A PROTECTIVE tariff will not cure all the ills of the body politic and was never expected or designed to do so, but for the cure or prevention of one specific disease, to wit—pauperization of the laborer—it is and always will be an essential ingredient, until the labor of the world is lifted to a common plane of intelligence, comfort and independence.—*Ablion W. wealth creating power of a man earning one dollar. 4th.—That unrestricted foreign competition would destroy our industrial independence, reduce the wages of labor, shrink the volume of internal trade, deplete our national wealth, enrich Europe and ruin us—hence I am a protectionist."

As to all articles of necessity, such as are consumed daily by the great mass of the people, protection is not applied to them in order to increase the price of them to the final consumer, and he who asserts that it is, either does not understand its workings or intends to deceive. Protection is, on the contrary, applied to these articles to reserve the home market to the competition of home producers, which always has the effect to cheapen such goods.

## BOROUGH DADS!

THEY HELD A REGULAR MEETING LAST NIGHT.

SOME GOOD WORK ON THE STREETS

The New Committee on Highways Means Business—Claims for Damages Considered—It Was a Lengthy Session.

Eleven councilmen of the borough were in business session until eleven o'clock last night. They were Messrs. Gable, Beteridge, Holman, Hopkins, Amour, Cookley, Scheiffy, Wurm, Devers, Lamb and Ports.

Michael O'Hara, the liveryman, presented a claim for damages amounting to \$7. About two weeks ago County Commissioner Bows hired a horse from Mr. O'Hara and the animal was injured by falling into an unprotected ditch opened for a drain on South Main street. Mr. O'Hara made claim for loss of the horse's service, veterinary surgeon's fees, and damage to harness. The bill was referred to the law committee.

President Gable said he would expect every member of the street committee to make a report on the condition of the streets and the work performed since the last meeting. Mr. Holman reported the improvement of the roads on East Coal street and at Turkey Run. He said the people at the latter place are particularly well satisfied. The laying of a new crossing at Main and Oak streets was also reported.

Mr. Scheiffy had no report to make. He said he was out of town most of the time. Mr. Ports was not present when the reports were called for.

Mr. Cookley reported that the stone crusher had been put in working order and was doing well.

Mr. Wurm recommended that council make provision for laying a water pipe to the crusher to feed the boiler.

Mr. Gable said that according to his figuring it was costing about 60 cents a ton to put the rock upon the streets. Mr. Wurm said with better facilities for securing water he thought crushed stones could be put on the streets for about 40 cents a ton.

Mr. Lamb moved that the street committee take steps for a water supply and that bids for quarrying, crushing and delivering stone on the streets be advertised for. The motion carried.

The 800 feet of new cotton hose has arrived. The fire apparatus committee was instructed to have the hose tested.

The finance committee was instructed to let council know at the next meeting how much money has been spent on the streets. From figures at hand last night it appears that the expenditures made by the old committee for street work alone amount to \$3,289.93. The appropriation made for the work for the year was \$3,500. The stone crusher has cost thus far \$1,182.08, and is not included in the street expenses, but is taken from an independent fund of \$1,500.

Mr. Devers said residents on East Lloyd street wanted to know if the borough would be responsible if the pavements on the square between Bowers and Emprick streets should be raised to the grade given by Surveyor Boddall. Mr. Cookley said he did not understand that the people wanted to raise the pavements, or that council wished it. The raising of the pavements, he said, would work a hardship on a number of poor people on the square. Council decided that a common sense grade should be used on that square and the pavements must be arranged accordingly. Mr. Hopkins complained that George F. Leitzel not only violated the resolution of council against the emptying of out-houses in day time, but also grossly insulted ladies who complained of the condition in which he left the premises.

Chief Burgess Lessig was asked why he did not call upon Mr. Leitzel in regard to the matter when Mr. Hopkins instructed him to do so. The Burgess says that he misunderstood Mr. Hopkins and could not find Leitzel.

