"MUST BE DEFEATED."
 The Cobden club has declared a great many anathemas against the acts and interests of the American people, but in a sweet, seductive way, and it is not surprising now to learn the edict has gone forth from that influential free trade coterie that our McKinley "must be defeated." We shall see. Let us retain our composure, for the pronouncements of the Cobden club are not infallible. Many mistakes in dictation, in persuasive argument and in lucrative inducement have been attempted by this generous but aggrandizing British body to make division of interest and enmity between American capitalists and American laborers, as British statesmen did between the North and the South before and during our civil war, and as Satan did and is always doing between parties whose domestic relations should and which do require united action to preserve protective and prosperous conditions. Fortunately, there need be no fear—

McKinley will not be defeated! No power but death can defeat him. No emissaries, arguments, finances nor anything else of the Cobden club, or of all foreign powers combined, can defeat McKinley, and while we doubt not the correctness of the press dispatches on the authority of Hon. Mr. Dudley (and most certainly if he says so it is correct) that the Cobden club has appropriated \$100,000 to prevent a free and fair expression of the people of Ohio, we can retain our composure. For if the amount is manifolded one hundred times by foreign interests they cannot defeat McKinley. He is fighting on principle, for the protection of American industry and American prosperity. — *American Economist.*

A Safe Investment.
 Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised Druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs or Chest, such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc. It is pleasant and agreeable to take, perfectly safe, and can always be depended upon. Trial bottles free at C. H. Hagenbach's Drug Store.

Don't be Caught
 by "cut prices." Don't buy spurious imitations of Dr. Pierce's medicines at less than the regular prices, and think that you're saving money. You would be, if you could get the genuine guaranteed medicines in that way. But you can't. The genuine medicines are sold only through regularly authorized agents, and always have been, are, and always will be sold at these prices:

Dr. Pierce's Golden Medical Discovery (the remedy for all diseases arising from a torpid liver or impure blood), \$1 per bottle.
 Dr. Pierce's Favorite Prescription (for woman's weaknesses and ailments), \$1.00 per bottle.
 Dr. Pierce's Pleasant Pellets (the original and best Liver Pills), 25 cents per vial.
 Dr. Sage's Catarrh Remedy, 50 cents per bottle.

And they're worth that—they're worth more than that. They're the *cheapest* medicines you can buy, at any price, for they're guaranteed in every case to benefit or cure, or you have your money back. You pay only for the good you get. No other remedies of their kind are, or could be, sold on these terms.

Dealers not authorized to sell Dr. Pierce's genuine medicines may offer dilutions, imitations, or substitutes, at less than the prices given above. Beware of them.

MINING MATTERS

AN EXCELLENT PIECE OF WORK JUST COMPLETED.

SILVER CREEK SHAFT FINISHED.

A Brilliant Future for New Philadelphia and Vicinity—A New Supply of Coal for Fifty Years.

The people of New Philadelphia and vicinity are jubilant over the completion of the Philadelphia and Reading Coal and Iron Company's gigantic piece of work at Tucker's hill, a mile and a half from the town.

The Silver Creek shaft is completed. John H. Evans, the contractor of town, having reached the bottom, over 900 feet below the surface.

The shaft is second to no piece of mine work of the kind in this section of the state. Some are inclined to place the Shenandoah City colliery shaft, in town, on a par with it, but Mr. Evans, who also had the contract for the Shenandoah City work, says that the New Philadelphia shaft takes the cake, especially in the line of timbering. The Silver Creek shaft is timbered throughout with yellow pine, while the timber in the Shenandoah City shaft is of white pine and oak.

The Silver Creek shaft was started on the 22d day of February, 1890. It is 22 feet 6 inches long and 12 feet wide, inside the timbers. It is timbered from top to bottom with 12-inch square timber, the buntings being 12x9. At a depth of 365 feet the first vein (the orchid) was struck. The Primrose was struck at a depth of 450 feet; the Holmes at 575; the seven-foot at 750; the top split of the mammoth at 850; and the bottom split at 910. The bottom split is 600 feet below the old Tucker hill slope workings.

The shaft is constructed for two cages and a pump and air shaft. During the operations of a year and nearly seven months not one life has been lost. Not more than eight men were injured and none of them were incapacitated for work more than twenty days on account of the injuries.

The people of New Philadelphia and vicinity may well rejoice, for the completion of the shaft will inspire new life in that section. The work is one of the most important the P. & R. C. & I. Co. has under way. All the veins cut by the shaft are of excellent quality and will meet all demands for fifty years hence.

