## MAGNIFICENT ARGUMENT.

In his address to the people of Pomeroy, Ohio, Major McKinley was able to make use of an argument that went home with telling effect. A large rolling mill was erected in Pomeroy several years ago, but for a long time previous to last October it had stood idle and empty.

When the McKinley law went into effect it brought an immediate industrial awakening to the town. The rolling mill was promptly set to work and it is now running night and day manufacturing cotton ties. It employs 300 workmen at good wages where none were employed before, and it furnishes the means of comfortable support to 1,200 or 1,500 persons.

With such an example of the effect of the McKinley law, it would be strange indeed if the citizens of Pomeroy did not vote overwhelmingly to sustain it and to elect its gallant author to the Governorship of Ohio.

## And what the present tariff has done for Pomeroy in building up a new industry it has done for scores of other towns all over the United States.—N. Y. Press.

THE turn in the gold tide has already commenced. The millions that a few months ago were going to Europe from this country are already returning to buy our wheat and corn. The first installment of \$650,000 is on its way and others will follow, until all that was sent abroad, and more, too, will be returned to the United States. England, Germany, France, Russia and other nations want grain and we have it to spare. It is grain for gold, "a fair exchange and no robbery."

GENERAL GREGG should receive a rousing vote in this county, as he well deserves it. He will, too, for the number of Democrats who intend supporting him are legion. The few enemies he has are in rather a bad predicament for want of an argument to use against him. The only thing that can be said is that he voted for Hancock, and the more this fact is commented upon the more votes he is likely to receive from the Democrats, and it can do but little harm among the Republicans.—*Reading Daily World, (Dem.)*

RASCALITY is not confined to Republicans alone, as the Democrats would try to make it appear. Democrats sell themselves to the devil just as cheaply as Republicans. It took only \$5 to bribe one of Treasurer Wright's deputies in Philadelphia. No wonder the Democrats are constantly warning their people about the purchase of Democrats. They sell themselves so very cheap.

HERE is another: Frank Chaves, Democratic Sheriff of Santa Fe county, N. M., is short \$34,000.

## BOROUGH BUDGET

SUNDAY SERVICES AT THE M. E. CHURCH YESTERDAY.

## A GOOD SERMON ON "MANLINESS"

Rev. Powick Treats the Subject in an Intelligent and Interesting Manner Before a Large Congregation.

The subject of last night's sermon at the Methodist Episcopal church was "Manliness." The text was taken from I Kings 11:2: "Shew thyself a man." There is as much need for manliness among us as there was when David thus admonished his son, Solomon. David's nation needed a wise and strong administration in order to hold his conquered territory into a compact nation. We need a similar administration of public affairs in order to assimilate our heterogeneous population. A large proportion of our population is un-American in their tastes and unchristian in their principles and are a menace to our civilization. There is a spirit of lawlessness in our midst which defies the restraints of God and man. The reality of trusted public servants that exhibits itself so frequently argues a debauchery of conscience in political circles that calls aloud for rigorous manly treatment. The people are at heart not indifferent to these things. There is plenty of moral sentiment. The difficulty is it is latent—lumbering. There is enough of moral principle in all the political parties to revolutionize them, but its voice is not heard. It is stifled by corrupt leaders. It is so mean spirited that it suffers itself to be trampled upon. There is a good deal of religion in the world that needs a liberal infusion of manliness in order to make it good for something. There is no contradiction between manliness and godliness. A religion that doesn't touch the environments of a man's political and social life and make them better for the contact is worthless.

Be a man—but give the other fellow a chance to be a man too. Do your own thinking—but give other people a chance to do the same. Why should a man become my foe if I choose to disagree with him in politics? I have as good a right to oppose him as he has to oppose me. Why should law-breakers become enemies because they are brought to justice? Have not we as much right to enforce the laws as they have to violate them? If rum-sellers and ball players defy the moral sentiment of a community, why should we respect their feelings? Many a slave to drink wants to make a man of himself, but a lot of unmanly fellows will not let him. Dare to espouse the night. Stand on this rock. You may be bombarded with pop-guns; putty bullets and rotten eggs may lie around, but you will have the satisfaction of seeing time-servers who wobble around here and there in guest of public sentiment, wobbling around at length to your side and clapping hands in acknowledgement that you were a seer and themselves were fools.

It is a well known fact that Pan-Tina Cough and Consumption Cure has cured Consumption, Coughs and Colds when all else failed. 25 and 50 cents. Trial bottles free at Kirilin's drug store.