The Burgess was about to be fined \$5 for neglect of duty, but a motion was made to remit the fine with a warning that the next neglect of duty will not be overlooked.

The claim for \$128 damages by Joseph S. Townsend, for injuries sustained by falling upon the pavement in front of Robbins' row, on East Coal street, was reported upon by the law committee and it was decided, upon reading the evidence gleaned by the committee, that Mr. Townsend must bring suit. Council does not consider the claim a good one.

A petition from residents of the vicinity of White and Coal streets, praying that a street light be placed there, was read. About four or five years ago council adopted a motion providing for a light at that corner. As soon as the petition was read a motion that the old resolution be rescinded was carried. Council is of the opinion that the electric lights at the Main, Bowers and Lloyd streets corners are plentiful for that section of the town and that

it is the trees that make the section complained of so dark.

The Supervisor was instructed to have all large stones lying upon the public streets broken, no matter who owns them.

The Chief Burgess was instructed to notify the property owners on White street, between Centre and Oak streets, to pave and gutter.

There was considerable discussion over a bill for \$205.57 for purchasing a screen of the Tamsius man for the stone crusher and putting it in working order.

Mr. Gable declared that the screen business was an outrage. Mr. Lamb said that while he thought the members of the street committee who contracted the bill should feel ashamed, he thought the best policy would be to pay the bill and allow the evils of the past to sink into forgetfulness. The bill was paid.

Council then adjourned, but before leaving the room President Gable produced the flag that was hoisted when the stone crusher was first tested. The flag is inscribed:

The Dandy Big 4.  
F. J. P., P. D. A.  
J. K. P. S., D. H. L.

Mr. Gable tacked the flag up on the wall under a tag inscribed, "In memory of the Big 4. Gone but not forgotten."

Mr. Ports made a vigorous kick for 75 cents be paid to have the flag painted, but Mr. Gable overruled the demand.

## Warren Sentenced.

Richard Warren was tried at Pottsville yesterday on a charge of raping a little girl of town. The jury to-day returned a sealed verdict finding the accused guilty and he received a sentence of "three years imprisonment, fine and costs." Chief of Police Amour worked up the case against the accused and the result is, of course, highly gratifying to him.

## ELOPEMENT SEQUEL.

William Bankes and Mrs. Hollenbach Back Again.

One day last week William Bankes and Mrs. Louisa Hollenbach, wife of Moses W. Hollenbach, eloped from town. The woman is about 45 years of age and has a large family. She has two or three children married. Bankes is about 35 years of age and is also married, but does not live with his wife.

Constable Boland followed the couple to McCanley Mountain, Columbia county, and found them walking along a lonely road, linked arms, at midnight on Wednesday. Bankes was arrested on a charge of adultery and brought to town yesterday. He was given a hearing before Squire Monaghan last night.

Mrs. Hollenbach's children gave damaging testimony. They were eye witnesses of revolting conduct on the part of the couple before the elopement. It seems that Bankes was a boarder in the Hollenbach household. When the husband and children remonstrated with Mrs. Hollenbach on account of her conduct with Bankes it is said the woman declared that she would leave the house if her paramour had to go. Bankes spent the night in the lockup and this morning William Neiswender furnished bail for him.

Mrs. Hollenbach, who is stopping with friends in town, declares she will not return to her family.

When the couple went to McCanley Mountain, Bankes stopped with his mother, while Mrs. Hollenbach secured a position as housekeeper with a farmer.

## We Have Them Here.

An exchange says, one of our farmer friends, whose only fault is that he is a Democrat—and he is not to be blamed for that, for his father before him was dyed in the wool, and he never reads the newspapers—came to town one day this week to buy some sugar. His good wife was putting up fruit, and she needed about fifteen pounds of sweetness. The dialogue in the grocery ran about as follows:

Farmer—"What are you doing, young man?"  
Clerk—"Waiting on you. Weighing out your sugar."