The P. & R. C. & I. Co. will develop the place at once. Work on large engine and boiler houses has already begun, and surveys have been made for the breaker, which will be a gigantic one.

The McKinley Picnic.
 The McKinley picnic is a most unique gathering, and Frank Leslie's *Illustrated Newspaper* this week tells of the strange incidents connected with it. Every one in Ohio and from Ohio should buy this number, while those who have never taken part in an Ohio campaign should buy a copy just to see what it looks like. The interest in Professor Totten's Millennium articles remains unabated, and the publishers now announce his seven articles for 40 cents. Arkell & Harrison have also become the agents for the professor's famous books on the Millennium.

All at the Fair.
 Shenandoah was liberal with its patronage of the Lavella fair to-day. All the trains on the P. & R. and Lehigh Valley railroads took large crowds. Among those observed boarding the trains were Squire A. J. Gallagher, Esq., Policemen Davies and Williams, Jacob Noll, Sam Major, W. J. Evans, Sanford Evans, Harry Keiper, M. E. Doyle, Henry L. Jones Tom McKeon, H. E. Dangler and R. H. Morgan.

A Yankee Sheriff Frightened.
 A well known sheriff, living in Maine, was given up to die with what his physician called Consumption, a friend advised him to try Par-Tina Cough and Consumption Cure, recovery followed, and the doctor now uses it for Coughs, Colds and Consumption. Trial bottles free at Kirila's drug store.

Mrs. E. Anstock was a visitor to Frackville to-day.

Major Heber S. Thompson was a visitor to town yesterday.

Albert Nixon is preparing to leave for Beaumont, West Virginia.

Prof. Geo. W. Pooler, of Pittsburg, is visiting his parents in St. Clair.

Mrs. E. C. Brobst, of North Jardin street, is visiting her parents at Minersville.

N. J. Owens, outside foreman at Indian Ridge colliery, returned with his bride from his wedding tour last night.

When you visit St. Clair to call on our old friend, William Pooler, consult the directory, as he has moved into his new dwelling.

An apology is due Mr. William H. Lewis, of Wm. Penn, for the mistake made in the mention of the clam bake yesterday.

Mrs. Harry M. Acker, wife of Shenandoah's progressive young merchant prince, is here for the week and is the guest of her parents, Mr. and Mrs. Wm. H. Bright—*Ashland Telegram.*

R. D. Schoener visited his two sisters at Reading yesterday, whose ages are 82 and 85 years respectively. Including his age, 80, would make combined ages of three 247 years. All three are in excellent health.

The Jr. O. U. A. M.
 At the state council of the Junior Order United American Mechanics, now in session at Uniontown, the following ticket was elected: State Councilor, Harry A. Heisler, of Philadelphia; State Vice Councilor, Charles A. Raymond, John W. Calver, of Philadelphia, the present State Council Treasurer, was unanimously re-nominated for that office. The report of the State Council Secretary shows an astonishing growth in the order during the past eighteen months. On December 21, 1889, there were 394 councils with a total membership of 48,854. On June 30, 1891, there were 658 councils with a membership of 67,959. Allowing for deaths, withdrawals and suspensions there has been a net increase in membership of 20,420 since January, 1890.

Natural Gas Scarce.
 The *HERALD* is indebted to Mr. George W. Pooler, of Pittsburg, who is visiting friends in this county, for information concerning the natural gas field in the western part of the state. Mr. Pooler says Pittsburg is getting to look as black as it was before the use of natural gas, which is getting scarce and high in price. All the manufacturers have discontinued its use and have taken up coal again for fuel. This is making the coal trade brisk. The cost of natural gas for a cooking stove to private families has gone up to \$35 a year. The first year the gas was put in use it cost \$7. The second year it went up to \$20, the third to \$25, the fourth to \$30 and now it has gone \$5 higher.

Duplex Checks.
 An order has been posted up in the Lehigh Valley offices and passenger cars to the effect that on account of the time lost in collecting fares on trains all persons who have no tickets will be charged ten cents in addition to the regular fare when paid on the train. A duplex check will be issued and the extra fare will be redeemed at any ticket office on the road.

Suppers.
 A supper will be held in Robbins' opera house on the evening of October 6th, under the auspices of the English Baptist church, and on October 20th a supper will be held at the same place under the auspices of the Ladies' Aid Society, No. 13, of the Sons of Veterans.

