## MONTT IS PRESIDENT

Chili's New Ruler Recognized By the United States.

### NEWS FROM MINISTER EGAN.

He is in Cordial Communication with the New Government.

The Penacola Ordered to Honolulu—Germany Made a Mistake in Arresting the Philadelphian—Mexico's Famous Military Band Allowed to Enter the United States.

WASHINGTON, Sep. 8.—The State Department telegraphed to Minister Egan on the 4th inst. that if a government acceptable to the people had been formed by the Congressional party that he should recognize it and open communication with its head.

The department is in receipt of a telegram from Mr. Egan stating that a provisional government had been formed on the 4th inst. with Jorge Montt as president and was universally accepted by the people, and that he (Egan) was in very cordial communication with it.

WASHINGTON, Sep. 8.—Senator LARSON, the Chilean Minister, has officially informed the State Department that he will be absent from Washington for some time, and in his absence he has designated Senator Jorge A. Buranga, secretary of the Legation, as Charge d'Affaires.

### GRAVES RELEASED.

Germany Made a Mistake in Arresting the Philadelphian.

WASHINGTON, Sep. 8.—Carleton Graves, the American who was on Saturday last arrested at Mayaguez, Germany, on the charge of being a spy, has been liberated, the Government having nothing on which to hold him.

When arrested Graves represented himself as being a photographer, and his residence as Philadelphia. His luggage was seized by the German authorities and searched for evidence of his guilt, but to no purpose.

Graves, it has been discovered, is the son of Robert Graves of Barnesville, Belmont, O., and a nephew of Joseph Graves, a prominent man of Philadelphia. He has been in the employ of the Pennsylvania Railroad for some years, and is one of its most trusted employes. He was traveling on his vacation.

### TO PREVENT FROST.

Another Use Suggested for Col. Dyrenfurth's Rain Machines.

WASHINGTON, Sep. 8.—As an outgrowth of Senator Farwell's scheme for artificial rain production, artificial frost prevention is now suggested by L. G. Kniffen of Chicago. He has written a letter to Secretary Rusk on the subject. His theory is that clouds or artificial mists prevent the radiation of heat from the earth. He suggests that the machinery and materials used by Colonel Dyrenfurth in causing rain to be tested as a means for bringing the clouds closer to the earth and of creating a sort of fog which will be a prevention against the ravages of frost.

### THE PENACOLA ORDERED TO HONOLULU.

WASHINGTON, Sep. 8.—Orders were sent from the Navy Department last evening to the commander of the Penacola at San Francisco ordering him to sail without delay to Honolulu. The United States has not been represented by a man-of-war in the Hawaiian Islands for several months and the State Department has come to the conclusion that this government has too many interests in that locality to delay longer in having the Stars and Stripes absent from Hawaiian waters.

### FREE DELIVERY A SUCCESS.

WASHINGTON, Sep. 8.—Postmaster-General Wanamaker is very indignant that during his absence on vacation an ill-informed clerk in one of the bureaus of the Postoffice Department had given out false information to the press that the free delivery experiments are not a success. He caused an examination of the latest reports from these experiments to be made and found they were succeeding beyond his most sanguine expectations.

### GARLAND HAS RETIRED FROM PUBLIC LIFE.

WASHINGTON, Sep. 8.—Ex-Archbishop General Garland, referring to a paragraph mentioning him as a candidate for the vacant Inter-State Commerce Commission, said that he would not accept the office if tendered to him. He has permanently retired from public life and is devoting himself to the practice of law. He also declined an appointment to the Supreme Bench.

### MEXICO'S MILITARY BAND MAY ENTER.

WASHINGTON, Sep. 8.—The Treasury Department, upon the request of Minister Romero, has granted permission for the Mexican Military Band to enter the United States and proceed to Portland, Ore., where this famous band will take part in the Oregon State Exhibition.

### THE UNITED STATES WILL GET THEM.

TORONTO, Sep. 8.—Forty families of destitute Jews, who had been expelled from Russia, arrived in this city by train from Montreal last night, and were met and taken care of by Rabbi Elzas and a number of monied and influential Hebrews of this place. This morning they were sent over on the Chicago to Lewiston and will be sent on to Buffalo and various points in the United States.