Farmer—"How much are you giving me?"

Clerk—"A dollar's worth."

Farmer—"Yes, I know; but how many pounds?"

Clerk—"Twenty-four."

Farmer—"Twenty-four! Why it used to be only fourteen."

Clerk—"Yes, but McKinley did it."

Farmer—"Well, run her back and give me only fourteen pounds. If I took home twenty-four pounds of sugar for a dollar the old woman would make me vote the Republican ticket, and I'll hang if I'll do that."

LIEUT. GOVERNOR JONES WILL BOLT THE NOMINEE.

STATEMENT OF HIS REASONS.

The People's Interests Sacrificed and the Democratic Party Jeopardized—An Open Letter to the Press.

BINGHAMTON, N. Y., Sep. 18.—Lieut. Governor Jones has furnished the following for the press:

"Being requested by the press to announce my intentions relating to the nominations of the Saratoga Convention, I would say that my political action has always been controlled by my sense of duty as a citizen, never recognizing conflicting party obligations.

"Believing, in this instance, that not only have the interests of the people been sacrificed, but the existence of the Democratic party jeopardized, for behind the nominations and in absolute control of the party, are men whose every sentiment of patriotism is subject either to their personal ambition or their selfish greed, and the administration of public affairs is shaped to perpetuate their rule.

"So complete is the power of these men and so dictatorial have they become that members of the party are but so far as political action is concerned.

"Continued subservience but makes the condition too degrading to be quietly borne by American citizens. There is but one way to dislodge usurpers. The temporary defeat of the party will be harmless compared with the effects of their control.

"For the welfare of the State and in the interest of the Democratic party to me my duty appears clear, which is to oppose the election of the nominee of the Saratoga convention to such extent as may be within my power and in such manner as may seem best to accomplish that purpose."

## RECEPTION TO MR. FLOWER.

The Democratic Nominee for Governor Given a Welcome to Watertown.

WATERTOWN, N. Y., Sep. 18.—Hon. Roswell P. Flower arrived here at 8:35 last evening and was greeted by 8,000 citizens who had turned out to welcome him home.

He was met at the railroad station by a brass band and was escorted to his carriage. The crowd unhitched the horses and some of the leading business-men of the city drew the carriage to Mr. Flower's residence where ex-Congressman Lansing, of this city, welcomed him in a short congratulatory speech, in which he said the demonstration was not a partisan affair, but was one in which all of Mr. Flower's old neighbors joined, irrespective of politics.

W. D. McKinstry, of the Watertown "Times," welcomed Mr. Flower in behalf of the press.

Mr. Flower then, in a short address, thanked the citizens for their friendly greeting, and expressed his pleasure that their welcome was not extended in a political sense. He spoke of his knowledge of the importance and responsibility of the office of Governor, and said that all the promise he would make, that if elected, which he thought would be, he would endeavor to advance the welfare of the State.

After the speech Mr. Flower shook hands with the people for fifteen minutes and was then driven to the Union Club, where a number of leading citizens of both parties gave him a reception.

## Nominee Campbell Welcomed Home.

BATH, N. Y., Sep. 18.—A large crowd, elaborately decorated business houses, a torchlight procession, fireworks and innumerable bonfires welcomed Frank Campbell, the Democratic candidate for Comptroller, on his arrival from Saratoga last night. He received his friends at his residence on liberty street, and made a brief but cheerful address.

## Pleased at Hendricks' Appointment.

SYRACUSE, N. Y., Sep. 18.—The news of Senator Hendricks' appointment to the office of Collector of the Port of New York was received here with expressions of rejoicing and satisfaction. The opinion of everybody was that an honorable and responsible office had fallen to a worthy and loyal partisan.

## Congratulations for Flower.

WATERTOWN, N. Y., Sep. 18.—A number of letters and telegrams of congratulation have been received during the past twenty-four hours by Roswell P. Flower, the Democratic nominee for Governor, among them one from ex-President Cleveland.