Merit Wins.
 We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Booklen's Arsenic Salve and Electric Bitters, and have never had a single complaint that we have not given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. C. H. Hagenbach, Druggist.

Kickapoo, See?
 The other evening a man slightly under the influence of some beverage ran up against one of the Indians at Robbins' opera house and said, "Look out I'll kick you." The Indian smiled as he answered with the query, "You would not kick a poor Indian, would you?" 9-17-11

THE BATTLE IS ON

FIRST GUN FIRED IN THE NEW YORK STATE CAMPAIGN.

FASSETT SPEAKS AT BROOKLYN

Hon. Roswell Flower Talks About Democratic Issues—He Leaves Saratoga This Morning for Watertown.

New York, Sep. 17.—The first gun of the campaign in this State was fired last night by J. Sloat Fassett himself at the Union League club house in Brooklyn.

Shortly after 9 o'clock Mr. Fassett and Mr. Vrooman went to the Union League where they found at least 15,000 persons gathered around the building. The gentlemen were enthusiastically cheered, and when Mr. Fassett stepped on the platform to address the crowd the cheering was renewed and lasted many minutes. When the applause had subsided Mr. Fassett delivered a short speech.

"Gents, I am glad to see you all, and to salute the men who will do the work of the campaign just opened, and who have the destiny of the great Empire State in their hands. I bring a message of greeting and congratulation from Erie County. Everything is assured there. From Buffalo I have come to Brooklyn and, from an alphabetical standpoint, I have started out well.

"The Democratic Convention in Saratoga has been making it easy for you to win. They have said: 'No man from Kings County need apply.' The Republican party put its arms around a man from Kings County, and the party is going to carry him to victory. Tammany Hall must set its seal of approval upon everything done by the Democratic party of this State. Croker, Murphy, Sheehy—these three, the triumvirate, will not be tolerated. It was a triumvirate that ruined ancient Rome, and we will not let it ruin us. Kings County, just across the river, is a perpetual menace to Tammany Hall, and I do not think you will surrender to it now."

At the conclusion of Mr. Fassett's remarks, Wm. H. Vrooman made a short address. The party then went inside the club house, where they found nearly 2,000 persons assembled. Mr. Fassett's address here was practically the same as delivered outside, with some elaboration.

SARATOGA DESERTED.
 Hon. Roswell P. Flower Leaves This Morning for Watertown.

SARATOGA, N. Y., Sep. 17.—Saratoga is a deserted village this morning. All the delegates to the Democratic State convention left town before midnight.

Hon. Roswell P. Flower, the candidate for Governor, remained at the Grand Union all night and left for Watertown this morning. Before departing for home Mr. Flower said to a reporter that the plan of campaign was in the hands of the State Committee. "I have my own ideas on the subject of course," he said, "but I will not discuss them. I will consult with the committee in the arrangement, but nothing will be decided until it holds a meeting. The principal issues of the campaign? Oh, the World's Fair, but wait and you will see."

Mr. Flower intimated that he would not make a personal canvass of the State. He sent to the Secretary of State his resignation as a member of Congress.

The following is the ticket nominated by the convention:
 For Governor—Roswell P. Flower.
 For Lieutenant-Governor—Wm. J. Sheehan.
 For Secretary of State—Frank Rice.
 For Comptroller—B. Frank Campbell.
 For Attorney-General—Simon W. Rosendale.
 For Treasurer—Eliot Danforth.
 For State Engineer—Martin Schenk.

"The platform was in substance as follows:
 The Democratic party of the State of New York renounces the pledges of its fidelity to Democratic faith, and as regards National issues, reaffirms the doctrine of the National platform of 1854 and 1856.

We now, as then, steadfastly adhere to principles of sound finance. We are against the issuing of any dollar which is not of the intrinsic value of every other dollar of the United States.

We demand a revision of the various statutes regulating the sale of intoxicating liquors and the enactment of a just, equitable and comprehensive excise law.

We demand an extension of electoral reform with a view to preventing the profuse expenditure of money by candidates and political committees.

We favor a revision of the tax laws whereby personal and corporate property shall be made to bear its full and just burden.

We heartily endorse the able and statesmanlike administration of Gov. Hill during his seven years as chief executive of the State.

Edward Murphy, jr., was elected chairman of the State Committee, Samuel Boardly secretary, William B. Kirk treasurer, and C. R. DeForest clerk.