### AN AMERICAN WOMAN PARDONED.

WHEELING, Sep. 8.—Emperor William has pardoned Mrs. O'Neill, wife of Gen. O'Neill who claimed to have been an officer in the United States army, who shot and dangerously wounded her husband on May 24th last, and who has since then been in prison. Mrs. O'Neill will be at once released from confinement.

### AN INSANE PATIENT WOULD BE FREE.

BALTIMORE, Sep. 8.—John K. Nunan, a patient in Mount Hope Asylum, is seeking by an appeal to the courts to be released from his captivity. He is worth \$200,000, has an income of \$12,000 a year, is single and has no one dependent on him.

### FOURTH-CLASS POSTMASTERS NAMED.

WASHINGTON, Sep. 8.—Fourth-class postmasters have just been appointed in New York State as follows: N. Smith, at American Union, and J. Lumley, at South Edward.

## Dainty Foods Demand it.

### NEW YORK REPUBLICANS.

The State as Agreed Upon for the Rochester Convention.

ROCHESTER, N. Y., Sep. 8.—Everything is in readiness for the opening of the Republican State Convention tomorrow, and delegates are already beginning to arrive.

The Western Union has run 16 wires into convention hall for special service, and the Postal Telegraph have run as many more into the hall.

The slate agreed upon is said to be as follows:

For Governor, J. Sloat Fassett; Lieutenant-Governor, Philip Becker of Buffalo; Secretary of State, John W. Vrooman; Attorney General, Wm. A. Sutherland; Comptroller, Senator Ernstine.

Should Becker refuse the nomination for Lieutenant-Governor it will be offered to Wadsworth, and in the event of his refusal to McAlpin.

The platform it is stated will contain a hard money clause, favor reciprocity, endorse the administration, and there will be no high license.

Elaborate arrangements are being made for the celebration Wednesday night. There will be a big parade, and the Republican clubs of the city will march through Powers Hotel Hall. There will be a magnificent fireworks demonstration.

Heart disease is by far the most frequent cause of sudden death, which in three out of four cases is unsuspected. The symptoms are not generally understood. ## SAVAGES ON BOARD

Over 300 Gilbert Islanders on an American Brig.

### SECURELY LOCKED IN THE HOLD.

Taken from Their Homes to Work on Plantations as Slaves.

Federal Officials to Make an Examination To-day—Determined to Find Out the Facts About the Cargo of Human Freight—Fears Expressed that the Captain Will Slip Away.

SAN FRANCISCO, Sep. 8.—In Drake's Bay, ten miles from this city, lies the American brig Tahiti with 300 Gilbert Islanders securely locked in the hold.

The vessel put into that obscure port, the Captain says, because he wanted to repair damages by storm and he didn't want to be bothered by the curiosity seekers who would have swarmed over his boat in this harbor.

The destination of the Tahiti and her cargo of savages is San Benito, Mexico, where these poor beings are being taken ostensibly under contract to work on coffee plantations.

To those familiar with the history of the abuses that have been practiced on unfortunate islanders who have been conveyed from their homes in the past to work in other countries it will seem at least singular that so many of them are crowded on board an American brig lying in American waters.

It may be that the human cargo of the Tahiti will meet with better treatment in Mexico than their unfortunate countrymen have experienced elsewhere and that the Tahiti is engaged in legitimate traffic, but it is at least singular that the brig, when compelled to put into port from stress of weather, should have made for the isolated cove known as Drake's Bay, when the port of San Francisco was so near.

Federal officials were seen and Collector Phelps said he would send a tug to the brig this afternoon and ascertain just what was her cargo of living freight. Today the captains were changed, and fears are expressed that the brig may give the customs officers the slip.

Those familiar with the traffic say that these 300 Islanders are virtual slaves.

It is alleged that Marie Cole, a millaite, aged 22, was married to a 78-year-old colored pensioner named John J. Cole, while the latter was lying unconscious upon his death bed, and that the other prisoners conspired with her to obtain the continuance of Cole's pension after his decease.

### Gov Hill Says Goodby.

### Carmencita in Cincinnati.

CINCINNATI, Sept. 8.—Carmencita made her debut as a provincial star and inaugurated her first tour outside of New York at the Grand Opera House last night before an overflowing audience.