## Fassett Addresses Two Meetings.

NEW YORK, Sep. 15.—J. Sloat Fassett, Republican candidate for Governor, addressed two large meetings in this city last evening, one at Hardman Hall, Fifth avenue and 17th street, the other at the Grand Opera House Hall.

## Big Hat Failure.

DANBURY, Conn., Sep. 18.—Nichols & Moul, one of the largest and oldest felt hat manufacturing firms in the United States, have assigned. The failure, which is one of the heaviest that has occurred in this city, has created a sensation. The liabilities and assets of the firm will not be known before Monday.

## MAHANOY PLANE.

Noway Letter From a Reliable Correspondent.

Joseph H. Hunk, one of the proprietors of the *Saturday Night Review*, was in town Tuesday looking after the interests of his paper.

Rev. W. F. Loughran, pastor of St. Mary's church, this place, is reported to be very ill with typhoid fever in Philadelphia. Gen. Kelly, "knight of the north," and C. Fitzer, one of "Uncle Sam's" knights of the mail bag, paid their respects to Frackville on Thursday, and viewed the work now in progress on the electric light company's buildings.

Some mischief was broke into the stable of Butcher Wm. Hedfner, last Sunday night, and nearly ruined a fine set of harness by slashing it with a knife. If caught, the scamp will be severely dealt with.

A lad named Cook, employed as a state picker at West Bear Ridge, was slightly injured about the lower limbs and body by falling off the roof of the coal pockets on Wednesday. It is the habit of the picker boys at quitting time, to scramble out on to the roof and jump off the lower edge into a pile of the coal below. It would be well to have the practice stopped before it results in something more serious than the above mentioned accident.

The Lavelle fair at Ashland is attracting a great many of our town people.

The following letters remain un-called for in the post office at Mahanoy Plane, Pa., Sept. 17, 1891: C. McCabe & Co., A. V. Benoit, Robert Curry, Mainville—Victor Burchill, Thomas McAvoy.

## TO IRISH AMERICANS.

An Address From the Irish Republican League of Illinois.

For years the Democratic party has claimed that all American citizens who were born in Ireland, or who are of Irish descent, were of right members of the Democratic party. This claim is as unfounded in fact as it is unreasonable in expectation. But a lie constantly told sometimes acquires the respectable appearance of truth. We deem it a duty to expose this lie.

We, or our ancestors, came to the United States to secure the liberty denied in Ireland. That necessity was imposed upon us by the same power which established slavery in the United States, and which tried to destroy the Union and to establish a slave-holding confederacy on the ruins of our free Republic. That same enemy destroyed the commerce of Ireland and reduced it from a promising manufacturing to a despondent agricultural nation. All that it has done in Ireland it would do in the United States could it obtain the power. It sympathizes and its aid were given to secure the election of Grover Cleveland, whose only significant official acts were an assault on American industries, and a series of attacks, in some cases marked by his peculiar bitter wit, on the unfortunate defenders of the nation, who were wounded in the performance of the duty for which he hired a substitute. Since the Union could not be destroyed by the men who bought and sold human flesh and blood, the next best thing for England is to destroy its manufactures.

Shall we who come here for liberty aid the party of slavery? Shall we, who came from a land which England impoverished by annihilating its manufactures, aid the Democratic party in doing England's work by destroying American industries?

Shall we be idle while the great Republican party is seeking by Reciprocity to cement all the Republics on this Continent so closely as to secure the permanent and exclusive establishment of Republican institutions over every foot of American territory?

The future of the Republican party can be made as glorious as its past. We sincerely believe the great common sense of the American people, their devotion to freedom and justice and their perfect understanding of the proposition that a nation in order to be free and prosperous must have diversified industries, will secure the triumph of American manufactures and American Reciprocity in the struggle of 1892.

It ought to be the ambition of every right thinking man of our race to aid in this triumph.