Great Time at Watertown.
 WATERTOWN, N. Y., Sep. 17.—Gongs and whistles were sounded, guns were fired and flags raised here over the nomination of Hon. Roswell P. Flower for Governor. Crowds gathered in the public places and there was a general excitement among all classes throughout the city. Over the Democratic headquarters a banner bearing the name R. P. Flower was hoisted. Arrangements are being made for a reception and a big demonstration on Mr. Flower's arrival home. There is great satisfaction in this city over the nomination.

PROGRESS IS NOT AN ACCIDENT.
 Or a product of art, but a necessary phase of nature, like an opening flower, said Herbert Spencer. So Dactus Blood Cure was evolved from the necessity for relief from the terrible scourges of scrofula and specific diseases. Science now admits that it only is able to neutralize these blood taints and restore health.

FIGHT IN A STORE.

Clotlier Coffee Sullivanzes Isadora Lauterstein.

Last night Isadora Lauterstein walked into J. Coffee's clothing store on South Main street. Mr. Coffee told her to go out and he would do so when he got ready. Coffee grabbed Lauterstein by the lapel of the coat and Lauterstein got a grip on Coffee's throat, and there was a battle. During the fight two tables were broken. Lauterstein, who was the smaller man, faced the worst. Coffee held him down upon a table and put in a score or more of rib roasters. The fight wound up by Coffee grabbing hold of Lauterstein's hair and leading him to the street. The latter then had Coffee arrested for assault and battery. A hearing was waived and \$150 bail for trial was furnished. Max Goldman also had Coffee arrested for assault and battery and \$100 bail was furnished. Coffee says that Goldman was an eye witness of the battle and was not touched. He says that Lauterstein and Goldman have a grudge against him.

TOOK POISON BY MISTAKE.
 A Prominent Troy Lawyer Dies in Terrible Agony in a Drug Store.

TROY, N. Y., Sep. 17.—Gerald Borden, a prominent young lawyer of this city, while on his way to the theatre, last night, accompanied by a young lady, called at a Congress street drug store, and while the clerk was drawing a glass of soda for the young lady, Mr. Borden went behind the counter to a shelf where he had placed a bottle of wine of cocoa for his own use.

He filled a glass with what he supposed was the wine. In 15 minutes he was dead. He had mistaken a carbolic acid bottle for the one containing his wine and had drunk down a full glass of the poison. He was in terrible agony during the 15 minutes.

AN INDIGNANT GOVERNOR.
 Maryland's Executive Protests Against an Audacious Kidnapping Case.

ANNAPOLIS, Md., Sep. 17.—Gov. Jackson has sent a telegram to the Governor of Pennsylvania informing him of the audacious kidnapping of Albert A. Marshall, of Towson, by A. B. Donaldson and James McPeely, of Pennsylvania, who carried their captive by force into the State of Pennsylvania, where he now is in jail at Hollidaysburg.

The Governor calls attention to this deliberate defiance of law, and says that as a requisition is apparently not the proper remedy, he calls upon Pennsylvania's executive for such relief as he may find it in his power to afford.

Accidental Drowning or Suicide.
 LYNN, Conn., Sep. 17.—Miss Anna Conner, aged 30, the laughing of a Chicago merchant, was found drowned here, her empty boat being also found near by. She was to have left for home to-day to prepare for her wedding next month to a prominent young society man of Milwaukee. For the past two or three days she had exhibited symptoms of melancholia. Her friends claim that the drowning was accidental, but there are circumstances pointing to suicide.

Striking Poles Make Threats.
 HUNTINGDON, Pa., Sept. 17.—At Orionville about 100 poles, employed in the mines and furnaces of the Rock Hill Iron and Coal Company, struck against the company's order reducing wages, and made threats of violence if their demands were not complied with. The company is firm. The furnace fires have been banked and over 500 men are idle.

Suits Brought Against Newspapers.
 HARRISBURG, Pa., Sept. 17.—The attorney-general has brought suits against the Philadelphia Press, Inquirer, News, German Democrat, North American and Evening Bulletin to recover the sums of money alleged to have been paid as rebates to the persons who procured for them advertisements of the Mercantile Appraiser's lists.

Colored Women For the School Board.
 BOSTON, Sep. 17.—The action of the colored women in this city in placing in nomination for the School Board Miss Alice Miller, a young colored woman, is causing much talk. The colored people appointed committees to make a complete house-to-house canvass and bring out as large a woman vote as possible.