Applies to Shenandoah.  
A super-sensitive critic complains because a Norristown paper tells of a man who purchased an "eating restaurant" there. But that's all right. Our towns are so overflooded with so-called restaurants that exist for drinking purposes only that when a real "eating restaurant" crops out it is quite desirable to say so. In like manner it would be well to have some distinctive prefix for certain of the Bethlehem hotels. Though we have any quantity of hotel licenses, it is safe to say that half of the places furnish no sleeping accommodations whatever. Saloon keepers take out a restaurateur's or hotel man's license merely because it gives them greater privileges, not because they have any intention of keeping a restaurant. If we talked about "eating restaurants" or "lodging hotels" a little more we might be more readily understood.—*Bethlehem Times.*

## POLITICAL.

The Commissioners will fill the vacancy on the Poor Board to-morrow. In his speech at Urbana, Ohio, Major McKinley said: "No legislator in legislation to enable a man to get money, except in the old fashioned way of earning it by honest labor, and the man who teaches any other gospel is a false teacher." There is a great deal of sound economic truth packed into that one sentence, and the people who are infatuated with the vagaries of Pefferism would do well to ponder it carefully.

The Republican factions in Berks county have come together and will work as one party for the success of Gregg, Morrison and the whole ticket. Now let that little difficulty in Delaware county be fixed up. The Knights of Labor propose to resent the Democracy's snub to Powderly in refusing to nominate him for delegate at large to the constitutional convention.

Chairman Watres, of the Republican party will give consideration to a suggestion that the glaring misstatements of the Democratic platform be answered in a vigorous address from Republican headquarters.

The *S. News* thinks it is going to be a still hunt. The Commissioners will appoint a Republican to fill the vacancy caused by Poor Director Kane's death.

For a big town like Shenandoah politics is unusually quiet. "Jack," and not "Jim" Smith, now writes for the *S. News*. Secretary Finney, of the Republican County Committee, is a very sick man.

## Grand Army Day.

Mt. Carmel will be in its glory on Wednesday. Should the weather prove favorable the crowd will be immense.

Arrangements have been made to feed the great multitude. Commander Boyer, of Harrisburg, and his staff will be present.

Post 146, of town, will be accompanied by the Grant Band, of 30 pieces, and many citizens. Schuylkill county will be well represented.

There is little talk as to where the next Grand Army Day will be celebrated. Special trains will be run on both the P. & R. and L. V. Railroads. Shamokin will turn out *en masse*. The town will be beautifully decorated.

## Concert Each Evening.

Willie Kendrick, the phenomenal cornetist of the U. S. Marine Band, is home on a vacation and will play at his parents' home, the Kendrick House, each evening, rendering some of the most difficult and popular solos of the day, accompanied by the Kendrick orchestra. Change of programme each evening. 9-3-15

## A Cold Day.

"A Cold Day" will be the first attraction at the theatre next Tuesday night. Many changes have been made in the interior of the theatre and will no doubt be appreciated. "A Cold Day" has created great laughter for six seasons, and this season surpasses all others. Many new specialties are introduced, and the music is from the recent operatic successes. The company is a capable one, and includes Perkins D. Fisher, Andy Amann, John Duvay, Geo. Mitchell, W. L. Dennison, Carlotta whose dancing is of the sensational kind, Josephine Amann and Edith Barton.

## AMERICA'S DAY!

ST. CLAIR STREETS IN GALA ATTIRE.

THE P. O. S. O. F. A. AND J. R. O. U. A. M.

Over Sixty Organizations in Line. The Streets of the Old-Fashioned Town Elaborately Decorated.

America's Day was celebrated at St. Clair to-day and a gala day it was, too. The streets, business places and headquarters of all organizations of the old-fashioned town were gaily decorated and the enthusiasm of the people was at a high pitch. Among the decorations were numerous arches of excellent and exceedingly appropriate design erected by the Odd Fellows, Company K, of the 8th Regiment, citizens of Hancock street, Alert Hose Company and other organizations. The Red Men's hall, the Armory, and other buildings were also handsomely decorated.

It was a gala day for St. Clair and an America's Day in every sense.

## Special Meeting of Spinners Called.

FALL RIVER, Mass., Sep. 7.—A call for a special meeting of spinners to be held Wednesday has been issued by Secretary Howard of the Spinners' Union. Mr. Howard says the folly of the decision of the Manufacturers' Board of Trade at their last meeting to reduce wages, shows the necessity of such a meeting seeing that the state of the cloth market at present shows that the supply is much greater than the demand. The cutting down the pay of operators, he says, will not help to unload a glutted market, but rather to overload it still more by decreasing the purchasing power of the people.

## Hanged Himself in His Bedroom.

BUFFALO, Sep. 7.—At 7:30 o'clock last evening the body of David Klans, who lived with his daughter and her family in the Williams Block, was found hanging in his bedroom. A small rope circlet was about his neck, the upper part fastened to the hinge of the door. Klaus was 68 years of age. His wife died about a year ago, and ever since then he has brooded over his loss.

Shot by a Policeman.  
NEW YORK, Sep. 7.—George Smith, an 18-year-old boy, was probably fatally shot in Brooklyn by Policeman John Mayer. The officer claims the shooting was accidental, but witnesses say the assault was a wanton one and that Smith did nothing to bring it about. The officer is under arrest.
