race.

Serious Charge Against Two Girls.

WILMINGTON, Del., Sep. 5.—Kate Mahoney, aged 19 years, and her sister Josephine, aged 13 years, are under arrest for the murder of the former's child, Kate, who is unmarried, gave birth to the child on March 28 last. On the same day she persuaded her sister to take the living babe and throw it into the Brandywine Creek. The case only became known to the police a few days ago.

Resigned Just in Time.

PHILADELPHIA, Sep. 5.—The action yesterday of George Bonsy, Director of Public Safety, who is accused of irregularities while Superintendent of the Alms House, in tendering his resignation to Mayor Stuart, saved him from additional disgrace, for it is understood that the mayor had already prepared a letter notifying him of his dismissal.

Secretary Proctor at Marblehead, Mass.

MARBLEHEAD, Mass., Sept. 5.—Secretary Proctor arrived here this morning from Washington. He will remain here until Monday, when being joined by Quartermaster-General Batcheller and Lieutenant Howard he will start on a tour of inspection of military posts in the West.

Gov. Hill Goes Yachting.

NEW YORK, Sep. 4.—Gov. Hill arrived at the Hoffman House shortly after 8 o'clock this morning, and left soon after for a short yachting trip.

A REVOLTING SCENE

Wife-Murderer Bulling Failed to Cheat the Hangman.

HE SHOT HIMSELF IN HIS CELL

A Clergyman Under Arrest for Furnishing the Revolver.

The Murderer Was Dragged to the Gallows While Bleeding from His Wounds—He Cursed the Sheriff While the Black Cap Was Being Adjusted—Swung Into Eternity With an Oath on His Lips.

ST. JOSEPH, Mo., Sep. 5.—An old sheriff who was present at the execution of Louis Bulling, the wife murderer, said to-day in conversation with a press representative that he had witnessed and assisted at a number of hangings but the tragedy of yesterday was the most revolting he had ever seen.

Sheriff Barry had set the hour for the execution at 10 o'clock. When he went to the cell at 9 o'clock to prepare the doomed man for the execution, Bulling pleaded so piteously for a stay of a few hours that the sheriff gave him until 2 o'clock. When 2 o'clock came Bulling renewed his supplication, and failing on his knees pleaded for one hour more. His request was again granted, the guard removed from the cell door and he was again left with his spiritual adviser.

The silence of the jail was broken only by the voice of the priest, when suddenly two shots rang out. The sheriff ran to the cell and found Bulling prostrate upon the floor, weltering in his own blood, which flowed from a wound in his breast. He had shot himself twice.

A hasty examination of Bulling's body showed that one of the bullets had entered the left breast and, glancing from a rib had passed around his body and come out of his back. The other bullet had only inflicted a slight flesh wound in his left side. He had not lost consciousness, and when the sheriff ordered four deputies to carry him to the scaffold, he cursed and swore at them in a horrible manner.

The deputies dragged the struggling man to the yard, and lifted him upon the gallows. He refused to stand, and they placed him upon a chair. As he sat there he presented a revolting spectacle. His hands and face were covered with blood, which also stained his shirt, and blood was streaming through his shoes, that had run from the wounds in his breast. He cursed and swore at the deputies, cried and screamed for mercy, and shrieked.

The sheriff gave him a large glass of brandy, and he swallowed it at one gulp. Finally he was told to stand up. He refused, and four deputies held him up while the rope was being adjusted. The black cap was placed over his head, and, yelling, screaming and blaspheming, he shot through the opening. The Rev. Lavak, who is believed to have supplied the revolver, has been placed under arrest. No one else it is thought could have given him the weapon.

SEARCHING FOR HIS WIFE.

Why Doesn't Mrs. Otto Unckerstein Come Home to Her Husband?

NEW YORK Sep. 5.—The wife of Otto Unckerstein the proprietor of the Hotel Hamilton, disappeared in June last, and he has spent about $200 in advertising for her and begging her to return, and he now offers a reward for any information concerning her. He says that she was well connected in Europe, and he supposed she had gone there after she left him.

They had a disagreement in regard to a boy and girl they had in their employ. He discharged the boy and then asked his wife to discharge the girl. The girl, however, told Mrs. Unckerstein that her husband had been making love to her, and when she learned this she left the house. Yesterday he received a letter from her without any date and postmarked Brooklyn, in which she said he would no doubt be surprised to receive a few lines from her, especially after being shamed as he had shamed her, but she should write to him occasionally. She said there was no use in alluding to anything which had occurred at the Hamilton House.

"Suffice it to say that I was told all about your conduct." Since she had left she had taken a position for miserable pay, and she had to work, as she did not have sufficient money to support herself, and she had never asked for or received help from anyone else. She desired him to write to her father, and said that the next letter he received would be through him, concluding the letter with, "God bless and forgive you." She signs herself your unfortunate wife, Catherine. Unckerstein has applied to the police for assistance in finding his wife.

Coal Vessels Burned at Sea.

SAN FRANCISCO, Sep. 5.—A cablegram from London to-day conveys the information that the British steel ship Carr Rock, owned in Glasgow and bound from Dundee to this port with a cargo of Scottish splint coal, was totally destroyed by fire. She sailed from Dundee on June 26. Nothing is said about the origin of the fire or the safety of the crew. The Dutch bark Kheronese, with a cargo of coal, was burned in the harbor of Montevideo July 23.

All War Talk in Germany.

BERLIN, Sep. 5.—Even the subject of great grain scarcity is less now in the public mind than the possibility or probability of war. Everybody is talking about the chances of a rupture, and while many assume to believe that the peace of Europe will be preserved for some time longer, yet the prevalent feeling is one of doubt and apprehension.

Triumph for the Canadian-Pacific.

LONDON, Sept 5.—The transport of mails from Yokohama across the American continent will in all probability be delivered in London within 21 days. This is unquestionably a great triumph for the Canadian-Pacific Railroad and its subsidized line of steamers.

Made Its First Heat of Steel.

NORRISTOWN, Pa., Sep. 5.—The Norristown Steel Company made its first heat of steel yesterday. The operation was successful. The open-hearth process is used in the two furnaces thus far erected. The company gives employment to about one hundred men.
